SUPPLEMENTARY INFORMATION:

Title Associated from, and OMB Number: Defense Federal Acquisition Regulation Supplement (DFARS) Part 217, Special Contracting Methods, and related provisions and clauses at DFARS 252.217-7012, Liability and Insurance, DFARS 252.217-7018, Change in Plant Location-Bakery and Dairy Products, DFARS 252.217-7026, Identification of Sources of Supply, and 252.217-7028, Over and Above Work; OMB Control Number 0704-0214.

Needs and Uses: DFARS Part 217 prescribes policies and procedures for acquiring supplies and services by special contracting methods.

Contracting officers use the required information as follows:

The clause at DFARS 252.217-7012 is used in master agreements for repair and alternation of vessels. Contracting officers use the information required by paragraph (d) of the clause to determine that the contractor is adequately insured. This requirement supports prudent business practice because it limits the Government's liability as a related party to the work the contractor performs. Contracting officers use the information required by paragraphs (f) and (g) of the clause to keep informed of lost or damaged property for which the Government is liable, and to determine the appropriate course of action for replacement or repair of the property.

Contracting officers use the information required by the clause at DFARS 252.217-7018 to determine the place of performance under contracts for bakery and dairy products. This represents prudent business practice because it helps to ensure that food products are manufactured and processed in sanitary facilities.

Contracting officers use the information required by the provision at DFARS 252.217-7026 to identify the apparently successful offeror's sources of supply so that competition can be enhanced in future acquisitions. This collection complies with 10 U.S.C. 2384, Supplies: identification of supplier and sources, which requires the contractor to identify the actual manufacturer or all sources of supply for supplies furnished under contract to DoD.

Contracting officers use the information required by the clause at 252.215-7028 to determine the extent of "over and above" work before the work commences. This requirement supports prudent business practice because it allows the Government to review the need for pending work before the contractor begins performance

Summary of Information Collection

Each provision or clause requires the offeror or contractor to submit certain information:

a. Paragraph (d)(3) of the clause at DFARS 252.217-7012 requires the contractor to show evidence of insurance under a master agreement for vessel repair and alteration.

b. Paragraphs (f) and (g) of the clause at DFARS 252.217-7018 require the contractor to notify the contracting officer of any property loss or damage for which the Government is liable, and to submit to the contracting officer a request for reimbursement of the cost of replacement or repair with supporting documentation.

c. Paragraphs (b) and (c) of the clause at DFARS 252.217-7018 require the offeror or contractor to obtain contracting officer approval before changing the place of performance of a contract for bakery or dairy products.

d. The provision at 252.217-7026 requires the apparently successful offeror to identify its sources of supply.

e. Paragraphs (c) and (e) of the clause at DFARS 252.217-7028 require the contractor to submit to the contracting officer a work request and a proposal for "over and above" work.
