BILLING CODE 6560-50-F

**ENVIRONMENTAL PROTECTION  
AGENCY****40 CFR Part 180**

[OPP-300754; FRL 6041-4]

RIN 2070-AB78

**Tebufenozide; Extension of Tolerance  
for Emergency Exemptions****AGENCY:** Environmental Protection  
Agency (EPA).**ACTION:** Final rule.

**SUMMARY:** This rule extends a time-limited tolerance for residues of the insecticide tebufenozide and its metabolites in or on leafy vegetables (Crop Group 4) and brassica leafy vegetables (Crop Group 5) at 5.0 parts per million (ppm) for an additional 18-month period, to August 31, 2000. This action is in response to EPA's granting of an emergency exemption under section 18 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) authorizing use of the pesticide on leafy vegetables (Crop Group 4) and brassica leafy vegetables (Crop Group 5). Section 408(l)(6) of the Federal Food, Drug, and Cosmetic Act (FFDCA) requires EPA to establish a time-limited tolerance or exemption from the requirement of a tolerance for pesticide chemical residues in food that will result from the use of a pesticide under an emergency exemption granted by EPA under section 18 of FIFRA.

**DATES:** This regulation becomes effective November 25, 1998. Objections and requests for hearings must be received by EPA, on or before January 25, 1999.

**ADDRESSES:** Written objections and hearing requests, identified by the docket control number, [OPP-300754], must be submitted to: Hearing Clerk (1900), Environmental Protection Agency, Rm. M3708, 401 M St., SW., Washington, DC 20460. Fees accompanying objections and hearing requests shall be labeled "Tolerance

Petition Fees" and forwarded to: EPA Headquarters Accounting Operations Branch, OPP (Tolerance Fees), P.O. Box 360277M, Pittsburgh, PA 15251. A copy of any objections and hearing requests filed with the Hearing Clerk identified by the docket control number, [OPP-300754], must also be submitted to: Public Information and Records Integrity Branch, Information Resources and Services Division (7502C), Office of Pesticide Programs, Environmental Protection Agency, 401 M St., SW., Washington, DC 20460. In person, bring a copy of objections and hearing requests to Rm. 119, Crystal Mall #2, 1921 Jefferson Davis Hwy., Arlington, VA.

A copy of objections and hearing requests filed with the Hearing Clerk may also be submitted electronically by sending electronic mail (e-mail) to: opp-docket@epamail.epa.gov. Follow the instructions in Unit II. of this preamble. No Confidential Business Information (CBI) should be submitted through e-mail.

**FOR FURTHER INFORMATION CONTACT:** By mail: Andrew Ertman, Registration Division (7505C), Office of Pesticide Programs, Environmental Protection Agency, 401 M St., SW., Washington, DC 20460. Office location, telephone number, and e-mail address: Rm. 272, Crystal Mall #2, 1921 Jefferson Davis Hwy., Arlington, VA 22202, (703) 308-9367; e-mail:

ertman.andrew@epamail.epa.gov.

**SUPPLEMENTARY INFORMATION:** EPA issued a final rule, published in the **Federal Register** of March 18, 1998; (63 FR 13126) (FRL 5773-1), which announced that on its own initiative under section 408(e) of the FFDCA, 21 U.S.C. 346a(e) and (l)(6), it established a time-limited tolerance for the residues of tebufenozide and its metabolites in or on leafy vegetables (except brassica leafy vegetables; Crop Group 4) and brassica leafy vegetables (Crop Group 5) at 5.0 ppm, with an expiration date of February 28, 1999. EPA established the tolerance because section 408(l)(6) of the FFDCA requires EPA to establish a time-limited tolerance or exemption from the requirement of a tolerance for pesticide chemical residues in food that will result from the use of a pesticide

under an emergency exemption granted by EPA under section 18 of FIFRA. Such tolerances can be established without providing notice or period for public comment.

EPA received a request to extend the use of tebufenozide on leafy vegetables and brassica leafy vegetables for this year growing season due to the continuing emergencies in both California and Arizona. The beet armyworm (BAW) has been causing crop damage due to infestations all season long because the pest will attack crops at emergence, often causing severe loss. Infestations later in the crop cycle will stunt growth, damage and contaminate the harvestable portion of the crop.

