Southeastern Power Administration, et al.; Electric Rate and Corporate Regulation Filings

July 6, 1999.

Take notice that the following filings have been made with the Commission:

1. Southeastern Power Administration

[Docket No. EF99-3021-000]

Take notice that on July 1, 1999, the Secretary of the Department of Energy confirmed and approved Rate Schedules CBR-1-D, CSI-1-D, CEK-1-D, CM-1-D, CC-1-E, CK-1-D, CTV-1-D, and SJ-1-A for power from Southeastern Power Administration's (Southeastern) Cumberland System of Projects. The approval extends through June 30, 2004.

The Deputy Secretary states that the Commission, by order issued December 14, 1994, in Docket No. EF94-3021-000, and August 11, 1997, in Docket No. EF97-3021, confirmed and approved Rate Schedules CBR-1-C, CSI-1-C, CK-1-C, CC-1-D, CM-1-C, CEK-1-C, CTV-1-C, and SJ-1.

Southeastern proposes in the instant filing to replace these rate schedules.

Comment date: July 27, 1999, in accordance with Standard Paragraph E at the end of this notice.

2. New England Power Company, et al.

[Docket No. EC99-70-000]

Take notice that on July 1, 1999, New England Power Company (NEP) and its affiliates holding jurisdictional assets (Massachusetts Electric Company, The Narragansett Electric Company, New England Electric Transmission Corporation, New England Hydro-Transmission Corporation, New England Hydro-Transmission Electric Company, Inc., and AllEnergy Marketing Company, L.L.C.) (collectively, the NEES Companies), Montaup Electric Company and its affiliates holding jurisdictional assets (Blackstone Valley Electric Company, Eastern Edison Company (Eastern Edison), Newport Electric Corporation) (collectively, the "EUA Companies"), and Research Drive LLC submitted a Supplement to their Application in the above referenced docket. The proceeding in the above-referenced docket seeks the Commission's approval and related authorizations to effectuate the merger involving New England Electric System (NEES), the parent company of the NEES Companies, and Eastern Utilities Associates (EUA), the parent company of the EUA Companies (Merger).

The Supplement explains that currently 100% of the common stock of Montaup is held by Eastern Edison, which in turn is wholly owned by EUA. Independent of and prior to the closing of the Merger, Eastern Edison will transfer all of the common stock of Montaup to EUA so that EUA will become the direct parent of Montaup. The Supplement states that this independent internal corporate restructuring of Montaup's parent companies has no impact on the Merger, but is being filed to make certain that the discussion of Montaup's corporate structure in the original Application remains accurate.

In addition, the Supplement states that to the extent the Commission determines that this internal corporate restructuring of Montaup's parent companies qualifies as a disposition of control of a jurisdictional entity that requires Commission approval under Section 203 of the FPA, the Applicants request such approval.

Finally, the Applicants included for filing copies of the following material that the Applicants request be made part of Exhibit G to the Application: Application of Montaup Electric Company and New England Power Company for Transfer of Licenses and
