## FEDERAL COMMUNICATIONS COMMISSION

### Notice of Public Information Collection(s) Submitted to OMB for Review and Approval

July 28, 1998.

**SUMMARY:** The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act of 1995, Pub. L. 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated information techniques or other forms of information technology.

**DATES:** Written comments should be submitted on or before September 3, 1998. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

**ADDRESSES:** Direct all comments to Les Smith, Federal Communications, Room 234, 1919 M St., NW, Washington, DC 20554 or via internet to [lesmith@fcc.gov](mailto:lesmith@fcc.gov).

**FOR FURTHER INFORMATION CONTACT:** For additional information or copies of the information collections contact Les

Smith at 202-418-0217 or via internet at [lesmith@fcc.gov](mailto:lesmith@fcc.gov).

**SUPPLEMENTARY INFORMATION:**

*OMB Approval Number:* 3060-0815.

*Title:* North American Numbering Plan Funding Worksheet.

*Form Number:* FCC Form 496.

*Type of Review:* Revision of a currently approved collection.

*Respondents:* Business and other for-profit entities.

*Number of Respondents:* 3,700.

*Estimated Time Per Response:* 0.5 hours.

*Frequency of Response:* Annual reporting requirement; Third party disclosure.

*Total Annual Burden:* 1,850 hours.

*Cost to Respondents:* \$0.

*Needs and Uses:* Pursuant to Congress' directive in the Telecommunications Act of 1996 that the FCC establish an independent entity to administer telecommunications numbering, the Commission determined on July 13, 1995, that the costs associated with administering numbering duties should be based on each telecommunication carrier's gross revenues less payments made to other carriers. The costs NANPA incurs from establishing telecommunications numbering administration arrangements and other numbering portability are to be borne by all telecommunications carriers on a competitively neutral basis. 47 USC Section 251(e)(2). Section 52.16(b) of the Commission's rules require the Billing and Collection agent to design a standard reporting worksheet to collect information for assessment calculations from carriers and to distribute it to carriers.

We propose to authorize the North American Numbering Plan Administrator's (NANPA) billing and collections agent to send the attached form requesting that telecommunications carriers provide information regarding their yearly gross revenues less payments made to other telecommunications carriers. The form has been simplified. The 1999 edition of the form does not require that carriers compute the amount they are to send in to fund the NANPA. Instead, the carriers will receive a bill from NANPA's Billing and Collection Agent for payments in February 1999. The Commission and the NANPA's billing and collection agent will use the information collected in the worksheet to determine the total revenue received from telecommunications carriers in order to arrive at an amount that each carrier must pay to fund the NANPA.
