

train-the-trainer. A significant portion of the training is conducted by State emergency management agencies under cooperative agreements with FEMA.

In order to meet current information needs of EMI staff and management, the EMI uses this course evaluation form to identify problems with course materials, delivery, facilities, and instructors. This is a resident evaluation form. EMI staff will use the information to monitor and recommend changes in course materials, student selection criteria, training experience, and classroom environment. Reports will be generated and distributed to EMI management and staff. Without the information it will be difficult to determine the need for improvements and the degree of student satisfaction with each course. The

respondents are students attending EMI resident courses. The evaluation form will be administered at the end of the course and will take no more than 10 minutes to complete. Contractors will scan the evaluation forms and generate the data reports using a computer program developed by a FEMA program analyst contractor. Evaluation forms are destroyed in accordance with FEMA's records retention schedule.

Collection of Information

Title: Emergency Management Institute Resident Course Evaluation Form.

Type of Information Collection: Extension of a currently approved collection.

OMB Number: 3067-0237.

FEDERAL EMERGENCY MANAGEMENT AGENCY

Agency Information Collection Activities: Submission for OMB Review; Comment Request

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency has submitted the following proposed information collection to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3507).

Title: Standard Flood Hazard Determination form.

Type of Information Collection: This form is completed by federally regulated lending institutions when making, increasing, extending, renewing or purchasing each loan for the purpose of documenting the factors considered as to whether flood insurance is required

and available. FEMA does not collect this information from the lenders.

OMB Number: 3067-0264.

Abstract: On September 23, 1994, President Clinton signed the Riegle Community Development and Regulatory Improvement Act of 1994. Title V of this Act is the National Flood Insurance Reform Act (NFIRA). Section 528 of the NFIRA required the development of a standard form for determining whether a structure is located within an identified Special Flood Hazard Area and whether flood insurance is available. Section 528 of the NFIRA also required the use of this form by regulated lending institutions, federal agency lenders, the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, and the Government National Mortgage Association, for any loan made, increased, extended, renewed, or purchased by these entities. FEMA, in consultation with the Federal entities for lending regulation, developed this form in 1995. On July 6, 1995, FEMA published a final rule in the **Federal Register**, establishing the form. The Federal entities for lending regulation published their final rule requiring the use of the form on July 6, 1995. Use of the form became mandatory on January 2, 1996.

Affected Public: This form is completed by federally regulated lending institutions when making, increasing, extending, renewing or

purchasing each loan for the purpose of documenting the factors considered as to whether flood insurance is required and available.

Number of Respondents: An estimated 12,000,000 affected loan applications are processed each year.

Estimated Time per Respondent: The estimated burden time for completing the form is 20 minutes per respondent.

Estimated Total Annual Burden Hours: An estimated 12,000,000 loan transactions multiplied by 0.33 hour per form, results in an estimated annual burden of approximately 4,000,000 hours.

Frequency of Response: The form is required of federally regulated lending institutions when making, increasing, extending, renewing or purchasing any loan secured by improved real estate.

COMMENTS: Interested persons are invited to submit written comments on the proposed information collection to Victoria Wassmer, Desk Officer for the Federal Emergency Management Agency, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503 within 30 days of the date of this notice.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection should be made to Muriel B. Anderson, FEMA Information Collections Officer, Federal Emergency Management Agency, 500 C Street, SW, Room 316, Washington, DC 20472. Telephone number (202) 646-2625. FAX number (202) 646-3524.

Dated: August 21, 1998.

FEDERAL EMERGENCY MANAGEMENT AGENCY

[FEMA-1237-DR]

Michigan; Major Disaster and Related Determinations

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Notice.

SUMMARY: This is a notice of the Presidential declaration of a major disaster for the State of Michigan (FEMA-1237-DR), dated August 5, 1998, and related determinations.

EFFECTIVE DATE: August 5, 1998.

FOR FURTHER INFORMATION CONTACT: Magda Ruiz, Response and Recovery Directorate, Federal Emergency Management Agency, Washington, DC 20472, (202) 646-3260.

SUPPLEMENTARY INFORMATION: Notice is hereby given that, in a letter dated August 5, 1998, the President declared a major disaster under the authority of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 *et seq.*), as follows:

I have determined that the damage in certain areas of the State of Michigan, resulting from severe storms and high winds on July 21-22, 1998, is of sufficient severity and magnitude to warrant a major disaster declaration under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, P.L. 93-288, as amended ("the Stafford Act").

I, therefore, declare that such a major disaster exists in the State of Michigan.

In order to provide Federal assistance, you are hereby authorized to allocate from funds available for these purposes, such amounts as you find necessary for Federal disaster assistance and administrative expenses.

You are authorized to provide Public Assistance and Hazard Mitigation in the designated areas and any other forms of assistance under the Stafford Act you may deem appropriate. Consistent with the requirement that Federal assistance be supplemental, any Federal funds provided under the Stafford Act for Public Assistance or Hazard Mitigation will be limited to 75 percent of the total eligible costs.
