DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4444-N-09]

Notice of Proposed Information Collection: Study of the Effectiveness of Program Implementation of the Milwaukee Lead Hazard Control Ordinance

AGENCY: Office of Lead Hazard Control, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below will be submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

DATES: Comments Due Date: August 23, 1999.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: Gail N. Ward, Reports Liaison Officer, Department of Housing and Urban Development, 451 7th Street, SW, Room P3206, Washington, DC 20410.

FOR FURTHER INFORMATION CONTACT: Dr. Peter Ashley, 202-755-1785 ext. 115 (this is not a toll-free number) for available documents regarding this proposal.

SUPPLEMENTARY INFORMATION: The Department is submitting the proposed information collection to OMB for review, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended).

This Notice is soliciting comments from members of the public and affected agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection of

information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

The Notice also lists the following information:

Title of Proposal: Study of the Effectiveness of Program Implementation of the Milwaukee Lead Hazard Control Ordinance.

OMB Control Number: To be assigned.

Description of the need for the information and proposed use: Despite dramatic reductions in blood-lead levels over the past 15 years, lead poisoning continues to be a significant health risk for young children. The Third National Health and Nutrition Examination Survey suggests that the greatest risk exists for children under the age of two. The development of a viable national strategy for the primary prevention of lead poisoning in these young children is a difficult task. The City of Milwaukee has enacted an ordinance requiring owners of pre-1950 rental properties in two target neighborhoods to carry out specified essential maintenance practices and standard treatments by April 30, 2000. The purpose of this information collection activity is to evaluate the feasibility, costs, and effectiveness (in terms of reducing residential dust-lead levels and preventing elevated blood-lead levels in children under two years of age) of the comprehensive primary prevention program being conducted in two target Milwaukee neighborhoods. The collected information will be used as vital input for developing a viable national strategy.

This information collection will involve conducting brief on site interviews of tenants, conducting visual inspections of rental units, collecting dust-wipe samples for lead analysis from selected floor and window sill locations, and obtaining blood-sample from study subjects. If appropriate, the results of this information collection will be used to improve existing HUD guidance for primary prevention lead-hazard control activities.

Agency form numbers: Not applicable.

Members of affected public: Selected residents of study neighborhoods within the City of Milwaukee.

Total Burden Estimate:

Number of respondents	Frequency of response	Total hours of response
320	4	640

Status of the proposed information collection: New collection.

Authority: The Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: June 14, 1999.

David E. Jacobs,

Director, Office of Lead Hazard Control.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4491-N-02]

Draft Environmental Impact Report/Environmental Impact Statement (EIR/EIS); City of Monterey Park, CA; Section 108 Loan Guarantee/Economic Development Initiative Grant (EDI)

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: The Department of Housing and Urban Development gives this notice to the public that the City of Monterey Park, California intends to prepare an Environmental Impact Report/Environmental Impact Statement (EIR/EIS) for the Monterey Park Towne Plaza Project, which, among other components includes the development of a 515,382-square foot retail center including a home improvement store with a garden center, three restaurants, and various retail uses, in the City of Monterey Park, California.

This notice is in accordance with regulations of the Council on Environmental Quality as described in 40 CFR parts 1500-1508. Federal agencies having jurisdiction by law, special expertise, or other special interest should report their interests and indicate their readiness to aid in the EIR/EIS efforts as a "Cooperating Agency." Particularly solicited is information on reports or other environmental studies planned or completed in the project area, major issues and dates which the EIR/EIS should consider and recommended mitigation measures and alternatives associated with the proposed project.

A Draft EIR/EIS will be completed for the proposed action described herein. Comments relating to the Draft EIR/EIS are requested and will be accepted by the contact person listed below. When the Draft EIR/EIS is completed, a notice will be sent to individuals and groups known to be interested in the Draft EIR/EIS and particularly on the environmental impact issues identified therein. Any person or agency interested in receiving a notice and making comment on the Draft EIR/EIS should contact the person listed below.

ADDRESSES: All interested agencies, groups and persons are invited to submit written comments on the within-named project and the Draft EIR/EIS to: Ray Hamada, City of Monterey Park, Community Development Department, 320 West Newmark Avenue, Monterey Park, California, 91754 (626) 307-1463.

Comments pertaining to the proposed project should be received by the person and office named above, within 15 days of the publication of this notice in order for all comments to be considered in the preparation of the Draft EIR/EIS.

SUPPLEMENTARY INFORMATION: The City of Monterey Park, acting on behalf of the U.S. Department of Housing and Urban Development, will prepare an EIR/EIS to analyze potential impacts of developing a triangular-shaped, 47.1-acre piece of property, located in the southeast portion of the City of Monterey Park immediately north of the Pomona Freeway (State Route 60) and west of Paramount Boulevard. The proposed project would consist of a 515,382-square foot retail center including a home improvement store with a garden center, three restaurants, and various other retail uses. The project site includes a net 0.1-acre land dedication to Caltrans that results from an approximately 1-acre land trade. The proposed project would also include roughly 4.4-acres of Southern California Edison property to the northwest and east of the site to be used for surface parking and an access road. The new access road would require realignment of the intersection of Paramount Boulevard/Neil Armstrong Street. An existing berm located along the southern boundary of the site would also be leveled.

Approximately 10 acres of the western portion of the site contain a historic landfill ("North Parcel Landfill"), that received municipal solid waste between 1948 and 1975. Due to the past landfill operations, the project site is currently designated as a Superfund site. A leachate treatment plant (LTP) is also located on the site and currently processes collected groundwater (leachmate) from a landfill located just south of the Pomona Freeway ("South Parcel Landfill"), which stopped accepting waste in 1984. The LTP will continue to operate on-site in this capacity following the closure of the South Parcel Landfill in the year 2000. The North Parcel Landfill is currently being remediated based upon guidance from the U.S. Environmental Protection Agency.

Other businesses that currently occupy the site include Ecology Auto Wrecking, Aman Brothers Pavement Crushing, Manhole Adjustment, Inc., and Recycled Wood Products. The project applicant has negotiated lease termination agreements with each of the site tenants. Other than the LTP, all of the tenants will vacate the project site prior to development of the site.
