

DOT's Regulatory Policies and Procedures, 49 FR 11034 (1979), because it does not involve any change in important Departmental policies. Because the economic impact should be minimal, further regulatory evaluation is not necessary.

Moreover, I certify that this rule will not have a significant economic impact on a substantial number of small entities, since it only changes the filing location.

This rule does not significantly affect the environment, and therefore an environmental impact statement is not required under the National Environmental Policy Act of 1969. It has also been reviewed under Executive Order 12612, Federalism, and it has been determined that it does not have sufficient implications for federalism to warrant preparation of a Federalism Assessment. This rule does not impose any unfunded mandates as defined by the Unfunded Mandates Reform Act of 1995. Finally, this rule does not contain any collection of information requirements requiring review under the Paperwork Reduction Act of 1995.

This rule is not subject to congressional review provisions of 5 U.S.C. 801(a)(1) because it is limited to a change in agency procedure and practice and does not substantially affect the rights or obligations of non-agency parties. This rule only addresses the location for filing applications for statements of authorization to operate codeshare services.

15 CFR Parts 742 and 743

[Docket No. 980911233-9007-03]

RIN 0694-AB80

Correction to Encryption Items

AGENCY: Bureau of Export Administration, Commerce.

ACTION: Interim rule.

SUMMARY: On December 31, 1998 (63 FR 72156), the Bureau of Export Administration published an interim rule revising the Export Administration Regulations (EAR) to streamline U.S. controls for exports and reexports of encryption commodities and software. This revision implemented the Administration's September 1998 policy initiative for exports and reexports of encryption commodities and software to U.S. subsidiaries, insurance companies, health and medical end-users, on-line merchants and foreign commercial firms.

This regulation amends the EAR by correcting three inadvertent typographic errors in the Encryption Items regulation which appeared in the **Federal Register** on December 31, 1998.

EFFECTIVE DATE: This rule is effective January 21, 1999.

FOR FURTHER INFORMATION CONTACT: Frank Ruggiero, Regulatory Policy Division, Bureau of Export Administration, Telephone: (202) 482-2440.

SUPPLEMENTARY INFORMATION:

On December 31, 1998, the Bureau of Export Administration published a regulation updating its encryption policy. This regulation corrects three typographical errors in that notice.

Although the Export Administration Act (EAA) expired on August 20, 1994, the President invoked the International Emergency Economic Powers Act and continued in effect the EAR and, to the extent permitted by law, the provisions of the EAA in Executive Order 12924 of August 19, 1994, as extended by the President's notices of August 15, 1995 (60 FR 42767), August 14, 1996 (61 FR 42527), August 13, 1997 (62 FR 43629) and August 13, 1998 (63 FR 44121).

Rulemaking Requirements

1. This interim rule has been determined to not be significant for purposes of E.O. 12866.

2. Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid Office of Management and Budget Control Number. This rule contains collections of information subject to the Paperwork Reduction Act of 1980 (44 U.S.C. 3501 *et seq.*). These collections have been approved by the Office of Management and Budget under control numbers 0694-0088, "Multi-Purpose Application," which carries a burden hour estimate of 52.5 minutes per submission; and 0694-0104, "Commercial Encryption Items Transferred from the Department of State to the Department of Commerce." The Department has submitted to OMB an emergency request for approval of the changes to the collection of information under OMB control number 0694-0104. Comments on collection 0694-0104 will be accepted until March 1, 1999.

3. This rule does not contain policies with Federalism implications sufficient to warrant preparation of a Federalism assessment under E.O. 12612.

4. The provisions of the Administrative Procedure Act (5 U.S.C. 553) requiring notice of proposed rulemaking, the opportunity for public participation, and a delay in effective date, are inapplicable because this regulation involves a military and foreign affairs function of the United

States (Sec. 5 U.S.C. 553(a)(1)). Further, no other law requires that a notice of proposed rulemaking and an opportunity for public comment be given for this interim final rule. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule under 5 U.S.C. or by any other law, the requirements of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) are not applicable.

AVAPCD is the successor agency to SCAQMD in the Antelope Valley portion of the Southeast Desert Modified Air Quality Maintenance Area.

The rules being approved for rescission for AVAPCD were adopted by the SCAQMD for the purpose of establishing a market incentive program designed to allow facilities flexibility in achieving emission reduction requirements under SCAQMD's Air
