## FEDERAL COMMUNICATIONS COMMISSION

### Notice of Public Information Collection(s) Submitted to OMB for Review and Approval

Smith at 202-418-0217 or via internet at [lesmith@fcc.gov](mailto:lesmith@fcc.gov).

**SUPPLEMENTARY INFORMATION:**

*OMB Approval Number:* 3060-0815.

*Title:* North American Numbering Plan Funding Worksheet.

*Form Number:* FCC Form 496.

*Type of Review:* Revision of a currently approved collection.

*Respondents:* Business and other for-profit entities.

*Number of Respondents:* 3,700.

*Estimated Time Per Response:* 0.5 hours.

*Frequency of Response:* Annual reporting requirement; Third party disclosure.

*Total Annual Burden:* 1,850 hours.

*Cost to Respondents:* \$0.

*Needs and Uses:* Pursuant to Congress' directive in the Telecommunications Act of 1996 that the FCC establish an independent entity to administer telecommunications numbering, the Commission determined on July 13, 1995, that the costs associated with administering numbering duties should be based on each telecommunication carrier's gross revenues less payments made to other carriers. The costs NANPA incurs from establishing telecommunications numbering administration arrangements and other numbering portability are to be borne by all telecommunications carriers on a competitively neutral basis. 47 USC Section 251(e)(2). Section 52.16(b) of the Commission's rules require the Billing and Collection agent to design a standard reporting worksheet to collect information for assessment calculations from carriers and to distribute it to carriers.

We propose to authorize the North American Numbering Plan Administrator's (NANPA) billing and collections agent to send the attached form requesting that telecommunications carriers provide information regarding their yearly gross revenues less payments made to other telecommunications carriers. The form has been simplified. The 1999 edition of the form does not require that carriers compute the amount they are to send in to fund the NANPA. Instead, the carriers will receive a bill from NANPA's Billing and Collection Agent for payments in February 1999. The Commission and the NANPA's billing and collection agent will use the information collected in the worksheet to determine the total revenue received from telecommunications carriers in order to arrive at an amount that each carrier must pay to fund the NANPA.
