DATES: There will be a 90-day public review period for the document. Comments on the CDP-DEIS should be received no later than March 11, 1999. An exhibit on the proposed plan will be available at the White House Visitor Center from December 2, 1998, until March 11, 1999.

There will be two public forums held on January 27 and 28, 1999, at the White House Visitor Center, 1450 Pennsylvania Avenue South, NW., Washington, DC. In addition to the exhibit, members of the planning team and staff will be available to answer questions about the proposed plan and the alternatives considered.

Single copies of the 400-page CDP-DEIS can be obtained by writing: Draft Plan/DEIS, Office of White House Liaison, National Park Service, 1100 Ohio Drive, SW., Washington, DC 20242.

SUPPLEMENTARY INFORMATION: The CDP-DEIS addresses the future management and use of the buildings, grounds and cultural resources of the White House and President's Park. The goal is to better serve the presidency and the people, while protecting the historic character of this national treasure. The CDP-DEIS proposes actions to meet needs in the areas of: support services for the home and office of the president, visitor use and services, cultural and natural resource protection, transportation, site character, official functions and special events. The CDP-DEIS contains the description and assessment of the proposed plan and four other alternatives considered, including the required no-change alternative.

Impacts are analyzed on the following topics: cultural resources, natural resources, home and office of the president, the visitor experience, special events, transportation, the socioeconomic environment, and site management and operations.

The NPS is the lead-planning agency and has responsibility for developing the plan in conjunction with other agencies. Congressionally chartered agencies with stewardship or oversight responsibilities at the site serve on an NPS-led Executive Committee. Serving on the committee are: Executive Office of the President, Executive Residence, White House Military Office, U.S. Department of the Treasury, U.S. Secret Service, General Services Administration, District of Columbia, Commission of Fine Arts, National Capital Planning Commission, Advisory Council on Historic Preservation and until 1995 the Pennsylvania Avenue Development Corporation.

The planning process to develop the Draft Comprehensive Design Plan for the White House and President's Park began in 1992 with data collection. Issue identification took place in 1993 through 27 workshops involving some 70 agencies and organizations. Visitor opinions were obtained through surveys and through a 4-day public involvement exhibit held on the Ellipse in the spring of 1993. Desired futures were developed in workshops during the fall of 1993. Interpretative themes were developed in March 1994. Working group meetings on the news media space occurred between March 1995 and January 1996. Alternatives were released for public review in the spring of 1995.

All review comments received on the CDP-DEIS will become part of the public record.

Terry R. Carlstrom,

Regional Director, National Capital Region, National Park Service.

SUPPLEMENTARY INFORMATION:

I. Background

Section 7(c)(1) of the Occupational
Safety and Health (OSH) Act authorizes
the Secretary of Labor to, "with the
consent of any State or Political
subdivision thereof, accept and use the
services facilities, and personnel of any
agency of such state or subdivision with
reimbursement." Section 21(c) of the
Act authorizes the Secretary of Labor to
"consult with and advise employers and
employees . . . as to effective means of
preventing occupational illnesses and
injuries." To satisfy the intent of these
and other sections of the OSH Act, the
Occupational Safety and Health
Administration (OSHA) codified the
terms that govern cooperative
agreements between OSHA and State
governments whereby State agencies
provide consultation services to private
employers to assist them in complying
with the requirements of the
Occupational Safety and Health (OSH)
Act. The terms were codified as the
Consultation Program regulations (29
CFR part 1908).

The consultation regulations specify
services to be provided and practices
and procedures to be followed by the
state consultation programs. Information
collection requirements set forth in the
consultation regulations are in two
categories: "State Responsibilities" and
"Employer Responsibilities." Five
regulatory provisions require
information collection activities by the
State. The Federal government provides
90 percent of funds for consultation
services under the terms of the
cooperative agreement. Three
requirements apply to employers and
specify conditions which the employer
must meet before receiving consultation
services.

The Compliance Assistant
Authorization Act of 1998 (H.R. 2864),
which amends section 21 of the OSH
Act of 1970 by adding a new paragraph
(d), authorizes the Secretary of Labor to
enter into agreements with States to
provide consultation services, and to
establish rules under which employers
may qualify for inspection exemption.
OSHA plans to propose changes to 29
CFR part 1908 to achieve the intent of
H.R. 2864. Program modification
resulting from H.R. 2864 (as
implemented through changes to 29
CFR part 1908) entail additional
collection requirements.

II. Current Actions

This notice requests a reinstatement
of the Office of Management and Budget
(OMB) approval of the Consultation
Agreements (formerly OMB Number
1218-0110).
