## GENERAL SERVICES ADMINISTRATION

### Public Buildings Service Notice of Intent To Prepare an Environmental Impact Statement (EIS)

The General Services Administration (GSA) hereby gives notice it intends to prepare an Environmental Impact Statement pursuant to the requirements of the National Environmental Policy Act (NEPA) of 1969, and the President's Council on Environmental Quality Regulations (40 CFR Parts 1500-1508), as implemented by GSA's Order PBS P 1095.4B on the following project:

United States Mission to the United Nations, 799 United Nations Plaza, New York, NY

The proposed action will involve the construction of a replacement facility for the United States Mission to the United Nations (USUN). The Mission is located at 799 United Nations Plaza, the southwest corner of First Avenue and 45th Street directly across from the United Nations Headquarters Complex. The existing building housing the Mission has proven to be physically and operationally inadequate to accommodate USUN personnel and functions. The building footprint only covers slightly more than half of the total site area, which is 11,990 square feet. The small floorplates of the existing facility severely restrict the potential for providing efficient layouts and required space adjustments. As part of the proposed action, it is proposed that this building will be demolished and replaced with a new more efficient facility constructed on the site.

The Draft EIS will evaluate the proposed action, the no-action alternative, and any other reasonable alternatives identified through the scoping process. Scoping will be accomplished through direct mail correspondence with interested persons, parties, and organizations and through a Public Scoping Meeting.

The Public Scoping Meeting will be held on May 12, 1999. The meeting will be held in conjunction with the Community Board 6 full Board Meeting at the New York University Medical Center, 550 First Avenue (31st/32nd Street), Classroom A, at 7:30 p.m.

As part of the Public Scoping process, GSA solicits your written comments on the scope of alternatives and potential impacts at the following address: Peter A. Sneed, Senior Program Analyst, Portfolio Management Division, General Services Administration, 26 Federal Plaza, Room 1609, New York, NY 10278. Written comments should be received no later than June 11, 1999.

Requests for further information may also be forwarded to this address.

Dated: April 28, 1999.
