

Commission's Public Reference and Files Maintenance Branch, located at 888 First Street, N.E., Room 2A, Washington, D.C. 20426, or by calling (202) 219-1371. This filing may be viewed on the web at <http://www.ferc.us/online/rims.htm> (Call (202) 208-2222 for assistance). A copy is also available for inspection and reproduction at the address in item h above.

Preliminary Permit—Anyone desiring to file a competing application for preliminary permit for a proposed project must submit the competing application itself, or a notice of intent to file such an application, to the Commission on or before the specified comment date of the particular application (see 18 CFR 4.36). Submission of a timely notice of intent allows an interested person to file the competing preliminary permit application no later than 30 days after the specified comment date for the particular application. A competing preliminary permit application must conform with 18 CFR 4.32 (a) and (b)(1).

Preliminary Permit—Any qualified development applicant desiring to file a competing development application must submit to the Commission, on or before a specified comment date for the particular application, either a competing development application or a notice of intent to file such an application (see 18 CFR 4.36). Submission of a timely notice of intent to file a development application allows an interested person to file the competing application no later than 120 days after the specified comment date for the particular application. A competing license application must conform with 18 CFR 4.32 (a), (b), and (c).

Notice of intent—a notice of intent must specify the exact name, business address, and telephone number of the prospective applicant, and must include an unequivocal statement of intent to submit, if such an application may be filed, either a preliminary permit application or a development application (specify which type of application). A notice of intent must be served on the applicant(a) name in this public notice.

Proposed Scope of Studies under Permit—A preliminary permit, if issued, does not authorize construction. The term of the proposed preliminary permit would be 36 months. The work proposed under the preliminary permit would include economic analysis, preparation of preliminary engineering plans, and a study of environmental impacts. Based on the results of these studies, the Applicant would decide

whether to proceed with the preparation of a development application to construct and operate the project.

Comments, Protests, or Motions to Intervene—Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211 and .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

Filing and Service of Responsive Documents—Any filings must bear in all capital letters the time "COMMENTS", "NOTICE OF INTENT TO FILE COMPETING APPLICATION", "COMPETING APPLICATION", "PROTEST", "MOTION TO INTERVENE", as applicable, and the Project Number of the particular application to which the filing refers. Any of the above-named documents must be filed by providing the original and the number of copies provided by the Commission's regulations to: The Secretary and an additional copy must be sent to Director, Division of Project Review, at the above-mentioned address. A copy of any notice of intent, competing application or motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

Agency Comments—Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-6336-1]

Agency Information Collection Activities: Submission for OMB Review; Comment Request; Ambient Air Quality Surveillance

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that the following Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval: Ambient Air Quality Surveillance, OMB Number 2060-0084, EPA ICR 0940.16, expiration date June 30, 1999. The ICR describes the nature of the information collection and its expected burden and cost; where appropriate, it includes the actual data collection instrument.

DATES: Comments must be submitted on or before June 4, 1999.

FOR FURTHER INFORMATION: Contact Sandy Farmer at EPA by phone at (202) 260-2740, by E-Mail at Farmer.Sandy@epamail.epa.gov or download a copy of the ICR off the Internet at <http://www.epa.gov/icr> and refer to EPA ICR No. 0940.16.

SUPPLEMENTARY INFORMATION:

Title: Ambient Air Quality Surveillance, [OMB Number (2060-0084), EPA ICR # 0940.16] expiring June 30, 1999. This is a request for extension of a currently approved collection.

Abstract: The general authority for the collection of ambient air quality data is contained in sections 110 and 319 of the Clean Air Act (42 U.S.C. 1857). Section 110 makes it clear that State generated air quality data are central to the air quality management process through a system of State implementation plans (SIP). Section 319 was added via the 1977 Amendments to the Act and spells out the key elements of an acceptable monitoring and reporting scheme. To a large extent, the requirements of section 319 had already been anticipated in the detailed strategy document prepared by EPA's Standing Air Monitoring Work Group (SAMWG). The regulatory provisions to implement these recommendations were developed through close consultation with the State and local agency representatives serving on SAMWG and through reviews by ad-hoc panels from the State and Territorial Air Pollution Program Administrators and the Association of
