Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a list of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (301)443-7978.

GPRA Client Outcomes for the Substance Abuse and Mental Health Services Administration (SAMHSA)

NEW—The mission of the Substance Abuse and Mental Health Services Administration (SAMHSA) is to improve the effectiveness and efficiency of substance abuse and mental health treatment and prevention services across the United States. All of SAMHSA's activities are designed to ultimately reduce the gap in the availability of substance abuse and

mental health services and to improve their effectiveness and efficiency.

Data will be collected from all grantees under four Fiscal Year 1998 grant programs of the Center for Substance Abuse Treatment and from all SAMHSA knowledge development and application and targeted capacity expansion grants and contracts where client outcomes are to be assessed at intake and post-treatment beginning in Fiscal Year 1999. SAMHSA-funded projects will be required to submit this data as a contingency for their award. The analysis of the data will also help determine whether the goal of reducing health and social costs of drug use to the public is being achieved.

The primary purpose of the proposed data collection activity is to meet the reporting requirements of the Government Performance Review Act (GPRA) (Public Law 103-62) by allowing SAMHSA to quantify the effects and accomplishments of SAMHSA programs. In addition, the data will be useful in addressing goals and objectives outlined in ONDCP's *Performance Measures of Effectiveness*. Following is the estimated annual response burden for this effort.

Center	Number of clients	Responses/client	Hours/response	Annual burden hours
Center for Substance Abuse Treatment	3,750	3	.70	2,625
Center for Substance Abuse Prevention	12,150	3	.63	7,654
Center for Mental Health Services	13,837	3	.25	3,459
TOTAL				13,738

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: Daniel Chenok, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503.

Dated: March 25, 1999.

Richard Kopanda,

Executive Officer, SAMHSA.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4491-N-01]

Draft Environmental Impact Statement: City of Hartford, CT; Section 108 Loan Guarantee/BEDI Grant

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: The Department of Housing and Urban Development gives this notice to the public that the City of Hartford, Connecticut intends to prepare an Environmental Impact Statement (EIS) for the Adriaen's Landing Project, which, among other components, includes a 68,000 person open-air stadium in the city of Hartford, Connecticut.

This Notice is in accordance with regulations of the Council on Environmental Quality as described in

40 CFR parts 1500-1508. Federal agencies having jurisdiction by law, special expertise, or other special interest should report their interests and indicate their readiness to aid in the EIS effort as a "Cooperating Agency."

A Draft Environmental Impact Statement will be completed for the proposed action described herein. Comments relating to the Draft EIS are requested and will be accepted by the contact person listed below. When the Draft EIS is completed, a notice will be sent to individuals and groups known to have an interest on the Draft EIS and particularly on the environmental impact issues identified therein. Any person or agency interested in receiving a notice and making comment on the Draft EIS should contact the person listed below.

ADDRESSES: All interested agencies, groups and persons are invited to submit written comments on the within-named project and the Draft Environment Impact Statement to the

following contact person. Such comments should be received by the office of the contact person and all comments so received will be considered prior to the preparation and distribution of the Draft Environmental Impact Statement.

Particularly solicited is information on reports or other environmental studies planned or completed in the project area, major issues and date which the EIS should consider and recommended mitigating measures and alternatives associated with the proposed project. Federal agencies having jurisdiction by law, special expertise or other special interest should report their interests and indicate their readiness to aid the EIS effort as a "cooperating agency".

FOR FURTHER INFORMATION CONTACT: Dennis J. Johnson, Contract Manager, City of Hartford, Division of Management & Budget, Office of Grants Management, Room 108, 550 Main Street, Hartford, Connecticut, 06103. Telephone: (860) 543-8650.

SUPPLEMENTARY INFORMATION: The City of Hartford, acting on behalf of the U.S. Department of Housing and Urban Development, in cooperation with the Capital City Economic Development Authority, the Federal Highway Administration, and other interested agencies will prepare an Environmental Impact Statement (EIS) to analyze potential impacts of constructing a 40-acre mixed use development complex including: (1) An entertainment/retail venue of approximately 426,000 square feet, (2) an approximately 68,000 person capacity open air stadium, (3) an approximately 200,000 square feet convention center, (4) an approximately 700-room convention center hotel, (5) an NFL pavilion for theme dining, interactive entertainment and other non-football business, (6) an interactive Connecticut River Discovery Center (aquarium/history museum), (7) approximately 350 residential apartments with some retail frontage, (8) an approximately 350-room business hotel, (9) parking facilities representing approximately 7,500 spaces, (10) relocation and modification of sewer, water, and other utility infrastructure and vehicular and pedestrian traffic access modifications. Adriaen's Landing will be located in downtown Hartford along the Connecticut River. The estimated cost for this project is 1.3 billion dollars.

The City of Hartford has been awarded a Brownfield Economic Development Initiative (BEDI) grant from the DHUD which will help with the costs associated with site

preparation activities. The grant funds will be combined with up to \$13 million in the Section 108 loan authority, \$5 million of which will be specifically used in conjunction with the BEDI funds on the entertainment/retail component of the project.

The remaining \$8 million will be used for eligible activities associated with the project. DHUD funds will not be used to support the stadium. Seven acres of the 40-acre development are air rights over Interstate 91 and the Whitehead Highway. The Federal Highway Administration would need to approve the use of this air space and will, therefore, be a cooperating agency.

To ensure that a full range of issues related to this proposed action are addressed and all significant issues identified, comments and suggestions are invited from all interested parties.

An information open house followed by a scoping meeting will be held on Thursday, April 15, 1999 at Betances School, 42 Charter Oak Avenue, Hartford, CT 06103. The open house will be held from 5-7 p.m. followed by the scoping meeting from 7-9 p.m. The scoping is for determining the scope of issues to be addressed in the EIS and for identifying the significant issues related to the proposed Adriaen's Landing project.

Need For the EIS

It has been determined that the project may constitute an action significantly affecting the quality of the human environment, and an Environmental Impact Statement will be prepared by the City of Hartford in cooperation with the Capital City Economic Development Authority in accordance with the National Environmental Policy Act of 1969 (Pub. L. 91-190) on such project.

Responses to this notice will be used to:

1. Determine significant environmental issues;
2. Identify data which the EIS should address; and
3. Identify agencies and other parties which will participate in the EIS process and the basis for their involvement.

This notice is in accordance with the regulations of the Council on Environmental Quality under its rule (40 CFR part 1500).

The Draft Environmental Impact Statement will be published and distributed about August 9, 1999 and a copy will be on file at the City of Hartford, Division of Management and Budget, Room 108, 550 Main Street, Hartford, CT 06103 and available for public inspection, or copies may be

attained at the same address, upon request.

Scoping

This notice is part of the process used for scoping the EIS. Responses will help determine significant environmental issues, identify data which the EIS should address, and help identify cooperating agencies.

The Draft Environmental Impact Statement will be published upon completion and will be on file, and available for public inspection at the address listed above. Copies may also be obtained upon request, at the same address.

This Notice shall be in effect for one year. If one year after the publication of the Notice in the **Federal Register** a draft EIS has not been filed on the project, then the Notice for that project shall be cancelled. If a draft EIS is expected more than one year after the publication of this Notice, a new and updated Notice must be published.

Dated: March 26, 1999.
