SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0812.

Title: Assessment and Collection of Regulatory Fees.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Individuals or households, business or other for-profit, and not-for-profit institutions.

Number of Respondents: 635,738.

Estimated Time Per Response: 0.5 hours.

Frequency of Response:

Recordkeeping requirement and on occasion reporting requirement.

Total Annual Burden: 63,574 hours.

Total Annual Cost: N/A.

Needs and Uses: The Federal Communications Commission, in accordance with the Communications Act of 1934, as amended, is required to assess and collect regulatory fees from its licensees and regulatees in order to recover its costs incurred in conducting enforcement, policy and rulemaking, international and user information activities. The purpose for the requirements are to: (1) Facilitate the statutory provision that non-profit entities may be exempt from payment of regulatory fees, and (2) facilitate the FCC's ability to audit regulatory fee payment compliance in the Commercial Mobile Radio Services (CMRS) industry.

In order to develop a Schedule of Regulatory Fees, the FCC must as accurately as possible, estimate the number of payment units and distribute the costs. These estimates must be adjusted to account for any licensees or regulatees that are exempt from

payment of regulatory fees. Therefore, the FCC is requiring all licensees and regulatees that claim exemption as a non-profit entity to provide one-time documentation sufficient to establish their non-profit status. Additionally, any newly licensed or operating non-profit entities must submit their documentation of their exempt status within 60 days of receipt of license, authorization, permit or of commencing operation. Further, the FCC is requesting that it be similarly notified if for any reason that status changes. This documentation will likely take the form of an Internal Revenue Service (IRS) Determination Letter, a state charter indicating non-profit status, proof of church affiliation, *et al.*

In order to facilitate audits of regulatory fee payment compliance in the CMRS industry, the FCC must require these licensees to submit, upon request, business data they relied upon to calculate the amount of the aggregate regulatory fees owed.

Federal Communications Commission.

Magalie Roman Salas,

Secretary.
