DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of Inspector General

Program Exclusions: March 1999

AGENCY: Office of Inspector General, HHS.

ACTION: Notice of program exclusions. During the month of March 1999, the HHS Office of Inspector General imposed exclusions in the cases set forth below. When an exclusion is imposed, no program payment is made to anyone for any items or services (other than an emergency item or service not provided in a hospital emergency room) furnished, ordered or prescribed by an excluded party under the Medicare, Medicaid, and all Federal Health Care programs. In addition, no program payment is made to any business or facility, e.g., a hospital, that submits bills for payment for items or services provided by an excluded party. Program beneficiaries remain free to decide for themselves whether they will continue to use the services of an excluded party even though no program payments will be made for items and services provided by that excluded party. The exclusions have national effect and also apply to all Executive Branch procurement and non-procurement programs and activities.

OAKLAND, NJ		JAY, WAYNE DOYLE	04/20/1999	SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (Pub. L. No. 104-13) and Office of Management and Budget (OMB) regulations at 5 C.F.R. 1320 (60 FR 44978, August 29, 1995), this notice announces the intention of the Department of Clinical Bioethics, National Institutes of Health (NIHDCB) to request approval for a new information collection, the Organ Procurement Survey. The proposed information collection was previously published in the Federal Register on May 5, 1998, page 24815 and allowed 60-days for public comment. No public comments were received. However, a respondent group has been deleted. This collection will now only involve surveying Organ Procurement Organizations (OPOs). The purpose of this notice is to allow an additional 30 days for public comment. The National Institutes of Health may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.
