The information sought is not collected elsewhere by the Federal Government. The proposed information collections impose no data burden on the potential responders. Responding to the proposed collections is voluntary and is based on data that the respondents already collect and/or personal opinion. The National Park Service needs to obtain information to help evaluate and improve its recreation and conservation assistance program and its historic preservation programs.

Automated data collection: At the present time, there is no automated way to gather this information.

Description of respondents: A sample of partners (individuals, organizations, and/or public agencies) who have received services and/or assistance from the National Park Service Rivers, Trails, and Conservation Assistance Program (RTCA), Federal Lands to Parks Program (FLP), National Heritage Area Program (NHA), Wild and Scenic Rivers Coordination Program (WSR), and/or the Historic Preservation Technical Assistance Program (HP).
