

businesses that have sought information or assistance from the CPSC's small business ombudsman; and (6) other individuals CPSC is providing information to, such as those through the CPSC's Office of Information and Public Affairs.

The information will be used by the CPSC Office of Planning and Evaluation to prepare sections of the agency's annual performance report (required by the GPRA). This information will provide measures of the quality and effectiveness of agency efforts related to three goals in its strategic plan (informing the public, industry services, and customer satisfaction). Also, the information will be used to guide improvements in initiatives related to the "Conversation with America" program. If this information is not collected, the Commission would not have useful measures of its effectiveness in providing useful services to consumers and others, and information necessary to guide program development would not be available.

## B. Estimated Burden

The surveys and other information collection activities would be conducted by various methods, including contractors or in-house staff. They may be by (1) amending CPSC's web site's comment page, "Talk to Us/Tell Us What You Think," to solicit feedback on the level of satisfaction with CPSC's services, (2) the periodic use of brief customer service follow-up queries (on-line) with samples of telephone hotline callers, (3) surveying a sample of firms using the Fast-Track Product Recall Program to assess their views and suggestions for improvements in the service aspects of the program, (4) including customer comment cards within the pages of the *Consumer Product Safety Review*, and (5) conducting mail surveys of state partners and samples of customers of the National Injury Information Clearinghouse. Fewer than 10 customer surveys or information collection activities a year would be conducted using this clearance.

The Commission staff estimates the number of annual respondents to be about 1,550. Among the anticipated sources and annual respondents are:

Sources	
Web site .....	500
CPS Review .....	100
Recall Round-ups .....	100
Hotline .....	300
National Injury Information Clearinghouse .....	300
Small Businesses .....	100
State Partners .....	50

Fast Track Product Recall Program	100
	1,550

The average time needed for each response is estimated at two minutes. Thus, the annual time burden would be about 3,100 ( $2 \times 1,550$ ) minutes or 51.7 hours. Using \$12 an hour (the average hourly wage for all private industry workers, according to the 1996 edition of the *Statistical Abstract of the U.S.*) times 51.7 hours, the cost would be negligible (a total of about \$620 per year).

For CPSC staff, the average time needed to process each response is estimated at five minutes. Thus, this information collection activity would require about 7,750 ( $5 \times 1,550$ ) minutes or 129.2 hours per year. Based on the average hourly Commission salary of \$37.37, the 129.2 hours of CPSC staff time would be valued at about \$4,828.

## C. Requests for Comments

The Commission solicits written comments from all interested persons about the proposed surveys. The Commission specifically seeks information relevant to the following topics:

- Whether the surveys described above are necessary for the proper performance of the Commission's functions, including whether the information would have practical utility;
- Whether the estimated burden of the proposed collections of information are accurate;
- Whether the quality, utility, and clarity of the information to be collected could be enhanced; and
- Whether the burden imposed by the collection of information could be minimized by use of automated, electronic or other technological collection techniques, or other forms of information technology.

**SUPPLEMENTARY INFORMATION:** On June 2, 1997, at 62 FR 29714, the Consumer Product Safety Commission published notice of four new systems of records, including one designated as CPSC-7 and one designated as CPSC-18 in the mistaken belief that two no longer active systems of records with those same designations had been removed and their designations reserved. ## DEPARTMENT OF EDUCATION

### Notice Establishing Deadlines for Submission of Requests for Waivers and Waiver Extensions That Would Directly Affect School-Level Activities

**ACTION:** Notice establishing deadlines for the submission of requests for waivers and waiver extensions that would directly affect school-level activities.

**SUMMARY:** In this notice, the Acting Deputy Secretary establishes deadlines for the submission of previously granted waivers and for the submission of new waiver requests under sections 14401 and 1113(a)(7) of the Elementary and Secondary Education Act of 1965 (ESEA), section 311(a) of the Goals 2000: Educate America Act, and section 502 of the School-to-Work Opportunities Act of 1994.

**DATES:** Except in extraordinary circumstances, the following deadlines apply to requests for waivers or waiver extensions affecting school-level activities:

Requests for waivers that would be implemented in the semester immediately following January 1, 1999 must be submitted no later than October 1, 1998.

Requests for waivers that would be implemented in the beginning of the 1999-2000 school year must be submitted no later than April 1, 1999.

These deadlines apply only to waivers that would directly affect school-level activities. For example, the deadlines would apply to requests for waivers of the Title I targeting provisions or of the minimum poverty threshold required for implementation of a schoolwide program. However, the deadlines would not apply to waivers of requirements relating to the consolidation of administrative funds.

**SUPPLEMENTARY INFORMATION:** Waiver applicants are encouraged to submit their requests as early as possible and not wait until the deadlines to seek

waivers. The requests will be reviewed upon receipt.

For purposes of this notice, the submission date is the date that the waiver request is received by the U.S. Department of Education (Department) in substantially approvable form. A waiver request is considered to be in substantially approvable form when it has adequately addressed the applicable statutory criteria governing waivers.

During the period of time new waiver requests are under review by the Department, a waiver applicant must continue to comply with the requirement that is the subject of the waiver request.

#### ADDRESS FOR SUBMISSION OF REQUESTS:
