

157.212, 157.216) for authorization to abandon certain regulating facilities in conjunction with the change in operation of an existing delivery point Southern's blanket certificate issued in Docket No. CP82-406-000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

Southern states it is currently authorized to deliver natural gas to Alabama Gas Corporation (Alagasco) at Southern's Anniston #3 Delivery Point (Anniston #3) as specified under Exhibit B to the Firm Service Agreements between Southern and Alagasco. Anniston #3 is located at or near Milepost 371.641 on Southern's 20-inch North Main Line in Section 32, Township 16 South, Range 7 East, Calhoun County, Alabama. Specifically, Southern proposes to abandon the regulating facilities and relief valve, isolation valves, and header at Anniston #3, and to install four 6-inch regulators, one 6-inch meter run, six 6-inch ball valves and one 12-inch header. As a result of these modifications the meter station at the delivery point will be redesigned to deliver gas to Alagasco at a minimum contract pressure of 200 psig during the period April 1 through September 30 of each year and at a minimum contract pressure of 250 psig during the period October 1 through March 31 of each year. Alagasco agrees that it shall be responsible for any necessary regulation or modification to its facilities downstream of the station to receive the gas at the contract pressures described in this paragraph.

Southern states that the abandonment of facilities proposed in this application will not result in any termination of service, and that said changes will not result in a change in the total Firm Transportation Demand delivered to Alagasco. Further, Southern states that (1) the revised delivery pressure will not cause a detriment or disadvantage to its other firm customers; (2) deliveries at the revised delivery pressure will have no impact on Southern's peak day and annual deliveries; and (3) the abandonment and delivery pressure change are not prohibited by any existing tariff of Southern.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor,

the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

Tennessee Gas Pipeline Company; Notice of Compliance Filing

October 16, 1998.

Take notice that on October 14, 1998, Tennessee Gas Pipeline Company (Tennessee), tendered for filing to become part its FERC Gas Tariff, Fifth Revised Volume No. 1, the following revised tariff sheet, with an effective date of August 1, 1998:

2nd Substitute Original Sheet No. 232

Tennessee states that the revised tariff sheet is filed in compliance with the Commission's September 29, 1998 Order in the above-referenced docket. Tennessee Gas Pipeline Company, 84 FERC ¶61,335 (1998). Tennessee states that the revised tariff sheet incorporates certain clarifications to its proposed Rate Schedule FT-BH under which Tennessee proposes to provide a new type of firm backhaul transportation service in addition to the firm backhaul service currently available under Tennessee's Rate Schedules FT-G, FT-GS, and FT-A and the General Terms and Conditions affected thereby. In accordance with the September 29 Order, Tennessee requests that the tariff sheet be deemed effective on August 1, 1998.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public

inspection in the Public Reference Room.

Texas Gas Transmission Corporation; Notice of Request Under Blanket Authorization

October 16, 1998.

Take notice that on September 30, 1998, Texas Gas Transmission Corporation (Texas Gas), Post Office Box 20008, Owensboro, Kentucky 42304, filed a request with the Commission in Docket No. CP98-809-000, pursuant to Sections 157.205 and 157.216(b) of the Commission's Regulations under the Natural Gas Act (NGA) for authorization to abandon by removal the Stanolind Oil & Gas Corporation Meter Station (meter station) located on Texas Gas' Eunice-Woodlawn Line in Jefferson Davis Parish, Louisiana authorized in blanket certificate issued in Docket No. CP92-407-000, all as more fully set forth in the request on file with the Commission and open to public inspection.

Texas Gas reports that on April 24, 1997, Texas Gas received approval in Docket No. CP98-288-000 to abandon the transportation service for ANR authorized in Docket No. G-10295. With the abandonment of the transportation service, the meter station is no longer needed. The meter station was constructed by Texas Gas to receive gas for the account of American Louisiana Pine Line Company, now ANR Pipeline Company (ANR), which was being produced from Stanolind's acreage in the South Elton and transport the gas to points of interconnection between the systems of Texas Gas and American Louisiana. Texas Gas further reports that the facilities to be removed consist of a 4"-meter run, measurement building and related equipment. Texas Gas has estimated the cost of removal to be \$500.

Any person or the Commission's staff may, within 45 days after the Commission has issued this notice, filed pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the NGA (18 CFR 157.205) a protest to the

request. If no protest is filed within the allowed time the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the NGA.
