

The Service has submitted information collection requirements to the Office of Management and Budget (OMB) for review and approval under the Paperwork Reduction Act of 1995, Pub. L. 104-13. On May 26, 1999, OMB gave its approval for this information collection and confirmed the approval number as 1018-0100. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The information collection solicited: is necessary to gain a benefit in the form of a grant, as determined by the North American Wetlands Conservation Council and the Migratory Bird Conservation Commission; is necessary to determine the eligibility and relative value of wetland projects; results in an approximate paperwork burden of 80 hours per application; and does not carry a premise of confidentiality. The information collections in this program will not be part of a system of records covered by the Privacy Act (5 U.S.C. 552(a)).

Dated: July 1, 1999.

John G. Rogers,

Acting Director, Fish and Wildlife Service.

BILLING CODE 4310-55-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

North American Wetlands Conservation Act: Request for Evaluation Grant Proposals for Year 2000

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of information collection; correction.

SUMMARY: The purpose of this notice is to correct an Office of Management and Budget (OMB) information collections clearance number cited erroneously in a previous **Federal Register** announcement requesting proposals for evaluation grants, as provided for by the North American Wetlands Conservation Act.

FOR FURTHER INFORMATION CONTACT: Dr. Keith A. Morehouse, Small Grants Coordinator, North American Waterfowl and Wetlands Office, 703/358-1784; facsimile 703/358-2282.

SUPPLEMENTARY INFORMATION: On Wednesday, May 26, 1999, the Service published a **Federal Register** notice of request for proposals for the evaluation grants program (64 FR 28504) to be conducted under the authority of

section 19 of the North American Wetlands Conservation Act of 1989, as amended. The evaluation grants program seeks to evaluate the wetland conservation effectiveness of the ongoing Small and Standard Grants programs. The referenced notice signaled the initiation of the new program but cited incorrectly that the OMB clearance number is 1018-0100. The OMB information collections clearance number 1018-0100 is in fact that for the Small and Standard Grants programs, approved on May 26, 1999. The emergency clearance number provided by OMB, on 06/04/99, for information collections under the evaluation grants program, and the one that should have been cited in the request for proposals, is 1018-0104. This emergency approval expires on November 30, 1999. Also, the May 26 notice should have advised that the anticipated paperwork burden for applicants is 8 hours for a preproposal and 40 hours for a proposal.

Dated: June 28, 1999.

Daniel Ashe,

Assistant Director—Refuges and Wildlife, Fish and Wildlife Service.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[ID-065-1220-00]

Notice of Restriction Orders for BLM Lands within the Lower Salmon River Recreation Area from Vinegar Creek to Hammer Creek, Orders No. ID-060-16 and ID-060-17

AGENCY: Bureau of Land Management, Upper Columbia-Salmon Clearwater District, Idaho.

SUMMARY: By order, the following restrictions apply to all public land administered by the Bureau of Land Management within the Lower Salmon River Recreation Area from Vinegar Creek (river mile 112) to Hammer Creek (river mile 53), Idaho County, Idaho.

The following acts are prohibited yearlong:

1. Building, maintaining, or using a fire or campfire.

The following persons are exempt from this order:

A. A person with a burning permit for fires other than campfires, cooking fires, or warming fires;

B. A person using any of the following types of equipment:

1. **FIREPAN, INCLUDING PORTABLE BARBECUE WITH GRILL:** A device

made of fire-resistant material or metal, with raised edges of a height sufficient to contain all ash and residue from a wood or charcoal fire. All ash and wood or charcoal residue must be packed out, including partially consumed briquets.

2. **GAS STOVES:** Pressurized liquid or gas stoves including space heating devices.

3. **PERMANENTLY INSTALLED FIRE RINGS AND GRILLS IN DEVELOPED RECREATION SITES:** For the purposes of this closure, developed recreation sites are Spring Bar, Allison Creek, Shorts Bar, Riggins City Park, Lucile, Slate Creek, Skookumchuck, and Hammer Creek.

4. **ENCLOSED WOOD STOVE:** A fully enclosed stove for burning wood or charcoal. The stove must be enclosed on six sides with 1/4 inch or smaller screening covering the chimney opening. Ash and wood residue must be packed out.

C. A person on public land more than 200 feet from the edge of the Salmon River.

2. Operating non-valid watercraft on the Salmon River between Vinegar Creek (river mile 112) and Hammer Creek (river mile 53). The area between the Lucile Bridge (river mile 76.5) and the Deer Creek Bridge (river mile 53.7) is exempt from this restriction between the dates of April 1 and September 15 each year.

Non-valid watercraft on the Lower Salmon River are those types of equipment that were not traditionally and commonly being used for recreational purposes on this section of the river prior to 1999 when the Recreation Area Management Plan Revision for the Lower Salmon River Recreation Area was approved.

Non-valid Types of Watercraft

Include: Personal water vehicles such as jet skis, air boats, motorized surf boards, wind surf boards, sailboats, hover craft, winged watercraft, any powerboats equipped with an over the transom exhaust system, amphibious craft, mini submarines, powerboats under 12 feet in length and designed to carry a maximum of two passengers, watercraft that must be straddled when ridden by the operator and/or passengers, devices towed behind a powerboat for recreational purposes (such as water skis, kneeboards, and various types of tubes), and devices attached to a fixed point on the bank for purposes of surfing or water skating.

Authorized Float Boats Include:

Sweep boats, pontoons, catarafts, inflatable rafts, rigid hull and inflatable kayaks, canoes, dories, drift boats, and inner tubes. They may be propelled by paddles, oars, motors, or other devices,

but are not capable of upstream travel through rapids.

