#### Notice Pursuant to the National Cooperative Research and Production Act of 1993—Intelligent Maintenance Advisor for Turbine Engines (IMATE)

Notice is hereby given that, on March 2, 1998, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* ("the Act"), GE Aircraft Engines (GEAE) has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) the identities of the parties and (2) the nature and objectives of the venture. The notifications were filed for the purpose of invoking the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Pursuant to Section 6(b) of the Act, the identities of the parties are General Electric Company, acting by and through GEAE, Cincinnati, OH; General Electric's Corporate Research and Development Division, Schenectady, NY; Lockheed Martin Company, Bethesda, MD, acting by and through its Control Systems Division, Johnson City, NY; Oceana Sensor Technologies, Inc., Virginia Beach, VA; Applied Research Laboratory of Penn State University, State College, PA. The nature and objectives of the venture are to implement Cooperative Agreement

No. MDA972-98-3-002, sponsored by the Defense Advanced Research Projects Agency. The technical objective of this program is to design and test a condition-based intelligent maintenance advisor for turbine engines in order to reduce cost of service, improve maintenance planning, and minimize unnecessary component removals. In addition, the IMATE program will provide the technologies needed for developing the global, propulsion asset-management infrastructures.

#### Notice Pursuant to the National Cooperative Research and Production Act of 1993 Michigan Materials and Processing Institute

Notice is hereby given that, on February 9, 1998, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* ("the Act"), the Michigan Materials and Processing Institute ("MMPI") has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing changes in its membership. The notifications were filed for the purpose of extending the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances.

MMPI has been merged into the National Center for Manufacturing Sciences ("NCMS"). NCMS is the surviving corporation, and the separate legal existence of MMPI has ceased (except as it may be continued by operation of law), as of December 31, 1997. Membership in this group research project is no longer open, and organizations interested in university/industry cooperative projects involving polymer and polymer composites are referred to NCMS.

On August 7, 1990, MMPI filed its original notification pursuant to Section 6(a) of the Act. The Department of Justice published a notice in the **Federal Register** pursuant to Section 6(b) of the Act on September 6, 1990, 55 Fed. Reg. 36710. The last notification was filed with the Department on December 16, 1997. A notice was published in the **Federal Register** pursuant to Section

6(b) of the Act on February 27, 1998, 63 FR 10041.

#### Notice Pursuant to the National Cooperative Research and Production Act of 1993; National Media Laboratory Strategic Alliance

Notice is hereby given that, on December 19, 1997, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* ("the Act"), the National Media Laboratory Strategic Alliance has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) the identities of the parties and (2) the nature and objectives of the venture. The notifications were filed for the purpose of invoking the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Pursuant to Section 6(b) of the Act, the identities of the parties are Minnesota Mining and Manufacturing Company ("3M"), St. Paul, MN; Ceridian Corporation, acting through its Computing Devices International Division, Bloomington, MN; Ampex Data Systems Corporation, Redwood City, CA; Imation Corporation, Oakdale, MN; Lucent Technologies, Inc., Murray Hill, NJ; Motorola, Schaumburg, IL. The name of the venture is the "National Media Laboratory Strategic Alliance", and was entered on November 4, 1997. The nature and objectives of the venture are to perform research and development in the area of information technologies and provide prototype solutions necessary to support military and intelligence community requirements. Some of the information technologies covered include high bandwidth information communication, compression, computing displays, information processing, records management, on-line interactive training, assisted target recognition, multi-media databases, data architectures, storage media, and storage devices.

Membership in the Consortium will remain open and the Consortium will

file additional written notifications disclosing all changes in membership.