Because of the BAW's ability to feed on such a wide array of plants, it has demonstrated an enormous capacity for detoxifying plant defense chemicals and insecticides. In the leafy vegetable and cole crop groups, there are few efficacious products for BAW control. The last 5 years have seen a marked increase in the amounts of active ingredient necessary to achieve control of the beet armyworm in vegetables with failures being reported with all products and combinations. After having reviewed the submission, EPA concurs that emergency conditions exist for this state. EPA has authorized under FIFRA section 18 the use of tebufenozide on leafy vegetables (except brassica leafy vegetables; Crop Group 4) and brassica leafy vegetables (Crop Group 5) for control of the beet armyworm in Arizona and California.

EPA assessed the potential risks presented by residues of tebufenozide in or on leafy vegetables (except brassica leafy vegetables; Crop Group 4) and brassica leafy vegetables (Crop Group 5). In doing so, EPA considered the safety standard in FFDCA section 408(b)(2), and decided that the necessary tolerance under FFDCA section 408(l)(6) would be consistent with the safety standard and with FIFRA section 18. The data and other relevant material have been evaluated and discussed in the final rule of March 18, 1998. Based on that data and information considered, the Agency reaffirms that extension of the time-limited tolerance will continue to meet

the requirements of section 408(l)(6). Therefore, the time-limited tolerance is extended for an additional 18-month period. Although this tolerance will expire and is revoked on August 31, 2000, under FFDCA section 408(l)(5), residues of the pesticide not in excess of the amounts specified in the tolerance remaining in or on leafy vegetables (except brassica leafy vegetables; Crop Group 4) and brassica leafy vegetables (Crop Group 5) after that date will not be unlawful, provided the pesticide is applied in a manner that was lawful under FIFRA and the application occurred prior to the revocation of the tolerance. EPA will take action to revoke this tolerance earlier if any experience with, scientific data on, or other relevant information on this pesticide indicate that the residues are not safe.

### **I. Objections and Hearing Requests**

The new FFDCA section 408(g) provides essentially the same process for persons to "object" to a tolerance regulation issued by EPA under new section 408(e) and (l)(6) as was provided in the old section 408 and in section 409. However, the period for filing objections is 60 days, rather than 30 days. EPA currently has procedural regulations which govern the submission of objections and hearing requests. These regulations will require some modification to reflect the new law. However, until those modifications can be made, EPA will continue to use those procedural regulations with appropriate adjustments to reflect the new law.

Any person may, by January 25, 1999, file written objections to any aspect of this regulation and may also request a hearing on those objections. Objections and hearing requests must be filed with the Hearing Clerk, at the address given above (40 CFR 178.20). A copy of the objections and/or hearing requests filed with the Hearing Clerk should be submitted to the OPP docket for this rulemaking. The objections submitted must specify the provisions of the regulation deemed objectionable and the grounds for the objections (40 CFR 178.25). Each objection must be accompanied by the fee prescribed by 40 CFR 180.33(i). If a hearing is requested, the objections must include a statement of the factual issues on which a hearing is requested, the requestor's contentions on such issues, and a summary of any evidence relied upon by the requestor (40 CFR 178.27). A request for a hearing will be granted if the Administrator determines that the material submitted shows the following: There is genuine and substantial issue

of fact; there is a reasonable possibility that available evidence identified by the requestor would, if established, resolve one or more of such issues in favor of the requestor, taking into account uncontested claims or facts to the contrary; and resolution of the factual issues in the manner sought by the requestor would be adequate to justify the action requested (40 CFR 178.32). Information submitted in connection with an objection or hearing request may be claimed confidential by marking any part or all of that information as CBI. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2. A copy of the information that does not contain CBI must be submitted for inclusion in the public record. Information not marked confidential may be disclosed publicly by EPA without prior notice.

### **II. Public Record and Electronic Submissions**

The official record for this rulemaking, as well as the public version, as described above will be kept in paper form. Accordingly, EPA will transfer any copies of objections and hearing requests received electronically into printed, paper form as they are received and will place the paper copies in the official rulemaking record which will also include all comments submitted directly in writing. The official rulemaking record is the paper record maintained at the Virginia address in "ADDRESSES" at the beginning of this document.

