*Title:* Runaway and Homeless Youth Management Information System (RHYMIS).

*OMB No.:* 0970-0123.

*Description:* The Family and Youth Services Bureau manages the Runaway and Homeless Youth Management Information System (RHYMIS) which is used by youth service agencies funded by FYSB for Basic Center and Transitional Living Programs. This information management system is used by all FYSB-funded RHY grantees. The RHYMIS helps youth services agencies manage their programs, assess service delivery, and plan for future service needs. When aggregated, these data provide critical planning, administrative, and evaluation information for FYSB.

RHYMIS is an automated data management system designed to capture

and store information at each grantee site, facilitate all FYSB/DHHS reporting requirements, and produce a variety of standardized reports for other Federal, local, regional, and national purposes. The information gathered by each grantee forms the basis of the RHYMIS national database. The data collected consists of standardized definitions which allow for a variety of statistical analyses beyond simple aggregation, and gives national, as well as regional and state profiles of youth being served by FYSB-funded programs. The RHYMIS allows individual grantees to generate agency-specific reports based on their own data and reflecting the youth served in their own programs.

The data collection process is designed to collect various information about runaway and homeless youth, the programs that serve them, and other area services that are available to them. The information in RHYMIS addresses a broad range of issues to assure that situations relevant to the Basic Center and Transitional Living Programs will be addressed. RHYMIS is designed to collect information on:

- Youth characteristics and issues presented.
- Services provided to youth by agency.
- Educational events and promotional/instructional materials available.

*Respondents:* State, Local or Tribal Government.
