Public Notification Handbook—Draft for Comment

AGENCY: Environmental Protection Agency.

ACTION: Notice of availability.

SUMMARY: The U.S. Environmental Protection Agency is making available for review and comment a draft Public Notification Handbook (EPA 816-R-99-004). The Handbook will assist public water systems in implementing the revised public notification regulations, which are being proposed today in the **Federal Register**. The proposed regulations and Handbook will implement the revised public notification provisions enacted under the 1996 Safe Drinking Water Act (SDWA) amendments. The public notification regulations apply to owners and operators of public water systems which fail to comply with the drinking water standards and related regulations under the SDWA.

DATES: Written comments on the draft Public Notification Handbook are requested by July 31, 1999. EPA is also soliciting comment on the Handbook at the two public meetings on the proposed regulations and other public meetings to be scheduled during summer, 1999.

ADDRESSES: Please submit written comments on the draft Public Notification Handbook to Carl B. Reeverts, Manager, Public Notification Handbook, Drinking Water Implementation and Assistance Division, Office of Ground Water and Drinking Water (4606), U.S. EPA, 401 M Street, SW, Washington, DC 20460. You may also submit comments to Carl Reeverts via E-mail at reeverts.carl@epa.gov.

FOR FURTHER INFORMATION CONTACT: The Safe Drinking Water Hotline at 1-800-426-4791. Copies of the proposed regulation and the draft Handbook may be obtained by calling the Safe Drinking Water Hotline at 1-800-426-4791 or by downloading the documents from Office of Ground Water and Drinking Water's web site at <http://www.epa.gov/safewater>.

SUPPLEMENTARY INFORMATION: The Public Notification Handbook is intended to make public water system owners' and operators' jobs easier and public notices more effective. The Handbook provides templates for notices appropriate for different violation situations and other aids to help water systems develop an effective public notification program. EPA and the Association of State Drinking Water Administrators (ASDWA) developed the draft Handbook under a Steering Committee comprised of representatives from the American Water Works Association, Association of Metropolitan Water Agencies, National Association of Water Companies, National Rural Water Association, and League of Women Voters. Two public meetings were held in June and September, 1998 to review and test the effectiveness of early drafts of the handbook. The draft Handbook is the result of that collaboration.

EPA welcomes comment on all aspects of the Handbook. In addition to soliciting written comments, EPA encourages stakeholder input on the draft Handbook at the two public meetings already scheduled to take comment on the proposed regulation, May 26, 1999 in Madison, Wisconsin and June 3, 1999 in Washington, DC. EPA is also planning two stakeholder meetings in summer, 1999 to discuss steps to improve the effectiveness of the Handbook before it is released in final form. Comment period on the proposed rule closes 60 days after publication in the **Federal Register**. Comments on the Handbook will be accepted through July 31, 1999. The final rule and Handbook are expected to be published in December 1999. For information on the status of the Handbook or the schedule of meetings, please contact the EPA Safe Drinking Water Hotline at (800) 426-4791.

Dated: April 27, 1999.

Director, Office of Ground Water and Drinking Water.
