**SUMMARY:** In accordance with section 202 of the Federal Land Policy and Management Act (FLPMA), a Resource Management Plan/Environmental Impact Statement (RMP/EIS) will be prepared for approximately 3.2 million acres of land managed by the Lakeview Resource Area, Lakeview District and located in Lake and Harney Counties in southeastern Oregon. In addition, a small, contiguous portion of Modoc and Washoe Counties located in northeastern California and northwestern Nevada falling within the administrative boundary of the Surprise Field Office in Cedarville, California, but managed by the Lakeview Resource Area will also be included. Decisions generated during this planning process will supersede planning guidance presented in the High Desert, Lost River, and Warner Lakes Management Framework Plans, as amended, and the Lakeview Grazing Management Final EIS/Record of Decision. Valid decisions and guidance in these or other activity plans will be carried forward and brought into conformance with the final EIS and approved Lakeview RMP.

Two public meetings are scheduled for the purposes of disseminating information and accepting public comments:

*July 13, 1999 from 7 p.m. to 9 p.m.*

BLM—Lakeview District Office, 1300 South G Street, Lakeview, OR 97630

*July 14, 1999 from 7 p.m. to 9 p.m.*

This plan will provide direction for management of the public lands within the Lakeview Resource Area for 15-20 years after the plan is completed. Several management alternatives covering a wide range of management actions and resource uses will be and analyzed in the plan. These alternatives will be developed based on internal staff discussions, public input during this scoping process, and meetings with tribal and government agencies. Tentative issues have been identified which will be addressed in the RMP, including designation and management of special management areas, upland ecosystem management and restoration, riparian and wetland area management, motorized vehicle use, and social needs related to local communities and tribes. These issues may be modified or other issues may be developed as a result of public scoping. In addition to issues, several management concerns will also be addressed in the RMP.
