

Anchorage, 212 *Windshield Retention*, 214 *Side Impact Protection*, 216 *Roof Crush Resistance*, 219 *Windshield Zone Intrusion*, 301 *Fuel System Integrity*, and 302 *Flammability of Interior Materials*.

Additionally, the petitioner contends that the vehicle complies with the Bumper Standard found in 49 Part 581.

Petitioner also contends that the vehicle is capable of being readily altered to meet the following standards, in the manner indicated:

Standard No. 101 *Controls and Displays*: (a) substitution of a lens marked "Brake" for a lens with noncomplying symbol on the brake failure indicator lamp; (b) replacement of the speedometer/odometer with one calibrated in miles per hour.

Standard No. 108 *Lamps, Reflective Devices and Associated Equipment*: (a) installation of U.S.-model headlamps and front sidemarker lights; (b) installation of U.S.-model taillamp assemblies which incorporate rear sidemarker lights; (c) installation of a U.S.-model high-mounted stop light assembly.

Standard No. 110 *Tire Selection and Rims*: installation of a tire information placard.

Standard No. 111 *Rearview Mirror*: replacement of the passenger side rearview mirror with a U.S.-model component.

Standard No. 114 *Theft Protection*: installation of a key microswitch and a warning buzzer.

Standard No. 118 *Power Window Systems*: rewiring of the power window system so that the window transport mechanism is inoperative when the ignition is switched off.

Standard No. 208 *Occupant Crash Protection*: installation of a seat belt warning buzzer, wired to the driver's seat belt latch. The petitioner states that the vehicle is equipped with driver's and passenger's side air bags in the front outboard seating positions and with seatbelts in all seating positions that are identical to those found on the vehicle's U.S. certified counterpart. As described by the petitioner, the vehicle is equipped with shoulder belts in the rear outboard seating positions and with a lap belt in the rear center seating position.

Additionally, the petitioner states that a vehicle identification number plate must be affixed to the vehicle to meet the requirements of 49 CFR Part 565.

Interested persons are invited to submit comments on the petition described above. Comments should refer to the docket number and be submitted to: Docket Section, National Highway Traffic Safety Administration, Room 5109, 400 Seventh Street, S.W.,

Washington, DC 20590. It is requested but not required that 10 copies be submitted.

[STB Finance Docket No. 33547]

IMC Global Inc.—Acquisition of Control Exemption—Trona Railway Company and Hutchinson & Northern Railway Company

IMC Global Inc. (IMC),¹ a publicly-held company headquartered in Illinois, has filed a notice of exemption to acquire control of Trona Railway Company (Trona), a Class III rail carrier operating in California, and Hutchinson & Northern Railway Company (H&N), a Class III rail carrier, operating in Kansas, as part of its acquisition of Harris Chemical Group, Inc. (Harris), a privately-owned Delaware corporation headquartered in New York, which is the corporate parent of Trona and H&N.

IMC's acquisition of Harris will be accomplished through a merger of IMC's subsidiary, IMC Merger Sub Inc. (Newco), with and into Harris, which controls, among other companies, the North American Chemical Company (NACC), which holds all of the outstanding shares of Trona, and the North American Salt Company (NASC), which holds all of the outstanding shares of N&H. Harris will continue, under the name IMC Inorganic Chemicals Inc., as the surviving corporation and wholly owned subsidiary of IMC, and the corporate existence of Newco will cease.

IMC intends to consummate this transaction within 60 days of the

¹ IMC states that it is a noncarrier and that it controls no railroads operating in the United States.

February 4, 1998 filing date of this notice of exemption, but not earlier than the February 11, 1998 effective date of the exemption.

IMC states that: (1) These railroads do not connect with each other; (2) the acquisition of control is not part of a series of anticipated transactions that would connect the railroads with each other or any railroad in its corporate family; and (3) the transaction does not involve a Class I rail carrier. The transaction therefore is exempt from the prior approval requirements of 49 U.S.C. 11323. See 49 CFR 1180.2(d)(2).

Under 49 U.S.C. 10502(g), the board may not use its exemption authority to relieve a rail carrier of its statutory obligation to protect the interests of its employees. Section 11326(c), however, does not provide for labor protection for transactions under sections 11324 and 11325 that involve only Class III railroad carriers. Because this transaction involves Class III rail carriers only, the Board, under the statute, may not impose labor protective conditions for this transaction.

If the notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction.

An original and 10 copies of all pleadings, referring to STB Finance Docket No. 33547, must be filed with the Surface Transportation Board, Office of the Secretary, Case Control Unit, 1925 K Street, N.W., Washington, DC 20423-0001. In addition, a copy of each pleading must be served on: Donald H. Smith, Sidley & Austin, 1722 Eye Street, N.W., Washington, DC 20006.

Decided: February 10, 1998.

By the Board, David M. Konschnick,
Director, Office of Proceedings.

Vernon A. Williams,
Secretary.
