##### **Procurement List Additions and Deletions**

**AGENCY:** Committee for Purchase From People Who Are Blind or Severely Disabled.

**ACTION:** Additions to and deletions from the Procurement List.

**SUMMARY:** This action adds to the Procurement List commodities and services to be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities, and deletes from the Procurement List a commodity and a service previously furnished by such agencies.

**EFFECTIVE DATE:** June 21, 1999.

#### **Additions**

*The Following Comments Pertain to Water Bag, Nylon Duck*

Comments were received from the current contractor for these water bags, a previous contractor, and two Members of Congress on behalf of the previous contractor. The current contractor described the impact on the company which it believed the Procurement List addition would cause. The current contractor has subsequently notified the Committee that it is withdrawing its comments, as the impact is not what was originally anticipated. Consequently, the Committee has concluded that the addition of the bags to the Procurement List will not have a severe adverse impact on the current contractor.

The previous contractor and the Members of Congress writing on its behalf expressed concern over the impact of the Procurement List addition on the previous contractor, and the contractor claimed that the addition would increase the costs of the bags to the Government. The previous contractor has not had a contract for these bags since 1994 and, thus, is not dependent on the business they represent. Moreover, under the competitive procurement system, no contractor is guaranteed a Government contract. Consequently, the previous contractor is objecting to losing the possibility of getting a contract in the future. The Committee does not believe that loss of this possibility, by itself, constitutes severe adverse impact on any contractor. As for the price, the amount the Government will pay has been negotiated with the Government contracting agency, which has concluded that it represents a fair market price as required by the Committee's statute.

*The Following Material Pertains to All of the Items Being Added to the Procurement List*

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the commodities and services and impact of the additions on the current or most recent contractors, the Committee has determined that the commodities and services listed below are suitable for procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the commodities and services to the Government.

2. The action will not have a severe economic impact on current contractors for the commodities and services.

3. The action will result in authorizing small entities to furnish the commodities and services to the Government.

4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the commodities and services proposed for addition to the Procurement List.

Accordingly, the following commodities and services are hereby added to the Procurement List:

**Submission For OMB Review; Comment Request**

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

*Agency:* Bureau of the Census.

*Title:* Accuracy and Coverage Evaluation, Independent Listing Operation Activities.

*Form Number(s):* D-1302, D-1302PR.

*Agency Approval Number:* None.

*Type of Request:* New collection.

*Burden:* 70,513 hours.

*Number of Respondents:* 2,035,700.

*Avg Hours Per Response:* 2 minutes.

*Needs and Uses:* The Bureau of the Census requests approval from the Office of Management and Budget for clearance of the independent listing forms, Form D-1302 and D-1302PR, to be used in the Accuracy and Coverage Evaluation (ACE), Independent listing operation activities in the Census 2000. The ACE is a national survey of sample block clusters within the 50 states, the District of Columbia, and Puerto Rico. The Bureau of the Census developed the ACE approach for measuring coverage of the population in the decennial census. In ACE, we independently count a sample of housing units and the people living in those units, then compare those results to the census. We then use this comparative information to produce final estimates of the coverage for Census 2000. The ACE approach was tested during the Census 2000 Dress Rehearsal in Columbia, South Carolina. The ACE was formerly referred to as the Post-Enumeration Survey (PES) in the Census 2000 Dress Rehearsal.

The Independent Listing Operation is the first step in the ACE process. It will be used to obtain a complete housing unit inventory of all addresses within the Census 2000 ACE sample of block clusters before the Census 2000 enumeration commences. There will be two Independent Listing forms, D-1302 and D-1302PR. The D-1302 is the
