Agency Information Collection Activities: Proposed Request and Comment Request

I. In compliance with Pub. L. 104-13, the Paperwork Reduction Act of 1995, SSA is providing notice of its information collection packages that require submission to the Office of Management and Budget (OMB). SSA is soliciting comments on the accuracy of the agency's burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility and clarity; and on ways to minimize burden on respondents, including the use of automated collection techniques or other forms of information technology.

The information collections, listed below, will be submitted to OMB within 60 days from the date of this notice. Comments and recommendations regarding the information collections would be most useful if received by the Agency within 60 days from the date of this publication. Comments should be directed to the SSA Reports Clearance Officer at the address listed at the end of this notice.

1. Coverage of Employees of State and Local Governments—20 CFR Part 404—0960-0425. This current rule contains reporting and recordkeeping requirements in 20 CFR Part 404 (see table below). The regulation sections cited require State and/or interstate instrumentalities to provide certain information to SSA that is needed to extend Social Security coverage to public sector workers for pre-1987 tax years, and to maintain accurate records of social security agreements. SSA would not be able to provide coverage to these workers and would be in violation of the statute requiring coverage if the information was not collected.

This rule applies to 52 state agencies who could submit modifications to their Social Security coverage agreements and 3 interstate instrumentalities who could submit agreements for coverage, and one annual response for each. In actuality, SSA may receive any number of reports from a few States and no reports from the remainder. From past experience, SSA anticipates that no error modifications will be filed for tax years prior to 1987, nor wage reports and contributions payments for an error situation where wages have never been reported for those years. In addition, the reporting requirements in sections 404.1242, .1251 and .1271(a)& (c) no longer exist so we are showing no public reporting burden for these sections. SSA plans to publish a Notice

of Proposed Rulemaking to eliminate the obsolete reporting requirements from these sections. For the remaining

sections, SSA is basing the public burden estimates on the total number of respondents that could potentially

report to us, although we anticipate the actual number will be less.

Section	Number of States	Frequency of response	Individual burden	Annual burden (in hours)
404.1203(a)	52	1	1 hour	52
404.1204(a) & (b)	52	1	30 minutes ..	26

2. Current Rule Regarding Continuation of Full Benefit Standard for Persons Institutionalized—0960–0516. The information collected by the Social Security Administration will be used to determine if a recipient of Supplemental Security Income benefits, who is temporarily institutionalized, is eligible to receive a full benefit. The respondents will be such recipients and their physicians.

Frequency of Response: 1.
Average Burden Per Response: 5 minutes.
Estimated Average Burden: 5,000 hours.

II. The information collection listed below has been submitted to OMB for clearance.
