## DEPARTMENT OF JUSTICE

### **Executive Office for Immigration Review; Agency Information Collection Activities: New Collection; Comment Request**

**ACTION:** Notice of information collection under review; Immigration practitioner complaint form, Executive Office for Immigration Review.

Notice of this new information collection is published to obtain comments from the public and affected agencies. Comments are encouraged and will be accepted until July 2, 1999.

The agency requests written comments and suggestions from the public and affected agencies concerning this new collection of information. Your comments should address one or more of the following four points:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

If you have additional comments, suggestions, or need a copy of the information collection instrument with instructions, or additional information, please contact Margaret M. Philbin, Acting General Counsel, Executive Office for Immigration Review, U.S. Department of Justice, Suite 2400, 5107 Leesburg Pike, Falls Church, Virginia 22041; telephone (703) 305-0470. Additionally, comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time may also be directed to Ms. Philbin.

Overview of this information collection:

(1) Type of Information Collection: *New Collection of Information.*

(2) Title of the Form/Collection: Immigration Practitioner Complaint Form, Executive Office for Immigration Review.

(3) Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection: Form EOIR-44, Executive Office for Immigration Review, U.S. Department of Justice.

(4) Affected public who will be asked to respond, as well as a brief abstract: The information on this form will be used to determine whether or not, assuming the truth of the factual allegations raised therein, the Office of the General Counsel of the Executive Office for Immigration Review should conduct a preliminary disciplinary inquiry, request additional information from the responding complainant, refer the matter to a state bar disciplinary authority or other law enforcement agency, or take no further action.

(5) An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond: 500 responses per year at 2 hours per response.

(6) An estimate of the total public burden (in hours) associated with the collection: 1000 annual burden hours.

If additional information is required contact: Mr. Robert B. Briggs, Clearance Officer, United States Department of Justice, Information Management and Security Staff, Justice Management Division, Suite 850, Washington Center, 1001 G Street, NW, Washington, DC 20530.

Dated: April 28, 1999.

**Robert B. Briggs,**

## NUCLEAR REGULATORY COMMISSION

### Agency Information Collection Activities: Proposed Collection; Comment Request

**AGENCY:** U. S. Nuclear Regulatory Commission (NRC).

**ACTION:** Notice of pending NRC action to submit an information collection request to OMB and solicitation of public comment.

**SUMMARY:** The NRC is preparing a submittal to OMB for review of continued approval of information

collections under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

Information pertaining to the requirement to be submitted:

1. The title of the information collection: 10 CFR part 35, "Medical Use of Byproduct Material."

2. Current OMB approval number: 3150-0010.

3. How often the collection is required: Required reports are collected and evaluated on a continuing basis as needed due to a change in programs or as events occur.

4. Who is required or asked to report: Physicians and medical institutions who are applicants for, or hold, an NRC license authorizing the administration of byproduct material, or its radiation to humans for medical use.

5. The number of annual respondents: 1,891 NRC licensees and 4,728 Agreement State licensees.

6. The number of hours needed annually to complete the requirement or request: 369,916 hours for NRC licensees and 924,765 hours for Agreement State licensees, for a total burden of 1,294,681 hours (196 hours per licensee).

7. Abstract: 10 CFR part 35, "Medical Use of Byproduct Material," contains requirements that apply to NRC licensees who are authorized to administer byproduct material or its radiation to humans for medical use. The information in the required reports and records is used by the NRC to ensure that the health and safety of the public is protected, and that the licensee's possession and use of byproduct material is in compliance with the license and regulatory requirements. The revision is a net decrease adjustment in burden resulting from a decrease in the number of affected licensees.

Submit, by July 2, 1999 comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?

2. Is the burden estimate accurate?

3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?

4. How can the burden of the information collection be minimized, including the use of automated collection techniques or other forms of information technology?

A copy of the draft supporting statement may be viewed free of charge at the NRC Public Document Room, 2120 L Street, NW (lower level), Washington, DC. OMB clearance requests are available at the NRC worldwide web site (<http://www.nrc.gov/NRC/PUBLIC/OMB/index.html>). The document will be available on the NRC home page site for 60 days after the signature date of this notice.

Comments and questions about the information collection requirements may be directed to the NRC Clearance Officer, Brenda Jo. Shelton, U.S. Nuclear Regulatory Commission, T-6 E6, Washington, DC 20555-0001, by telephone at 301-415-7233, or by Internet electronic mail at [BJS1@NRC.GOV](mailto:BJS1@NRC.GOV).

Dated at Rockville, Md., this 27th day of April 1999.

For the Nuclear Regulatory Commission.

## NUCLEAR REGULATORY COMMISSION

[Docket No. 50-302]

### Florida Power Corp; Application for Amendment to Facility Operating License

The U.S. Nuclear Regulatory Commission (the Commission) has granted a request by the Florida Power Corporation (FPC) to withdraw its October 16, 1998, application, with supplement dated December 22, 1998, for an amendment to Facility Operating License No. DPR 72, issued to FPC for operation of the Crystal River Nuclear Generating Unit 3 (CR-3) located in Citrus County, Florida. Notice of consideration of issuance of this amendment was published in the **Federal Register** on November 18, 1998 (63 FR 64116).

The proposed amendment would have changed the CR-3 Final Safety Analysis Report (FSAR), Improved Technical Specifications (ITS) and ITS Bases to resolve an Unreviewed Safety Question (USQ). This USQ was created by changing the normal standby position of valves DHV-34 and DHV-35 (low pressure injection (LPI) pump suction valves from borated water storage tank) from normally open to normally closed. Maintaining these valves normally closed had been determined to be necessary to ensure assumptions used in fire protection analyses remain valid. The proposed amendment would have also added new ITS surveillance requirements for verifying on a periodic basis that the LPI system components and piping, and the
