POSTAL SERVICE**39 CFR Part 111****Expansion of Location-Based Post Office Box Fees**

AGENCY: Postal Service.

ACTION: Final rule.

SUMMARY: The Domestic Mail Manual is amended to expand the application of location-based fees for post office box service to include specified facilities. The facility-specific fees place greater emphasis on the space cost and utilization of post office box service at individual locations.

EFFECTIVE DATE: January 10, 1999.

FOR FURTHER INFORMATION CONTACT: John Dorsey (202) 268-3295.

SUPPLEMENTARY INFORMATION: Fees for post office box service are scheduled to change on January 10, 1999 as a consequence of the omnibus rate case, Postal Rate Commission (PRC) Docket No. R97-1. This final rule announces changes in fee groups for specific facilities which will also take effect on that date.

Postal Service testimony in that case (USPS-RT-19, which rebutted testimony filed by the PRC's Office of the Consumer Advocate) set forth a means of redefining post office box fee groups to reflect space costs and capacity utilization. Comprehensive information necessary to effectuate the redefinition nationwide was not then available; in keeping with the PRC's suggestion, that information is now being developed.

The Postal Service testimony contemplated changing the fee group assignment of 80 facilities among fee groups A, B, C, and D. Consistent with this testimony, however, the Postal Service has decided to avoid changes between fee groups C and D because of the large fee difference between these groups, and the fact that, on average, group D fees do not cover costs. Using improved data and additional analysis, the Postal Service has identified 29 offices for fee group reassignment among fee groups A, B, and C. These 29 offices meet cost and utilization criteria for transfer among fee groups A, B, and C. In fee groups A and B, facilities being transferred to the next lower fee group incur rental costs lower than \$17/square foot and have box utilization of less than 75%. In fee groups C and B, facilities being transferred to the next higher fee group incur rental costs

exceeding \$30/square foot and have box utilization above 90%. Baseline costs and usage measurement have been validated and will be monitored following implementation to assess impact on customer activity. In addition, 58 "control" facilities in neighboring areas will be monitored to serve as a benchmark against which to measure activity in the affected facilities.

This amendment expands the current location-based fee groupings to include 29 specified facilities. Data gathered on the impact of these changes will help guide development of a redesigned fee structure. The new fee group assignments for these offices do not change existing fee assignments for selected ZIP Code areas currently designated for Fee Groups A and B.

**ENVIRONMENTAL PROTECTION
AGENCY****40 CFR Parts 9 and 142****[FRL-6210-7]****OMB Approval Numbers Under the
Paperwork Reduction Act and
Technical Correction to Consumer
Confidence Report Rule****AGENCY:** Environmental Protection
Agency (EPA).**ACTION:** Final rule.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA), this technical amendment amends the table that lists the Office of Management and Budget (OMB) control numbers issued under the PRA for the Consumer Confidence Report Rule, which EPA issued under the Safe Drinking Water Act. This amendment also corrects a typographical error in the rule.

EFFECTIVE DATE: This final rule is effective December 28, 1998.

FOR FURTHER INFORMATION CONTACT:

Françoise M. Brasier (phone: 202-260-5668 or e-mail brasier.francoise@epa.gov) or Rob Allison (phone: 202-260-9836 or e-mail allison.rob@epa.gov).

SUPPLEMENTARY INFORMATION: EPA is today amending the table of currently approved information collection request (ICR) control numbers issued by OMB

for various regulations. This action also corrects an incorrect citation in § 142.78 (b).

Today's amendment updates the table to list those information requirements promulgated under the Consumer Confidence Report Rule, which appeared in the **Federal Register** on August 19, 1998 (63 FR 44511). The affected regulations are codified at 40 Code of Federal Regulations (CFR) parts 141 and 142.

EPA will continue to present OMB control numbers in a consolidated table format codified at 40 CFR part 9 of the Agency's regulations, and in each CFR volume containing EPA regulations. The table lists the section numbers with reporting and recordkeeping requirements, and the current OMB control numbers. This listing of the OMB control numbers and their subsequent codification in the CFR satisfy the requirements of the PRA (44 U.S.C. 3501 et seq.) and OMB's implementing regulations at 5 CFR part 1320.

This ICR was subject to public notice and comment prior to OMB approval. As a result, EPA finds that there is "good cause" under section 553(b)(B) of the Administrative Procedure Act (5 U.S.C. 553(b)(B)) to amend this table without prior notice and comment. Due to the technical nature of the table, further notice and comment would be unnecessary. Similarly, because this action does not affect the substantive provisions of this rule, EPA believes that there is good cause to make this rule effective immediately, as provided in 5 U.S.C. 553(d)(3).

EPA inadvertently cited § 144.155(a) in the final sentence of § 142.78(b).

Today, EPA corrects that citation by replacing "§ 144.155(a)" with "§ 141.155(a)." EPA believes this correction to be technical and non-controversial, and therefore not needing additional notice-and-comment or a delayed effective date.

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a "significant regulatory action" and is therefore not subject to review by OMB. In addition, this action does not impose any enforceable duty or contain any unfunded mandate, or impose any significant or unique impact on small governments as described in the Unfunded Mandates Reform Act of 1995 (Public Law 104-4); establish any technical standards subject to the section 12(d) of the National Technology Transfer and Advancement Act; or require prior consultation with State, local, or tribal government officials as specified by Executive Order 12875 (58 FR 58093, October 28, 1993) or with officials of Indian tribal governments as specified by Executive Order 13084 (63 FR 27655, May 10, 1998).

This action does not involve special consideration of environmental justice related issues as required by Executive Order 12898 (59 FR 7629, February 16, 1994). This rule also is not subject to Executive Order 13045 (62 FR 19885, April 23, 1997) because it does not establish an environmental standard intended to mitigate health or safety risks. Because this action is not subject to notice-and-comment requirements under the Administrative Procedure Act or any other statute, it is not subject to the regulatory flexibility provisions of the Regulatory Flexibility Act (5 U.S.C.
