SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment at the address specified above. Copies of the requests are available from Patrick J. Sherrill at the address specified above. The Department of Education is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

SUPPLEMENTARY INFORMATION: General—The formulas for determining the interest rates for Direct Loan and FFEL Program loans are provided in sections 455(b), 427A, and 428C of the Higher Education Act of 1965, as amended (HEA). These provisions are amended by sections 452 and 416 of the Higher Education Amendments of 1998 (Pub. L. 105-244), which were enacted on October 7, 1998. The 1998 Amendments extend to July 1, 2003, the interest rate formulas for student and parent loans that have been in effect since July 1, 1998.

The interest rate calculations for all student and parent loans in the Direct Loan and FFEL programs for which the first disbursement is made on or after October 1, 1998, are based on the bond equivalent rate of the 91-day Treasury bills auctioned at the final auction held before June 1.

The Amendments change the formulas for setting interest rates on Consolidation loans under both the Direct Loan and the FFEL programs. However, the bill sets different effective dates for each program. The interest rate for new Consolidation loans is calculated by taking the weighted average of the loans being consolidated, and rounding up to the nearest higher 1/8th of 1 percent. Except as noted below under Federal Family Education Loan Program, it is a fixed rate and may not exceed 8.25 percent. This interest rate formula applies to FFEL Consolidation loans for which the application is received by an eligible lender on or after October 1, 1998, and before July 1, 2003. The same formula applies to Direct Loan Consolidation loans for which the application is received on or after February 1, 1999, and before July 1, 2003. The 1998 Amendments establish temporary rules for calculating the interest rate for Direct Loan Consolidation loans (both student and parent) for which the application is received on or after October 1, 1998, and before February 1, 1999. For these loans, the interest rate is determined annually and equals the bond equivalent rate of 91-day Treasury bills auctioned at the final auction held before June 1st plus 2.3 percent. The interest rate is capped at 8.25 percent.

The bond equivalent rate of 91-day Treasury bills auctioned on May 26, 1998, is 5.155 percent, which rounds to 5.16 percent.
