(2) Obtain the approval of the matching agreement by the Data Integrity Boards (DIB) of the participating Federal Agencies;

(3) Furnish detailed reports about matching programs to Congress and OMB;

(4) Notify applicants and beneficiaries that their records are subject to matching; and

**PLACE:** Nassif Building, Room 2230, Department of Transportation, 400 Seventh Street, SW, Washington, DC 20590.

**STATUS:** Open to public with attendance limited to space available.

**PURPOSE:** The purpose of the forum is to have an exchange of ideas and to start a dialogue that will better enable the Department to analyze its rules. We do not want comments on specific rules or proposals, although it would be appropriate to use an existing rule to illustrate a point.

Expert panelists from the Air Transport Association (David Swierenga), American Trucking Association (Bob Castello), Association of American Railroads (Peter French), International Brotherhood of Teamsters (Mike Conyngham), National Highway Traffic Safety Administration (Larry Blincoe), Public Citizen (Joan Claybrook), and U.S. Coast Guard (Fred Scheer) will give their perspective on the Department's economic analysis of rules. The forum will address various issues such as problems with data, valuation of costs and benefits, and the basis of assumptions in DOT's analysis. This forum is one of three—the other two will be on risk assessment and small entities—the Department will be sponsoring before October 1, 1999, in which we will ask the public to join us.
