

administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the land for the proposals.

This action is in response to applications by the Colorado State Division of Parks and Outdoor Recreations. Lease of the lands will not be authorized until after the classification becomes effective. Lease of the lands for recreational use would be subject to the following terms, conditions, and reservations:

1. Provisions of the Recreation and Public Purposes Act and to all applicable regulations of the Secretary of the Interior.

2. All valid existing rights documented on the official public land records at the time of lease issuance.

3. Any other reservations that the authorized officer determines appropriate to ensure public access and proper management of Federal lands and interests therein.

#### General Management Plan, Final Environmental Impact Statement, Lyndon B. Johnson National Historical Park, Texas

**AGENCY:** National Park Service, Interior.

**ACTION:** Availability of final environmental impact statement and general management plan for Lyndon B. Johnson National Historical Park.

**SUMMARY:** Pursuant to section 102(2)(c) of the National Environmental Policy Act of 1969, the National Park Service (NPS) announces the availability of a Final Environmental Impact Statement and General Management Plan (FEIS/GMP) for Lyndon B. Johnson National Historical Park, Texas.

**DATES:** A 30 day no-action period will follow the Environmental Protection Agency's notice of availability of the FEIS/GMP.

**ADDRESSES:** Public reading copies of the FEIS/GMP will be available for review at the following locations:

Office of the Superintendent, Lyndon B. Johnson National Historical Park, 100 Ladybird Lane, Johnson City, Texas 78636; Telephone: (830) 868-7128.  
Planning and Environmental Quality, Intermountain Support Office-Denver, National Park Service, P.O. Box 25287, Denver, Co. 80225-0287;

Telephone: (303) 969-2851 or (303) 969-2832.

Office of Public Affairs, National Park Service, Department of the Interior, 18th and C Streets NW, Washington, DC 20240; Telephone: (202) 208-6843.

**SUPPLEMENTARY INFORMATION:** The FEIS/GMP analyzes three alternatives for management, use, and with special concern for the historic character, structures, and landscape. The alternatives were formulated to address problems and management concerns related to the future operation of the LBJ Ranch district following Mrs. Johnson's passing, as well as concerns related to visitor use, resource management, and facility development.

Alternative 1, the no action alternative, is a continuation of the present management course, maintaining historic structures but not upgrading interpretation or increasing staff. Alternative 2, reflects a modest increase in the level of park maintenance, interpretation, and administration with limited visitation of the Texas White House, some additional staffing, and expanded educational outreach into the local community. Alternative 3, the National Park Service's proposed action, envisions a comprehensive change to the overall visitor experience with the Texas White House open on a regularly scheduled basis, increased educational outreach, new facilities for visitor contact, maintenance, ranching, and park interpretive staff, and a new emphasis on the Johnson City unit.

The FEIS/GMP in particular evaluates the environmental consequences of the proposed action and the other alternatives on archeological and historic resources, soils, water resources and water quality, floodplains, economy and social environment, and visitor use/experience and interpretation.

**FOR FURTHER INFORMATION:** Contact Superintendent, Lyndon B. Johnson National Historical Park, at the above address and telephone number.

Dated: May 5, 1999.

#### Intent to Prepare a Draft Environmental Impact Statement on the General Management Plan for Carl Sandburg Home National Historic Site, North Carolina

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice of intent to prepare a Draft Environmental Impact Statement on the General Management Plan for Carl Sandburg Home National Historic Site, North Carolina.

**SUMMARY:** The National Park Service will prepare an Environmental Impact Statement (EIS) to accompany its General Management Plan (GMP) for Carl Sandburg Home National Historic Site. The Service will conduct public scoping meetings in the local area to receive input from interested parties on issues, concerns, and suggestions pertinent to the management of Carl Sandburg Home National Historic Site. Suggestions and ideas for managing cultural and natural resource conditions and visitor experiences at the national historic site are encouraged. The comment period for each of these meetings will be announced at the meetings and will be published on the General Management Plan web site for Carl Sandburg National Historic Site at <http://www.nps.gov/carl>.

**DATES:** Locations, dates, and times of public scoping meetings will be published in local newspapers and may also be obtained by calling Carl Sandburg Home National Historic Site. This information will also be published on the General Management Plan web site for Carl Sandburg Home National Historic Site.

**ADDRESSES:** Scoping suggestions should be submitted to the following address to ensure adequate consideration by the Service. Superintendent, Carl Sandburg Home National Historic Site, 1928 Little River Rd., Flat Rock, North Carolina 28731; Telephone: 828-693-4178.

