**SUPPLEMENTARY INFORMATION:** It is Service policy to have all lands within the National Wildlife Refuge System managed in accordance with an approved CCP. The CCP guides management decisions and identifies

Public input into this planning process has assisted in the development of the draft document. The CCP will provide other agencies and the public with a clear understanding of the desired conditions for the refuge and how the Service will implement management strategies.

The Service intends to consider comments and advice generated in response to the draft document prior to the preparation of a final CCP. The Service is furnishing this notice in compliance with Service CCP policy: (1) to advise other agencies and the public of the availability of the draft document, and (2) to obtain suggestions and recommendations for consideration in preparation of the final document.

The Service anticipates that the final CCP document and any associated NEPA documents will be available by September 1, 1999.
