Federal Bureau of Prisons

Notice of Intent to Prepare a Draft Environmental Impact Statement (DEIS) for the Construction of a Federal Correctional Facility in the Northern Panhandle Region of West Virginia

AGENCY: Federal Bureau of Prisons, Department of Justice.

ACTION: Notice of Intent to Prepare a Draft Environmental Impact Statement (DEIS).

SUMMARY:

Proposed Action. The U. S. Department of Justice, Federal Bureau of Prisons has determined that, in order to meet increasing demands for additional inmate capacity, a new Federal correctional facility is needed in its system.

The Bureau of Prisons proposes to construct and operate either a high security United States Penitentiary or a medium security Federal Correctional Institution, both with an adjacent minimum security satellite camp, in the Northern Panhandle region of West Virginia. The high security facility would have a rated capacity of approximately 1,000 inmates. The medium security facility would be designed to have a rated capacity of approximately 1,200 inmates, and the minimum security component would house approximately 150-300. Sites currently under consideration are located in Ohio County and Tyler County, West Virginia. The potential site also would be used for road access, administration, programs and services, parking, and support facilities.

In the process of evaluating potential sites, several aspects will receive a detailed examination including utilities, traffic patterns, noise levels, visual intrusions, threatened and endangered species, cultural resources, and socio-economic impacts.

Alternatives. In developing the DEIS, the options of "no action" and "alternative sites" for the proposed facility will be fully and thoroughly examined.

Scoping Process. Informal discussions and meetings with local economic development staff have already been held on the proposed project, and during the preparation of the DEIS, there will be numerous other opportunities for public involvement. The public scoping meeting will begin at 7:00 p.m. on Tuesday, February 17, 1998, at the Northern West Virginia Community College (B & O Auditorium) located at 1704 Market Street, Wheeling, West Virginia. The meeting has been well publicized and is scheduled at a time that will make the meeting possible for the public and interested agencies or organizations to attend.

DEIS Preparation. Public notice will be given concerning the availability of the DEIS for public review and comment.