Authorized Powerboats Include:

Motorized, rigid hull watercraft with water cooled exhaust that are driven by propeller(s) or jet pump(s), are capable of upstream and downstream travel, and usually require trailering to enter and exit the water.

Authorized watercraft on the Lower Salmon River are those types of float boats and powerboats traditionally and commonly being used for recreational purposes on this section of the Lower Salmon River prior to 1999 when the Recreation Area Management Plan Revision for the Lower Salmon River Recreation Area was approved.

The following persons are exempt from this order:

A. Any Federal, State, or local officer or member of an organized rescue or firefighting force in the performance of an official duty.

B. Any person holding a Special Recreation Permit authorizing use of non-valid watercraft during specific times listed on the permit.

The authority for establishing these restrictions is Title 43, Code of Federal Regulations, Sections 8364.1 and 8365.1-6.

Violation of these orders is punishable by a fine not to exceed \$1,000 and/or imprisonment not to exceed one year.

FOR FURTHER INFORMATION CONTACT: Greg Yuncevich, Area Manager, Bureau of Land Management, Cottonwood Field Office, Rt. 3, Box 181, Cottonwood, ID 83522.

Dated: July 1, 1999.

Fritz U. Rennebaum,

District Manager.

BILLING CODE 4310-GG-M

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Bay-Delta Advisory Council's Ecosystem Roundtable Meeting

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of meeting.

SUMMARY: The Bay-Delta Advisory Council's (BDAC) Ecosystem Roundtable Amendment Subcommittee will meet on July 22, 1999, to discuss requested amendments for projects funded under the Restoration Coordination Program. This meeting is open to the public. Interested persons may make oral statements to the

Ecosystem Roundtable or may file written statements for consideration.

DATES: The Bay-Delta Advisory Council's Ecosystem Roundtable meeting will be held from 9:30 a.m. to 12:00 p.m. on Thursday, July 22, 1999.

ADDRESSES: The Ecosystem Roundtable will meet at the Resources Building, Room 1131, 1416 Ninth Street, Sacramento, CA 95814.

FOR FURTHER INFORMATION CONTACT: Wendy Halverson Martin, CALFED Bay-Delta Program, at (916) 657-2666. If reasonable accommodation is needed due to a disability, please contact the Equal Employment Opportunity Office at (916) 653-6952 or TDD (916) 653-6934 at least one week prior to the meeting.

SUPPLEMENTARY INFORMATION: The San Francisco Bay/Sacramento-San Joaquin Delta Estuary (Bay-Delta system) is a critically important part of California's natural environment and economy. In recognition of the serious problems facing the region and the complex resource management decisions that must be made, the state of California and the Federal government are working together to stabilize, protect, restore, and enhance the Bay-Delta system. The State and Federal agencies with management and regulatory responsibilities in the Bay-Delta system are working together as CALFED to provide policy direction and oversight for the process.

One area of Bay-Delta management includes the establishment of a joint State-Federal process to develop long-term solutions to problems in the Bay-Delta system related to fish and wildlife, water supply reliability, natural disasters, and water quality. The intent is to develop a comprehensive and balanced plan which addresses all of the resource problems. This effort, the CALFED Bay-Delta Program (Program), is being carried out under the policy direction of CALFED. The Program is exploring and developing a long-term solution for a cooperative planning process that will determine the most appropriate strategy and actions necessary to improve water quality, restore health to the Bay-Delta ecosystem, provide for a variety of beneficial uses, and minimize Bay-Delta system vulnerability. A group of citizen advisors representing California's agricultural, environmental, urban, business, fishing, and other interests who have a stake in finding long-term solutions for the problems affecting the Bay-Delta system has been chartered under the Federal Advisory Committee Act (FACA). The BDAC provides advice to CALFED on the program mission,

problems to be addressed, and objectives for the Program. BDAC provides a forum to help ensure public participation, and will review reports and other materials prepared by CALFED staff. BDAC has established a subcommittee called the Ecosystem Roundtable to provide input on annual workplans to implement ecosystem restoration projects and programs.

Minutes of the meeting will be maintained by the Program, Suite 1155, 1416 Ninth Street, Sacramento, CA 95814, and will be available for public inspection during regular business hours, Monday through Friday within 30 days following the meeting.

Dated: July 2, 1999.

Kirk Rodgers,

Acting Regional Director, Mid-Pacific Region.

OVERSEAS PRIVATE INVESTMENT CORPORATION

Privacy Act of 1974; Revisions to Systems of Records

AGENCY: Overseas Private Investment Corporation.

ACTION: Notice of thirteen deleted Privacy Act systems of records, eleven revised systems, and nine new systems.

SUMMARY: In accordance with the requirements of the Privacy Act of 1974, as amended (5 U.S.C. 552a), the Overseas Private Investment Corporation (OPIC) has conducted a comprehensive review of the Corporation's Privacy Act systems of records and is publishing the resulting revisions and its twenty systems of records in their entirety. OPIC is deleting from its inventory of systems of records thirteen record systems that are either covered by government-wide or other departmental records systems, or that are obsolete because the information contained in the systems is no longer collected, maintained or retrieved by personal identifier. OPIC also is providing notice of revisions to eleven existing systems of records and establishing nine new systems of records.

OPIC is re-numbering its entire inventory of systems of records as follows:

OPIC-1 was previously Applicants (General). It now becomes Leave Sharing Records.

OPIC-2 was previously Applicants (General Counsel). It now becomes Permanent Duty Relocation Files.
