BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 9384-001-ME]

David Head; Notice of Availability of Environmental Assessment

March 23, 1999.

An environmental assessment (EA) is available for public review. The EA is for an application to surrender the exemption for the White's Brook Micro Hydroelectric Project, located on White's Brook near the town of Gilead, in Oxford County, Maine.

The EA evaluates the environmental impacts that would result from the removal of all existing hydropower facilities at the site. The EA finds that approval of the application would not constitute a major federal action significantly affecting the quality of the human environment.
