

Burden Statement: The burden covered by this document is limited because little additional Tier 1 activity is anticipated and the EPA is in negotiation with the regulated parties on Alternative Tier 2 requirements for most of the registered products for which standard Tier 2 testing would otherwise be required. This ICR will be amended once the Alternative Tier 2 requirements are established. Thus, over the next three years only one Tier 1 submission and one standard Tier 2 submission are anticipated, with a total burden of 10,400 hours and cost of \$1 million. The annual public reporting and recordkeeping burden for this collection is estimated to average 3,467 hours. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Manufacturers of gasoline, diesel fuel, and fuel additives.

Estimated Number of Respondents: 2.

Frequency of Response: On occasion.

Estimated Total Annual Hour Burden: 3,467 hours.

Estimated Total Annualized Cost Burden: \$154,000.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including the use of automated collection techniques, to the following addresses. Please refer to EPA ICR Number 1696.02 and OMB Control Number 2060-0297 in any correspondence.

GENERAL SERVICES ADMINISTRATION

Office of Acquisition Policy; Determination of Executive Compensation Benchmark Amount Pursuant to Section 808 of the FY 1998 Defense Authorization Act

AGENCY: General Services Administration (GSA).

ACTION: Notice.

SUMMARY: The Acting Administrator of the Office of Federal Procurement Policy (OFPP) has requested that the General Services Administration publish the following notice regarding his determination pursuant to Section 808 of the FY 1998 Defense Authorization Act related to the allowability of certain personal compensation costs covered by the Federal Acquisition Regulation at 48 CFR 31.205-6.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard C. Loeb, Executive Secretary, Cost Accounting Standards Board, OFPP, on (202) 395-3254.

Dated: February 13, 1998.

Edward C. Loeb,

Director, Federal Acquisition Policy Division.

Executive Office of the President

Office of Management and Budget, Washington, D.C. 20503

February 12, 1998.

To the Heads of Executive Departments and Agencies

Subject: Determination of Executive Compensation Benchmark Amount Pursuant to Section 808 of the FY 1998 Defense Authorization Act, Pub. L. 105-85

This memorandum sets forth the "benchmark compensation amount" as required by Section 39 of the Office of Federal Procurement Policy (OFPP) Act (41 U.S.C. 435), as amended. Under Section 39, the "benchmark compensation amount" is "the median amount of the compensation provided for all senior executives of all benchmark corporations for the most recent year for which data is available." The "benchmark compensation amount" established as directed by Section 39 limits the allowability of compensation costs under government contracts. The "benchmark compensation amount" does not limit the compensation that an executive may otherwise receive.

Based on a review of commercially available surveys of executive compensation and after consultation with the Director of the Defense Contract Audit Agency, I have determined pursuant to the requirements of Section 39 that the benchmark compensation amount for contractor fiscal year 1998 is \$340,650. This benchmark compensation amount is to be used for contractor fiscal year 1998, and subsequent contractor fiscal years, unless and until revised by OFPP. This benchmark compensation amount applies to contract costs incurred after January 1, 1998, under covered contracts of both the defense and civilian procurement agencies as specified in Section 808 of the FY 1998 Defense Authorization Act.

Questions concerning this memorandum may be addressed to Richard C. Loeb, Executive Secretary, Cost Accounting Standards Board, OFPP, on (202) 395-3254. Allan E. Brown,

Acting Administrator.
