March 29, 1999.

Take notice that on March 25, 1999, the Market Surveillance Committee (MSC) of the California Independent System Operator Corporation (ISO) filed with the Federal Energy Regulatory Commission its "Report on Redesign of Markets for Ancillary Services and Real-Time Energy" prepared in compliance with the Commission's October 28, 1998 Order and March 22, 1999 letter order in the above-captioned proceedings. The MSC has requested confidential treatment, on a temporary basis, of certain information contained in the report in accordance with Section 388.112 of the Commission's regulations (18 CFR 388.112). The ISO has served public versions of the report, which do not contain the information for which temporary confidential treatment is sought, upon each person on the official service list in the above-captioned proceedings.

Any person desiring to be heard or to protest such filing should file a motion

to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions and protests should be filed on or before April 12, 1999. Once the ISO releases the entire report to the public, parties will have an opportunity to supplement their comments and/or protests. Protests will be considered by the Commission to determine the appropriate action to be taken but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. Central Vermont Public Service Corporation; Notice of Filing

March 29, 1999.

Take notice that on March 23, 1999, Central Vermont Public Service Corporation (Central Vermont) filed an application under Section 203 of the Federal Power Act and Part 33 of the Commission's regulations for expedited authorization to acquire a security from its wholly-owned subsidiary, Connecticut Valley Electric company, Inc. (Connecticut Valley). Central Vermont seeks authorization to purchase a note and its related loan agreement between Connecticut Valley and Citizens Bank New Hampshire (Citizens Bank) in a face amount of \$3.75 million. Central Vermont states that Connecticut Valley is in default on the note payments and that Central Vermont must purchase the note and loan agreement to prevent acceleration and attachment and foreclosure proceedings against Connecticut Valley. Unless Central Vermont acts quickly to cure the default, Connecticut Valley may become insolvent, and Central Vermont's credit rating will be adversely affected.

Any person desiring to be heard or to protest such filing should file a motion

to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions and protests should be filed on or before April 8, 1999. Protests will be considered by the Commission to determine the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. [Docket No. PR99-11-000]

The Cincinnati Gas & Electric; Notice of Rate Election

March 29, 1999.

Take notice that on March 1, 1999, The Cincinnati Gas & Electric Company (Cincinnati) filed a rate election, pursuant to 284.123(b)(1)(ii) of the Commission's regulations. Cincinnati proposes an effective date of March 1, 1999. The filing contains the Operating Statement required by Section 284.224 of the Commission's regulations.

Pursuant to 284.123(b)(1)(ii) of the Commission's regulations, Cincinnati proposes to utilize a cost-based rate that has been approved by the Public Service Commission of Ohio, in this instance Cincinnati's currently effective Rate IT for comparable interruptible transportation service.

Cincinnati's commodity charge included in the Rate IT (currently \$0.544 per MCF) would supplant the rate previously accepted by the Commission. This commodity charge will be the sole charge applicable to the service rendered pursuant to Cincinnati's Order No. 63 blanket certificate, thereby excluding the incremental charges otherwise applicable under Rate IT that are intended to recover costs associated with Cincinnati's retail distribution service.

Any person desiring to be heard or to make any protest with reference to said application should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C., in accordance with 385.211 and 385.214 of the Commission's Rules of Practice and Procedure. All such motions or protests must be filed on or before April 12, 1999. All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party to this proceeding or to participate as a party in any hearing herein must file a motion to intervene in accordance with the Commission's Rules. The petition for rate election is available for inspection in the Public Reference Room. This filing may also be viewed on the web at <http://www.ferc.us/online/rims.htm> [Call (202) 208-2222 for assistance].
