ENVIRONMENTAL PROTECTION AGENCY

[FRL-6330-5]

Proposed Administrative Cashout De Minimis Settlement Under Section 122(g) of the Comprehensive Environmental Response Compensation and Liability Act; In the Matter of Tri-County/Elgin Landfill Site, Kane County, IL

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice; request for public comment.

SUMMARY: In accordance with section 122(i) of the Comprehensive Environmental Response, Compensation, and Liability Act, as amended ("CERCLA"), 42 U.S.C. 9622(i), notice is hereby given of a proposed administrative settlement for recovery of past and projected future response costs concerning the Tri-County/Elgin Landfill site in Kane County, Illinois, with the settling parties listed in the Supplementary Information portion of this document. The settlement requires the 125 settling parties to pay \$2,072,421.00 to the Hazardous Substance Superfund.

The total cost of the cleanup (without adjustments, such as the premium and the use of only a percentage of the cost of the groundwater component) is \$25,649,139.43. This number is the sum of EPA's past costs of \$2,536,732.00, plus past costs incurred by certain potentially responsible parties of \$2,039,318.43, plus capital costs of \$16,650,000.00 for the landfill cap and the gas extraction remedy components, plus the capital cost for the groundwater component of \$3,623,089.00, plus EPA's estimated future oversight cost of \$800,000.00. For purposes of the *de minimis* offer, the groundwater component costs were adjusted downward, and total future site costs were assigned a premium of 30%. These cost adjustments were for reasons of fairness. The *de minimis* generator class' share of responsibility, as reflected in the total site costs, was further adjusted by taking into consideration other parties, besides generators, who may be liable at the site. The generator class' allocated responsibility is 50%, and is reflected through a downward adjustment to the Total Site Cost. Thus, the generator site cost is 50% of the total site cost (because the transporters and the owner/operator also are potentially responsible for response costs). The owner/operator and transporter classes are assigned responsibility for the portion of the costs not assigned to the

generator class. Payment amounts for each *de minimis* generator were calculated by multiplying the generator site cost by each *de minimis* generator's percentage share of volume contributed to the site.

Under the terms of the settlement, the *de minimis* generators who sign the Consent Order agree to pay their respective settlement amounts. In exchange for those payments, the United States covenants not to sue or take administrative action pursuant to sections 106 and 107(a) of CERCLA, 42 U.S.C. 9606 and 9607(a), relating to the Site. In addition, participating *de minimis* generators will be entitled to protection from contribution actions or claims as provided by sections 113(f) and 122(g)(5) of CERCLA, 42 U.S.C. 9613(f) and 9622(g)(5), for all response costs incurred and to be incurred by any person at the Site.

For thirty (30) days following the date of publication of this document, the Agency will receive written comments relating to the settlement. The Agency will consider all comments received and may modify or withdraw its consent to the settlement if comments received disclose facts or considerations which indicate that the settlement is inappropriate, improper, or inadequate. The Agency's response to any comments received will be available for public inspection at EPA's Region 5 Office at 77 West Jackson Boulevard, Chicago, Illinois 60604 and at the Gail Borden Public Library in Elgin.

DATES: Comments must be submitted on or before May 24, 1999.

ADDRESSES: The proposed settlement is available for public inspection at EPA's Record Center, 7th floor, 77 W. Jackson Blvd., Chicago, Illinois 60604. A copy of the proposed settlement may be obtained from Jeffrey A. Cahn, Associate Regional Counsel, U.S. EPA, Mail Code C-14J, 77 W. Jackson Blvd., Chicago, Illinois 60604, telephone (312) 886-6670. Comments should reference the Tri-County/Elgin Landfill site, Kane County, Illinois, and EPA Docket No. V-W-99-C-507, and should be addressed to Jeffrey A. Cahn, Associate Regional Counsel, U.S. EPA, Mail Code C-14J, 77 W. Jackson Blvd., Chicago, Illinois 60604.