Electronic comments may be sent directly to EPA at: [opp-docket@epamail.epa.gov](mailto:opp-docket@epamail.epa.gov).

Electronic objections and hearing requests must be submitted as an ASCII file avoiding the use of special characters and any form of encryption. Objections and hearing requests will also be accepted on disks in WordPerfect 5.1/6.1 or ASCII file format. All copies of objections and hearing requests in electronic form must be identified by the docket control number [OPP-300754]. No CBI should be submitted through e-mail. Electronic copies of objections and hearing requests on this rule may be filed online at many Federal Depository Libraries.

### **III. Regulatory Assessment Requirements**

#### **A. Certain Acts and Executive Orders**

This final rule extends a time-limited tolerance that was previously established by EPA under FFDCA section 408 (l)(6). The Office of

Management and Budget (OMB) has exempted these types of actions from review under Executive Order 12866, entitled *Regulatory Planning and Review* (58 FR 51735, October 4, 1993). In addition, this final rule does not contain any information collections subject to OMB approval under the Paperwork Reduction Act (PRA), 44 U.S.C. 3501 *et seq.*, or impose any enforceable duty or contain any unfunded mandate as described under Title II of the Unfunded Mandates Reform Act of 1995 (UMRA) (Pub. L. 104-4). Nor does it require any prior consultation as specified by Executive Order 12875, entitled *Enhancing the Intergovernmental Partnership* (58 FR 58093, October 28, 1993), or special considerations as required by Executive Order 12898, entitled *Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations* (59 FR 7629, February 16, 1994), or require OMB review in accordance with Executive Order 13045, entitled *Protection of Children from Environmental Health Risks and Safety Risks* (62 FR 19885, April 23, 1997).

Since this extension of an existing time-limited tolerance does not require the issuance of a proposed rule, the requirements of the Regulatory Flexibility Act (RFA) (5 U.S.C. 601 *et seq.*) do not apply. Nevertheless, the Agency has previously assessed whether establishing tolerances, exemptions from tolerances, raising tolerance levels or expanding exemptions might adversely impact small entities and concluded, as a generic matter, that there is no adverse economic impact. The factual basis for the Agency's generic certification for tolerance actions published on May 4, 1981 (46 FR 24950), and was provided to the Chief Counsel for Advocacy of the Small Business Administration.

#### **B. Executive Order 12875**

Under Executive Order 12875, entitled *Enhancing the Intergovernmental Partnership* (58 FR 58093, October 28, 1993), EPA may not issue a regulation that is not required by statute and that creates a mandate upon a State, local, or tribal government, unless the Federal government provides the funds necessary to pay the direct compliance costs incurred by those governments. If the mandate is unfunded, EPA must provide to OMB a description of the extent of EPA's prior consultation with representatives of affected State, local, and tribal governments, the nature of their concerns, copies of any written communications from the governments, and a statement supporting the need to

issue the regulation. In addition, Executive Order 12875 requires EPA to develop an effective process permitting elected officials and other representatives of State, local, and tribal governments "to provide meaningful and timely input in the development of regulatory proposals containing significant unfunded mandates."

Today's rule does not create an unfunded Federal mandate on State, local, or tribal governments. The rule does not impose any enforceable duties on these entities. Accordingly, the requirements of section 1(a) of Executive Order 12875 do not apply to this rule.

#### C. Executive Order 13084

Under Executive Order 13084, entitled *Consultation and Coordination with Indian Tribal Governments* (63 FR 27655, May 19, 1998), EPA may not issue a regulation that is not required by statute, that significantly or uniquely affects the communities of Indian tribal governments, and that imposes substantial direct compliance costs on those communities, unless the Federal government provides the funds necessary to pay the direct compliance costs incurred by the tribal governments. If the mandate is unfunded, EPA must provide to OMB, in a separately identified section of the preamble to the rule, a description of the extent of EPA's prior consultation with representatives of affected tribal governments, a summary of the nature of their concerns, and a statement supporting the need to issue the regulation. In addition, Executive Order 13084 requires EPA to develop an effective process permitting elected officials and other representatives of Indian tribal governments "to provide meaningful and timely input in the development of regulatory policies on matters that significantly or uniquely affect their communities."

