

English language version of the listing form and will be used in the ACE sample areas except in Puerto Rico. The D-1302PR is the Spanish language version of the listing form and will be used only in the ACE sample areas in Puerto Rico.

The listings will be matched to the address list used in the census; the unmatched cases will be sent to the field for reconciliation during the next phase of the ACE—Housing Unit Follow-up. The forms and procedures to be used in the Housing Unit Follow-up phase of the ACE in the Census 2000 and all subsequent ACE phases will be submitted separately.

Affected Public: Individuals or households.

Frequency: One-time only.

Respondent's Obligation: Mandatory.

Legal Authority: Title 13 USC, Sections 141, 193, and 221.

OMB Desk Officer: Nancy Kirkendall, (202) 395-7313.

Copies of the above information collection proposal can be obtained by calling or writing Linda Engelmeier, DOC Forms Clearance Officer, (202) 482-3272, Department of Commerce, room 5033, 14th and Constitution Avenue, NW, Washington, DC 20230.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Nancy Kirkendall, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: May 14, 1999.

Linda Engelmeier,

Departmental Forms Clearance Officer, Office of the Chief Information Officer.

BILLING CODE 3510-07-P

DEPARTMENT OF COMMERCE

Census Bureau

Survey of Income and Program Participation (SIPP) Wave 12 of the 1996 Panel

ACTION: Proposed collection; comment request.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Pub. L. 104-13 (44 U.S.C. 3506(c)(2)(A)).

DATES: Written comments must be submitted on or before July 20, 1999.

ADDRESSES: Direct all written comments to Linda Engelmeier, Departmental Forms Clearance Officer, Department of Commerce, Room 5033, 14th and Constitution Avenue, NW, Washington, DC 20230.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Judith H. Eargle, Census Bureau, FOB 3, Room 3379, Washington, DC 20233-0001, (301) 457-3819.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau conducts the SIPP which is a household-based survey designed as a continuous series of national panels each lasting four years. Respondents are interviewed once every four months in monthly rotations. Approximately 37,000 households are in the current panel.

The SIPP represents a source of information for a wide variety of topics and allows information for separate topics to be integrated to form a single, unified database so that the interaction between tax, transfer, and other government and private policies can be examined. Government domestic policy formulators depend heavily upon the SIPP information concerning the distribution of income received directly as money or indirectly as in-kind benefits and the effect of tax and transfer programs on this distribution. They also need improved and expanded data on the income and general economic and financial situation of the U.S. population. The SIPP has provided these kinds of data on a continuing basis since 1983 permitting levels of economic well-being and changes in these levels to be measured over time.

The survey is molded around a central "core" of labor force and income questions that will remain fixed throughout the life of a panel. The core is supplemented with questions designed to answer specific needs, such as obtaining information on taxes, the ownership and contributions made to the IRA, Keogh, and 401K plans, examining patterns in respondent work schedules, and child care arrangements. These supplemental questions are included with the core and are referred to as "topical modules."

The topical modules for the 1996 Panel Wave 12 collect information about:

- Assets, Liabilities, and Eligibility
- Medical Expenses/Utilization of Health Care—Adult and Children
- Work Related Expenses

- Child Support Paid
- Children's Well-Being

Wave 12 interviews will be conducted from December 1999 through March 2000.

II. Method of Collection

The SIPP is designed as a continuing series of national panels of interviewed households that are introduced every four years with each panel having a duration of four years in the survey. All household members 15 years old or over are interviewed using regular proxy-respondent rules. They are interviewed a total of 12 times (12 waves) at 4-month intervals making the SIPP a longitudinal survey. Sample persons (all household members present at the time of the first interview) who move within the country and reasonably close to a SIPP primary sampling unit will be followed and interviewed at their new address. Persons 15 years old or over who enter the household after Wave 1 will be interviewed; however, if these persons move, they are not followed unless they happen to move along with a Wave 1 sample person.

III. Data

OMB Number: 0607-0813.

Form Number: SIPP/CAPI Automated Instrument.

Type of Review: Regular.

Affected Public: Individuals or Households.

Estimated Number of Respondents: 77,700.

Estimated Time Per Response: 30 minutes per person.

Estimated Total Annual Burden Hours: 117,800.

Estimated Total Annual Cost: The only cost to respondents is their time.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13, United States Code, Section 182.

IV. Request for Comments

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: May 14, 1999.

Linda Engelmeier,

Departmental Forms Clearance Officer, Office of the Chief Information Officer.

DEPARTMENT OF COMMERCE

International Trade Administration

[A-560-803]

Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Extruded Rubber Thread From Indonesia

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: May 21, 1999.

FOR FURTHER INFORMATION CONTACT: Russell Morris or Eric B. Greynolds, Office of AD/CVD Enforcement VI, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-1775 or (202) 482-6071, respectively.

The Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("the Act"), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act ("URAA"). In addition, unless otherwise indicated, all citations to the Department of Commerce ("Department") regulations are to the regulations at 19 CFR Part 351 (April 1998).

Scope of the Investigation

For purposes of this investigation, the product covered is extruded rubber thread ("ERT") from Indonesia. ERT is defined as vulcanized rubber thread obtained by extrusion of stable or concentrated natural rubber latex of any cross sectional shape, measuring from 0.18 mm, which is 0.007 inches or 140 gauge, to 1.42 mm, which is 0.056 inch or 18 gauge, in diameter.

ERT is currently classified under subheading 4007.00.00 of the *Harmonized Tariff Schedule* ("HTS"). Although the HTS subheading is

provided for convenience and customs purposes, the written description of the scope of this investigation is dispositive.

Antidumping Duty Order

On March 26, 1999, the Department of Commerce ("Department") published the final determination of its antidumping duty investigation of extruded rubber thread from Indonesia. This investigation covers two respondents, P.T. Swasthi Parama Mulya ("Swasthi") and P.T. Bakrie Rubber Industries ("Bakrie"). See *Notice of Final Determination of Sales at Less Than Fair Value: Extruded Rubber Thread from Indonesia*, 64 FR 14690, (March 26, 1999).

Swasthi submitted a ministerial error allegation on April 6, 1999 with respect to the final determination. Based on the analysis of these ministerial errors made in the final determination, we are amending our final determination (the Department has corrected the program language to convert the foreign price unit of measurement from kilograms to pounds; revised an overstatement of the marine insurance premium in the rebate calculation; and corrected a ministerial error in the comparison of U.S. sales to sales of the most similar foreign like product made in the ordinary course of trade). For detailed information on the ministerial errors, see Memorandum to the Deputy Assistant Secretary for AD/CVD Enforcement II from David Mueller, Director, Office of AD/CVD Enforcement dated April 19, 1999, concerning Amendment to Notice of Final Determination of Sales at Less Than Fair Value: Extruded Rubber Thread from Indonesia, public version, on file in the Central Record Unit, Room B-099, Main Commerce Building. Accordingly, we are amending the final determination, pursuant to 19 CFR 351.224(e).

On May 7, 1999, in accordance with section 735(d) of the Act, the U.S. International Trade Commission ("ITC") notified the Department that a U.S. industry is "threatened with material injury," within the meaning of section 735(b)(1)(A)(ii) of the Act, by reason of imports of ERT from Indonesia. The ITC did not determine, pursuant to section 735(b)(4)(B) of the Act, that, but for the suspension of liquidation of entries of the subject merchandise, the domestic industry would have been materially injured.

When the ITC finds threat of material injury, and makes a negative "but for" finding under section 735(b)(4)(B) of the Act, the "Special Rule" provision of section 736(b)(2) of the Act applies. Therefore, only unliquidated entries of ERT from Indonesia, entered or

withdrawn from warehouse, for consumption on or after May 12, 1999, the date on which the ITC published its notice of final determination of threat of material injury in the **Federal Register** (64 FR 25515), are liable for the assessment of antidumping duties. Accordingly, the Department will direct the Customs Service to terminate the suspension of liquidation for entries of ERT from Indonesia entered, or withdrawn from warehouse, for consumption before May 12, 1999, the date on which the ITC published its notice of final determination of threat of material injury in the **Federal Register**, and to release any bond or other security, and refund any cash deposit, posted to secure the payment of estimated antidumping duties with respect to these entries.

Therefore, in accordance with section 736 of the Act, the Department will direct the United States Customs Service to assess, upon further advice by the Department, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price and constructed export price of the merchandise for all relevant entries of extruded rubber thread from Indonesia. Subject merchandise from Indonesia which is entered or withdrawn from warehouse, for consumption on or after May 12, 1999, the date on which the ITC published its notice of final determination of threat of material injury in the **Federal Register**, shall be subject to the assessment of antidumping duties under section 731 of the Act, and the administering authority shall release any bond or other security, and refund any cash deposit made, to secure the payment of antidumping duties with respect to entries of the merchandise entered, or withdrawn from warehouse, for consumption before May 12, 1999.

On or after the date of publication of this notice in the **Federal Register**, U.S. Customs officers must require, at the same time as importers would normally deposit estimated duties, the cash deposits listed below for the subject merchandise. The All Others rate applies to all exporters of subject merchandise not specifically listed below.

The weighted-average dumping margins are as follows:

Exporter/manufacturer	Weighted-average margin percentage
P.T. Bakrie Rubber Industry	28.29
P.T. Swasthi Parama Mulya	5.13
