#### National Oilwell, McAlester, OK; Notice of Revised Determination on Reconsideration

On March 18, 1999, the Department issued an Affirmative Determination Regarding Application on Reconsideration applicable to workers and former workers of the subject firm. The notice was published in the **Federal Register** on April 6, 1999 (64 FR 16757). The Department initially denied TAA to workers of National Oilwell, McAlester, Oklahoma, because the "contributed importantly" group eligibility requirement of section 223(3) of the Trade Act of 1974, as amended, was not met.

On reconsideration, the Department obtained additional information from the company concerning imports of liners such as those manufactured at the subject facility. The company provided information which referred a reduction

of liner production at the subject facility while the facility increased its reliance on imports of liners.

### Conclusion

After careful review of the additional facts obtained on reconsideration, I conclude that increased imports of articles like or directly competitive with liners contributed importantly to the declines in sales or production and to the total or partial separation of workers of National Oilwell, McAlester, Oklahoma. In accordance with the provisions of the Act, I make the following certification:

All workers of National Oilwell, McAlester, Oklahoma engaged in the production of liners who became totally or partially separated from employment on or after October 22, 1997 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974;
