## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Office of the Secretary

#### Request for Nominations for Members of the Secretary's Advisory Committee on Genetic Testing

**AGENCY:** Office of the Secretary, DHHS.

**ACTION:** Notice.

**SUMMARY:** The Department of Health and Human Services (DHHS) is soliciting nominations for qualified individuals to serve on the Secretary's Advisory Committee on Genetic Testing (SACGT).

**DATES:** Nomination packages should be submitted to Sarah Carr, Executive Secretary, SACGT, Office of Science Policy, National Institutes of Health, 9000 Rockville Pike, Building 1, Room 218, Bethesda, Maryland 20892, by August 31, 1998.

**FOR FURTHER INFORMATION CONTACT:**

Sarah Carr, Executive Secretary, SACGT, Office of Science Policy, National Institutes of Health, 9000 Rockville Pike, Building 1, Room 218, Bethesda, Maryland 20892. Tel 301–496–1454.

**SUPPLEMENTARY INFORMATION:** The SACGT was established June 10, 1998 pursuant to the Federal Advisory Committee Act, as amended (5 U.S.C. Appendix 2). The SACGT will provide advice and make recommendations to the Secretary through the Assistant Secretary for Health on all aspects of the development and use of genetic tests. The scope of the Committee's charge

includes recommending policies and procedures for the safe and effective incorporation of genetic technologies into health care; assessing the effectiveness of existing and future measures for oversight of genetic tests; and identifying research needs related to the Committee's purview. The decision to establish the SACGT is responsive to the recommendations of two prior advisory groups commissioned jointly by the National Institutes of Health (NIH) and the Department of Energy (DOE) for the Human Genome Project. The groups were the Task Force on Genetic Testing and the Joint NIH/DOE Committee to Evaluate the Ethical, Legal, and Social Implications Program of the Human Genome Project.

### Nominations

The SACGT's eleven non-governmental members and chair will be selected by the Secretary, or designee, from the fields of genetic testing, medical genetics, genetic counseling, ethics, law, primary health care, public health, clinical laboratory management, diagnostic technology, psychology, social sciences, and other relevant disciplines. At least one member will be specifically selected for knowledge/expertise as a patient/consumer advocate. To ensure coordination with existing committees of relevance, at least one member of the SACGT will be a current member of the Clinical Laboratory Improvement Advisory Committee, and at least one will be a current member of the Medical Devices Advisory Committee. SACGT members shall be invited to serve for overlapping terms of up to four years; terms of more than two years are contingent upon the renewal of the Committee by appropriate action prior to its termination.

### Information Required

Individuals and organizations interested in submitting a nomination or nominations, should submit a nomination package that includes the following information for each nominee: (1) a letter of nomination stating the name, affiliation, and contact information for the nominee, the basis for the nomination (i.e., what specific attributes recommends him/her for service in this capacity), and the category of expertise the nominee would fulfill; (2) the name, return address, and daytime telephone number at which the nominator can be contacted; and (3) a biographical sketch of the nominee and a copy of his or her curriculum vitae.

All nomination information for a nominee must be provided in a

complete single package. Incomplete nominations cannot be considered. The nomination letter must bear an original signature; facsimile transmissions or copies cannot be accepted.

Dated: July 31, 1998.

#### National Institute for Occupational Safety and Health (NIOSH) of the Centers for Disease Control and Prevention (CDC) Announces the Following Meeting

*Name:* Scaffolding as an Anchorage Point for Fall-Arrest Systems.

*Time and date:* 8:30 a.m.-6 p.m., September 22, 1998.

*Place:* Pittsburgh Airport Marriott, Coraopolis, Finley and Moore Rooms, 100 Aten Road, Coraopolis, Pennsylvania 15108.

*Status:* Open to the public, limited only by space available. The meeting room accommodates approximately 100 people, seating will be limited to approximately 70 people.

*Purpose:* To request public assistance in identifying useful, practical research design concepts to aid in determining under what conditions, if any, scaffolding can be used as a safe anchorage point for fall-arrest systems during erection and dismantling.

NIOSH is developing a research plan to investigate the use of scaffolding as a fall protection anchorage during scaffold erection and dismantling. This research will aid in determining under what circumstances, if any, it is advisable to use scaffolding as a fall protection anchorage. NIOSH is seeking individual input from scaffold and fall protection equipment manufacturers, scaffold erectors and users, regulatory agencies, and others on factors to be considered during the design of the research protocol.

The research will provide the public with information on the stability of scaffolding and the forces applied to scaffolding as a fall is arrested, for the cases tested. NIOSH researchers recognize that not all scaffold types and configurations, fall protection equipment, anchorage types and locations, and fall scenarios can be tested at one time. The research plan currently being developed will evaluate specific cases. It is anticipated that continuing research will evaluate additional cases. To make the research results as useful as possible, NIOSH researchers want to consider scaffold types and configurations, fall protection equipment, anchorage types and locations, and fall scenarios, that are or could be representative of practical scaffold use and any other input offered by the public that could improve the design of this research.

#### Proposed Information Collection Activity; Comment Request

##### Proposed Project

*Title:* Developmental Disabilities Council Program Performance Report.

*OMB No.:* 0980-0172.

*Description:* This information collection is a reporting by Developmental Disabilities Council (DD Council) programs in each State. Using this reporting format, the DD Councils describe their program performance against a backdrop of State trends during the previous fiscal year in the pursuit of their effort under Part B of the Developmental Disabilities Assistance and Bill of Rights Act (42 U.S.C., 6000 et seq.) to promote systems change in service systems for persons with developmental disabilities. This program performance report (PPR) is required by Section 107(a) of the Developmental Disabilities Assistance and Bill of Rights Act (42 U.S.C., 6000 et seq.).

The PPR is submitted by each DD Council to the Department of Health and Human Services, which use the data in the PPR to develop an annual report to President, the Congress, and the National Council on Disability, as required by Section 107(c) of the Developmental Disabilities Assistance and Bill of Rights Act (42 U.S.C., 6000 et seq.). Additionally, the data in the reports will provide the Department with an overview for good management of the program, and will enable the Department to respond to Congressional requests.

*Respondents:* State, Local or Tribal Government.