**SUPPLEMENTARY INFORMATION:** The National Park Service has announced that an EIS on GMPs will be prepared for all park units. To comply with this policy, a formal scoping period is announced.

Comments are invited on any issue believed to be relevant to the management of Carl Sandburg Home National Historic Site and should be submitted to the Superintendent whose address is given above. Public scoping meetings will be held in the local area and the dates and times may be obtained from local newspapers or by

calling Carl Sandburg Home National Historic Site. We urge that comments and suggestions be made in writing.

Issues currently being considered include determining the most appropriate use of existing temporary structures, management of increased recreational use, coping with tremendous residential development around the park, and how to best fulfill the park's interpretive mission. Central to these issues is the determination of the national historic site's mission, purpose, and significance. The plan will identify desired future conditions for cultural and natural resources and visitor experiences for various management units within Carl Sandburg Home National Historic Site. A draft GMP/EIS will be prepared and presented to the public for review and comment, followed by preparation and availability of the final GMP/EIS.

Dated: May 9, 1999.

#### Wilson's Creek National Battlefield, General Management Plan and Environmental Impact Statement

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice of Intent to prepare a General Management Plan and Environmental Impact Statement for Wilson's Creek National Battlefield, Missouri.

**SUMMARY:** The National Park Service (NPS) will prepare a General Management Plan (GMP) and an associated Environmental Impact Statement (EIS) for Wilson's Creek National Battlefield, Missouri, in accordance with section 102(2)(C) of the National Environmental Policy Act of 1969 (NEPA). This notice is being furnished as required by NEPA Regulations 40 CFR 1501.7.

To facilitate sound planning and environmental assessment, the NPS intends to gather information necessary for the preparation of the EIS, and to obtain suggestions and information from other agencies and the public on the scope of issues to be addressed in the EIS. Comments and participation in this scoping process are invited.

Participation in the planning process will be encouraged and facilitated by various means, including a newsletter and open houses. The NPS will conduct

a series of public scoping meetings to explain the planning process and to solicit opinion about issues to address in the GMP/EIS. Notification of all such meetings will be announced in the local press and in NPS newsletters.

**DATES:** Public scoping meetings will be held on May 25 and 26. On Tuesday, May 25 the meeting will be held from 7 p.m. to 9 p.m. at the Wilson's Creek National Battlefield Visitor Center, 6424 West Farm Road 182 (intersection of Farm Road 182 and ZZ Highway) Republic, Missouri. On Wednesday, May 26 the meeting will be held from 7 p.m. to 9 p.m. at the Busch Municipal Building, 840 Boonville, Springfield, Missouri.

**ADDRESSES:** Written comments and information concerning the scope of the EIS and other matters should be directed to: Superintendent, Wilson's Creek National Battlefield, 6424 West Farm Road 182, Republic, Missouri 65738.

**FOR FURTHER INFORMATION CONTACT:** Mr. Gary Sullivan, Wilson's Creek National Battlefield, 6424 West Farm Road 182, Republic, Missouri 65738, 417-882-9144, gary\_sullivan@nps.gov.

**SUPPLEMENTARY INFORMATION:** Wilson's Creek National Battlefield was established to preserve one of the first major Civil War Battlefields and the site of the first Union General killed in the War. The public's enjoyment of the Battlefield is facilitated by providing a safe and accessible visitors center, museum, research library, roads, and trails; preserving and restoring the 1861 rural, agricultural setting, and encouraging its preservation around the park. The park also provides habitat for endangered species, and recreational opportunities that do not impair resource preservation, and the commemoration and interpretation of the Battle. Management of the Battlefield currently is guided by a 1977 master plan, which has become outdated.

In accordance with NPS Park Planning policy, the GMP will ensure the Battlefield has a clearly defined direction for resource preservation and visitor use. It will be developed in consultation with servicewide program managers, interested parties, and the general public. It will be based on an adequate analysis of existing and potential resource conditions and visitor experiences, environmental impacts, and costs of alternative courses of action.

The environmental review of the GMP/EIS for the Battlefield will be conducted in accordance with requirements of the NEPA (42 U.S.C.

4371 *et seq.*), NEPA regulations (40 CFR part 1500-1508), other appropriate Federal regulations, and National Park Service procedures and policies for compliance with those regulations.

The National Park Service estimates the draft GMP and draft EIS will be available to the public by September 2000.

Dated: May 6, 1999.
