Gibson Well Service; Williston, ND and Operating at Various Locations in: North Dakota, Montana and Wyoming; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance**

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification Regarding Eligibility to Apply for Worker Adjustment Assistance on February 17, 1999, applicable to workers of Key Energy Services, Inc., Rocky Mountain Division, Williston, North Dakota, and operating at various locations in North Dakota and Montana. The notice will soon be published in the **Federal Register**.

At the request of the company, the Department reviewed the certification for workers of the subject firm. New information provided by the company reveal that worker separations have occurred at Key Energy Services, Inc., Rocky Mountain Division, at locations in the State of Wyoming. Other findings on review show that Key Energy Services Inc., Rocky Mountain Division has acquired several companies in the recent past, Frontier Well Service, Teton Well Service, Dunbar Well Service, Updike Brothers Well Service, Flint Engineering and Construction, and J.W. Gibson Well Service. The workers provide oilfield services for unaffiliated customers.

The intent of the Department's certification is to cover all workers of Key Energy Services, Inc., Rocky Mountain Division, who were adversely affected by increased imports. Accordingly, the Department is amending the certification to expand coverage to all workers of the subject firm in Wyoming and to workers of

those firms acquired by Key Energy Services, Inc., Rocky Mountain Division. Additionally, workers of J.W. Gibson Well Service in Williston, North Dakota were certified eligible to apply for TAA on August 11, 1998, petition number TA-W-34,818. Since that certification does not expire until August 11, 2000, the earliest impact date that can be established to cover any workers of Key Energy Services, Inc., Rocky Mountain Division, formerly employed by J.W. Gibson Well Service in Williston, North Dakota, is August 12, 2000.

The amended notice applicable to TA-W-35,486 is hereby issued as follows:

All workers of Key Energy Services, Inc., Rocky Mountain Division, also known as Frontier Well Service, also known as Teton Well Service, also known as Dunbar Well Service, also known as Updike Brothers Well Service, also known as Flint Engineering and Construction, Williston, North Dakota (TA-W-35,486), and operating at various locations in North Dakota (TA-W-35,486A), Montana (TA-W-35,486B) and Wyoming (TA-W-35,486C), who became totally or partially separated from employment on or after December 23, 1997 through February 17, 2001; and all workers of Key Energy Services, Inc., Rocky Mountain Division, also known as J.W. Gibson Well Service, Williston, North Dakota, who became totally or partially separated from employment on or after August 12, 2000 through February 17, 2001, are eligible to apply for worker adjustment assistance under Section 223 of the Trade Act of 1974.
