## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Substance Abuse and Mental Health Services Administration

#### Current List of Laboratories Which Meet Minimum Standards To Engage in Urine Drug Testing for Federal Agencies, and Laboratories That Have Withdrawn From the Program

**AGENCY:** Substance Abuse and Mental  
Health Services Administration, HHS.

**ACTION:** Notice.

**SUMMARY:** The Department of Health and Human Services notifies Federal agencies of the laboratories currently certified to meet standards of Subpart C of Mandatory Guidelines for Federal Workplace Drug Testing Programs (59 FR 29916, 29925). A similar notice listing all currently certified laboratories will be published during the first week of each month, and updated to include laboratories which subsequently apply for and complete the certification process. If any listed laboratory's certification is totally suspended or revoked, the laboratory will be omitted from updated lists until such time as it is restored to full certification under the Guidelines.

If any laboratory has withdrawn from the National Laboratory Certification Program during the past month, it will be identified as such at the end of the current list of certified laboratories, and will be omitted from the monthly listing thereafter.

This Notice is now available on the internet at the following website: <http://www.health.org/workpl.htm>

**FOR FURTHER INFORMATION CONTACT:** Mrs. Giselle Hersh or Dr. Walter Vogl, Division of Workplace Programs, 5600 Fishers Lane, Rockwall 2 Building, Room 815, Rockville, Maryland 20857; Tel.: (301) 443-6014.

**Special Note:** Please use the above address for all surface mail and correspondence. For all overnight mail service use the following address: Division of Workplace Programs, 5515 Security Lane, Room 815, Rockville, Maryland 20852.

**SUPPLEMENTARY INFORMATION:** Mandatory Guidelines for Federal Workplace Drug Testing were developed

in accordance with Executive Order 12564 and section 503 of Pub. L. 100-71. Subpart C of the Guidelines, "Certification of Laboratories Engaged in Urine Drug Testing for Federal Agencies," sets strict standards which laboratories must meet in order to conduct urine drug testing for Federal agencies. To become certified an applicant laboratory must undergo three rounds of performance testing plus an on-site inspection. To maintain that certification a laboratory must participate in a quarterly performance testing program plus periodic, on-site inspections.

Laboratories which claim to be in the applicant stage of certification are not to be considered as meeting the minimum requirements expressed in the HHS Guidelines. A laboratory must have its letter of certification from SAMHSA, HHS (formerly: HHS/NIDA) which attests that it has met minimum standards.

In accordance with Subpart C of the Guidelines, the following laboratories meet the minimum standards set forth in the Guidelines:

ACL Laboratories, 8901 W. Lincoln Ave., West Allis, WI 53227, 414-328-7840 (formerly: Bayshore Clinical Laboratory)

\* The Standards Council of Canada (SCC) voted to end its Laboratory Accreditation Program for Substance Abuse (LAPSA) effective May 12, 1998. Laboratories certified through that program were accredited to conduct forensic urine drug testing as required by U.S. Department of Transportation (DOT) regulations. As of that date, the certification of those accredited Canadian laboratories will continue under DOT authority. The responsibility for conducting quarterly performance testing plus periodic on-site inspections of those LAPSA-accredited laboratories was transferred to the U.S. DHHS, with the DHHS' National Laboratory Certification Program (NLCP) contractor continuing to have an active role in the performance testing and laboratory inspection processes. Other Canadian laboratories wishing to be considered for the NLCP may apply directly to the NLCP contractor just as U.S. laboratories do.

Upon finding a Canadian laboratory to be qualified, the DHHS will recommend that DOT certify the laboratory (**Federal Register**, 16 July 1996) as meeting the minimum standards of the "Mandatory Guidelines for Workplace Drug Testing" (59 **Federal Register**, 9 June 1994, Pages 29908-29931). After receiving the DOT certification, the laboratory will be included in the monthly list of DHHS certified laboratories and participate in the NLCP certification maintenance program.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Substance Abuse and Mental Health Services Administration

#### Supplemental Grant Award to Pace/Orchard Place-Child Guidance, Inc. in Des Moines, Iowa

**AGENCY:** Center for Substance Abuse Prevention (CSAP), Substance Abuse and Mental Health Services Administration (SAMHSA), HHS

**ACTION:** Availability of grant funds for Pace/Orchard Place-Child Guidance, Inc. to supplement the substance abuse prevention program for youth at risk for gang involvement and/or first

involvement in juvenile with a family strengthening component.

**SUMMARY:** This notice is to inform the public of a planned \$250,000 grant award to Pace/Orchard Place-Child Guidance, Inc. in Des Moines, Iowa to support the Iowa Youth Substance Abuse Prevention Community-Based Initiative. This is not a formal request for applications; assistance will be provided only to Pace/Orchard Place-Child Guidance, Inc., in Des Moines, Iowa. The purpose of the award is to strengthen the families of youth in Des Moines, Iowa at risk for gang involvement and/or first involvement in juvenile court. This program is intended to enhance the substance abuse prevention program provided to these youth, under the prior announcement entitled Iowa Youth Substance Abuse Prevention Community-Based Initiative Guidance for Applicants (GFA) No. SP 97-006, for Davenport and Des Moines, Iowa. This new GFA solicits an application from PACE/Orchard Place-Child Guidance, Inc. in Des Moines, Iowa, to support the existing program SAMHSA first funded in 1997, which expanded substance abuse prevention services among youth gang members in Des Moines and Davenport, Iowa, and encouraged the implementation of substance abuse prevention programs for youth who are vulnerable to gang involvement and the first stages of involvement in juvenile court. CSAP will make this award if the application is recommended for approval by the Initial Review Group and the CSAP National Advisory Council.

This will be a sole source supplement to PACE/Orchard Place-Child guidance, Inc. of Des Moines, Iowa due to the ease of expansion and enhancement of the existing successful program with a family strengthening component, and for the following reasons: (1) PACE/Orchard Place-Child Guidance, Inc. is the only private agency in Iowa with current experience working with substance abuse, delinquency prevention, and truancy reduction in the Des Moines public schools. PACE/Orchard Place-Child Guidance, Inc. is also the primary private provider of preventive services under contract with Polk County Juvenile Court; (2) Iowa is one of a few States with Federal and State coordination in this area. CSAP is currently funding Iowa to serve as a national model for coordinating Federal substance abuse prevention funds and activities with the Iowa Departments of Education, Human Rights, Human Services, Public Safety, the Iowa Governor's Alliance on Substance Abuse and three State universities; and

(3) The location of PACE/Orchard Place-Child Guidance, Inc. in Des Moines, Iowa builds on the experiences of this city in addressing substance abuse among gang members. This serves as a relatively confined model, not possible in larger problem areas, of what benefits can accrue when multi-level State collaboration and Federal participation merge in addressing this subgroup.

Therefore PACE/Orchard Place-Child Guidance, Inc. presents unique opportunities to exploit this Federal and State-level coordination in relation to substance abuse prevention services directed at substance abuse among youthful gang members due to its previously established activities in Des Moines.

Consistent with the above discussion, eligibility to apply for funds under this initiative in Iowa is limited to PACE/Orchard Place-Child Guidance, Inc., in Des Moines, Iowa, the only organization currently experienced in working with the required entities thus ensuring no funds need be spent on time lost in bringing the recipient to the required performance level of expertise for this project.

**Authority:** The cooperative agreement will be made under the authority of section 501(d)(5) of the Public Health Service Act, as amended (42 U.S.C. 290aa). The Catalog of Federal Domestic Assistance number for this program is 93.144.
