Needs and Uses: The Defense Logistics Agency uses the report as the principal instrument for measuring, on a semi-annual basis, a cooperative agreement recipient's performance against the goals and objectives as established in their application for which the award was made. Cooperative agreements are awarded on a competitive basis. Past performance is a major evaluation factor for selecting programs to be funded each fiscal year. Past performance data is obtained from the performance report. The data is used to measure recipient accomplishments against goals and objectives set forth in the application. The reported data also provides budget information used to monitor the expenditure of DoD funds and to assure that the DoD/recipient share ratio established at award is maintained. Additionally, the information is used to identify programs that are experiencing difficulty to establish the need for assistance and the frequency of on-site reviews.

FOR FURTHER INFORMATION CONTACT: Ralph DeStefano, Federal Acquisition Policy Division, GSA (202) 501-1758.

SUPPLEMENTARY INFORMATION:

A. Purpose

Bid acceptance period is the period of time from receipt of bids that is available to the Government to award the contract. This acceptance period is normally established by the Government. However, the bidder may establish a longer acceptance period than the minimum acceptance period set by the Government by filling in the blank. There are instances when the Government is unable to award a contract within the acceptance period due to unforeseen complications. Rather than incur the costly expense of readvertising, the Government requests the bidders to extend their bids for a longer period of time.

These data are placed with the respective bids and placed in the contract file to become a matter of record.

B. Annual Reporting Burden

Public reporting burden for this collection of information is estimated to average 1 minute per completion, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

The annual reporting burden is estimated as follows: Respondents, 308; responses per respondent, 40; total annual responses, 12,320; preparation hours per response, .017; and total response burden hours, 209.

Obtaining Copies of Proposals: Requester may obtain a copy of the justification from the General Services Administration, FAR Secretariat (MVRs), Room 4035, 1800 F Street, NW, Washington, DC 20405, telephone (202) 208-7312.