Today's rule does not significantly or uniquely affect the communities of Indian tribal governments. This action does not involve or impose any requirements that affect Indian tribes. Accordingly, the requirements of section 3(b) of Executive Order 13084 do not apply to this rule.

#### IV. Submission to Congress and the Comptroller General

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the

Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This rule is not a "major rule" as defined by 5 U.S.C. 804(2).

#### List of Subjects in 40 CFR Part 180

Environmental protection, Administrative practice and procedure, Agricultural commodities, Pesticides and pests, Reporting and recordkeeping requirements.

Dated: November 2, 1998.

**James Jones,**

*Director, Registration Division, Office of Pesticide Programs.*

Therefore, 40 CFR chapter I is amended as follows:

#### PART 180 — [AMENDED]

1. The authority citation for part 180 continues to read as follows:

**Authority:** 21 U.S.C. 346a and 371.

#### §180.482 [Amended]

2. In §180.482, by amending the table in paragraph (b) for the following commodities "Leafy Vegetable (Cole-brassica)" and "Leafy Vegetables (non-brassica)" by revising the date "2/28/99" to read "8/31/00."

BILLING CODE 6560-50-F

#### FEDERAL COMMUNICATIONS COMMISSION

#### 47 CFR Parts 1, 21 and 74

[MM Docket No. 97-217; FCC 98-231]

#### MDS and ITFS Two-Way Transmissions

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule.

**SUMMARY:** In this Report and Order ("Order"), the Commission adopts amendments to its rules to enable Multipoint Distribution Service ("MDS") and Instructional Television Fixed Service ("ITFS") licensees to engage in fixed two-way transmissions. These rule changes enhance the flexibility of MDS and ITFS operations through facilitated use of response stations, use of cellular configurations, use of signal booster stations with program origination capability, and use

of variable bandwidth ("subchanneling" or "superchanneling"). As a result of these rule changes, any MDS and ITFS frequencies in the 2 GHz band may be used by licensees, or leased to wireless cable operators, for broadband data, video or voice transmissions to and/or from subscribers' premises, promoting the competitive position of the wireless cable industry, augmenting the educational uses of these frequencies by ITFS entities, and increasing services to consumers.

**DATES:** Effective January 25, 1999.

#### FOR FURTHER INFORMATION CONTACT:

Michael J. Jacobs, (202) 418-7066 or Dave Roberts, (202) 418-1600, Video Services Division, Mass Media Bureau.

**SUPPLEMENTARY INFORMATION:** This is a synopsis of the Commission's *Report and Order*, MM Docket No. 97-217, adopted September 17, 1998, and released September 25, 1998. The full text of this *Order* is available for inspection and copying during normal business hours in the FCC Reference Center (Room 239), 1919 M Street, N.W., Washington, D.C., and also may be purchased from the Commission's copy contractor, International Transcription Services, Inc., (202) 857-3800, 1231 20th Street, N.W., Washington, D.C. 20036.

#### Synopsis of Report and Order on MDS and ITFS Two-Way Transmissions.

##### I. Introduction

1. This *Order* is adopted by the Commission after receiving and evaluating comments and reply comments, including "permit-but-disclose" *ex parte* comments, filed in response to the Commission's Notice of Proposed Rulemaking ("NPRM") in this docket. *MDS and ITFS Two-Way Transmissions*, 62 FR 60025, Nov. 6, 1997, as corrected, 62 FR 60750, Nov. 12, 1997. The *NPRM* was issued after the Commission initially sought comment on a petition for rulemaking filed by a group of 111 educators and participants in the wireless cable industry (collectively, "Petitioners"), comprised of MDS and ITFS licensees, wireless cable operators, equipment manufacturers, and industry consultants and associations. Currently, MDS and ITFS licensees are authorized to use digital technology in order to increase the number of usable one-way channels available to them, leased ITFS frequencies and MDS channels may be used for asymmetrical high speed digital data applications so long as such usage complies with the Commission's technical rules and its declaratory ruling on the use of digital modulation by MDS and ITFS stations ("Digital Declaratory
