CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Increase in Allowable Cost Per Full-time Equivalent (FTE) for Indian Tribes Applying for 1999 AmeriCorps and America Reads Funds

AGENCY: Corporation for National and Community Service.

ACTION: Notice.

SUMMARY: The Corporation for National and Community Service (Corporation) announces an increase in the allowable cost per FTE for Indian Tribes applying for 1999 AmeriCorps*State and America Reads funds. The Corporation will consider applications with a cost per FTE of up to \$14,500, provided that the necessity for the increase is clearly documented in the proposal.

FOR FURTHER INFORMATION CONTACT: Cynthia Johnson, (202) 606-5000, ext. 541. TDD (202) 565-2799. For individuals with disabilities, information will be made available in alternative formats upon request.

SUPPLEMENTARY INFORMATION: Pursuant to the National and Community Service Act of 1990, as amended (42 U.S.C. 12501 *et seq.*), the Corporation for National and Community Service (Corporation) makes grants to support national service programs. The Corporation has sent out application packets announcing the availability of \$6,500,000 for its 1999 AmeriCorps*State and America Reads competition for Indian Tribes. According to the application instructions, no grant may exceed the total number of FTE AmeriCorps members multiplied by \$11,250. This notice is to inform applicants that the Corporation will consider applications with a cost per FTE of up to \$14,500, provided that the necessity for the increase is clearly documented in the proposal.

For example, if an applicant wishes to apply for a program supporting 20 full-time AmeriCorps members, the maximum grant award the applicant may receive is $20 \times \$14,500$, or \$290,000. If the applicant applies for 15 full-time members and 10 part-time members, the maximum grant award would also be $20 \times \$14,500$, or \$290,000.

Applicants should keep in mind that proposals requesting a lower cost per member might be deemed more competitive, as this is a factor in our evaluation criteria. Further, whether the Corporation may approve a budget of \$14,500 per member will depend upon whether the average cost per FTE requested for all program applicants,

including those submitted pursuant to this notice, meets the \$11,250 cost per FTE target.

Dated: March 18, 1999.

Thomas L. Bryant,

Acting General Counsel.

Summary of Information Collection

Each clause requires the contractor to submit certain information that the contracting officer uses to adjust contract prices:

a. Paragraph (c) of the clause at DFARS 252.216-7000 requires the contractor to notify the contracting officer of the amount and effective date of each decrease in any established price. Paragraph (d) of the clause permits the contractor to submit a written request to the contracting officer for an increase in contract price.

b. Paragraph (f)(2) of the clause at DFARS 252.216-7001 requires the

contractor to furnish a statement identifying the correctness of the established prices and employee hourly earnings that are relevant to the computation of various indices. Paragraph (f)(3) of the clause requires the contractor to make available all records used in the computation of labor indices upon the request of the contracting officer.

c. Paragraph (b)(1) of the clause at DFARS 252.216-7003 permits the contractor to provide a written request for contract adjustment based on increases in wage rates or material prices that are controlled by a foreign government. Paragraph (c) of the clause requires the contractor to make available its books and records that support a requested change in contract price.

DEPARTMENT OF DEFENSE

Department of the Navy

Record of Decision for the Disposal and Reuse of Naval Training Center, San Diego, California

SUMMARY: The Department of the Navy (Navy), pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. § 4332(2)(C), and the regulations of the Council on Environmental Quality that implement NEPA procedures, 40 C.F.R. Parts 1500-1508, hereby announces its decision to dispose of Naval Training Center (NTC) San Diego in San Diego, California.

Navy and the City of San Diego jointly analyzed the impacts of the disposal and reuse of Naval Training Center San Diego in an Environmental Impact Statement/Environmental Impact Report (EIS/EIR) prescribed by NEPA and the California Environmental Quality Act (CEQA), Cal. Pub. Res. Code, §§ 21000-21177. The EIS/EIR analyzed five reuse alternatives and identified the Naval Training Center San Diego Draft Reuse Plan dated June 1997 (Reuse Plan) as the Preferred Alternative. The City of San Diego is the Local Redevelopment Authority (LRA) for Naval Training Center San Diego. Department of Defense Rule on Revitalizing Base Closure Communities and Community Assistance (DoD Rule), 32 C.F.R. § 176.20(a).

The Preferred Alternative proposed a mix of residential, educational, commercial, public and recreational uses. These include housing, two hotels,

an environmental monitoring laboratory and related administrative facility for the San Diego Metropolitan Wastewater Department, a public safety institute, a nesting site for the California least tern, and expansion of the adjacent San Diego International Airport (Lindbergh Field).

Navy intends to dispose of NTC San Diego in a manner that is consistent with the Reuse Plan. Navy has determined that a mixed land use will meet the goals of achieving local economic redevelopment, creating new jobs, and providing additional housing, while limiting adverse environmental impacts and ensuring land uses that are compatible with adjacent property. This Record Of Decision does not mandate a specific mix of land uses. Rather, it leaves selection of the particular means to achieve the proposed redevelopment to the acquiring entities and the local zoning authority.

Background

Under the authority of the Defense Base Closure and Realignment Act of 1990 (DBCRA), Public Law 101-510, 10 U.S.C. § 2687 note, the 1993 Defense Base Closure and Realignment Commission recommended the closure of Naval Training Center San Diego. This recommendation was approved by President Clinton and accepted by the One Hundred Third Congress in 1993. Naval Training Center San Diego closed on April 30, 1997, and Navy is currently maintaining the property in a caretaker status.

The Naval Training Center is located in San Diego County, California, within the corporate limits of the City of San Diego. The base is bounded on the north and west by Rosecrans Street and the San Diego communities of Loma Portal and Point Loma; on the south by San Diego Bay and Harbor Drive; and on the east by Lindbergh Field. Harbor Drive, a City road on Navy property, is located on the southern side of NTC San Diego and lies adjacent to San Diego Bay.

The 541-acre property consists of two areas that are separated by a 51-acre manmade waterway known as the Boat Channel. The main part of the base covers 377 acres and is situated west of the Boat Channel. The other part of the base, known as Camp Nimitz, covers 113 acres and is located east of the Boat Channel.

Navy will retain part of the NTC San Diego complex, *i.e.*, 30 acres containing the training and conference center known as the Admiral Kidd Club (Building A3); the United States Pacific Fleet Intelligence Training Center (Building 564); 7 acres containing the Consolidated Area Telephone Service facilities (Building 600); and 1 acre
