

quotas for Atlantic sharks. Specifically, the order states: “ * * * the Court hereby preliminarily, and until further order of the Court, expressly ENJOINS the defendant and his designees from enforcing the 1999 regulations, 64 Fed. Reg. 29090 (May, 28, 1999) with respect to Atlantic shark commercial catch quotas and fish-counting methods (including the counting of dead discards and state commercial landings after federal closures) that are different from the quotas and fish counting methods prescribed by the 1997 Atlantic shark regulations, 62 Fed. Reg. 16648 (April 7, 1997).” Therefore, the LCS quota reverts to its 1997 level of 1,285 metric tons dressed weight (all species of LCS included), with no minimum size on ridgeback LCS, the pelagic and small coastal shark quotas also revert to their 1997 levels, the 1997 prohibited species list now applies in commercial fisheries only (five prohibited species: white, basking, whale, sand tiger and bigeye sand tiger). The limited access provisions do still apply, however, including trip limits for directed and incidental shark permit holders.

Based on projected catch rates, NMFS had previously announced commercial closure dates of July 12, 1999, for non-ridgeback LCS and August 8, 1999, for ridgeback LCS (see Table 1(a) of appendix A to part 635) for the 1999 second semiannual season for LCS in or from the Western North Atlantic Ocean, including the Gulf of Mexico and Caribbean Sea (64 FR 30248, June 7, 1999).

During a closure, retention of, fishing for, possessing or selling LCS are prohibited for persons fishing aboard vessels issued a directed or incidental limited access permit under § 635.4. After 11:30 p.m. local time July 28, 1999, the sale, purchase, trade, or barter of carcasses and/or fins of LCS harvested by a person aboard a vessel that has been issued a permit under § 635.4 are prohibited, except for those that were harvested, offloaded, and sold, traded, or bartered prior to the closure and were held in storage by a dealer or processor.

Commercial fishing for pelagic and small coastal sharks may continue until further notice. When quotas are projected to be reached, the Assistant Administrator will file notification of closure at the Office of the Federal Register. Those vessels that have not been issued a limited access permit under § 635.4 may not sell sharks and are subject to the recreational retention limits and size limits specified at §§ 635.22(c) and 635.20(d). The recreational fishery is not affected by this action.

Classification

This action is taken under 50 CFR part 635 and is exempt from review under E.O. 12866.

Authority: 16 U.S.C. 1801 *et seq.*

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 990304062-9062-01; I.D. 070999B]

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Ocean Perch in the Central Regulatory Area of the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS is prohibiting directed fishing for Pacific ocean perch in the Central Regulatory Area of the Gulf of Alaska (GOA). This action is necessary to prevent exceeding the 1999 total allowable catch (TAC) of Pacific ocean perch in this area.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), July 11, 1999, through 2400 hrs, A.l.t., December 31, 1999.

FOR FURTHER INFORMATION CONTACT: Thomas Pearson, 907-481-1780 or tom.pearson@noaa.gov.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The amount of the 1999 TAC of Pacific ocean perch in the Central Regulatory Area of the Gulf of Alaska was established by the Final 1999 Harvest Specifications of Groundfish for the GOA (64 FR 12094, March 11, 1999) as 6,760 metric tons (mt), determined in accordance with § 679.20(c)(3)(ii).

In accordance with § 679.20(d)(1)(i), the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that the 1999 TAC of Pacific ocean perch has been reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 5,760 mt, and is setting aside the remaining 1,000 mt as bycatch to support other anticipated groundfish fisheries. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for Pacific ocean perch in the Central Regulatory Area.

Maximum retainable bycatch amounts may be found in the regulations at § 679.20(e) and (f).

Classification

This action responds to the best available information recently obtained from the fishery. It must be implemented immediately to prevent overharvesting the 1999 TAC of Pacific ocean perch for the Central Regulatory Area of the GOA. A delay in the effective date is impracticable and contrary to the public interest. Further delay would only result in overharvest. NMFS finds for good cause that the implementation of this action should not be delayed for 30 days. Accordingly, under 5 U.S.C. 553(d), a delay in the effective date is hereby waived.

This action is required by 50 CFR 679.20 and is exempt from review under E.O. 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: July 9, 1999.

Bruce C. Morehead,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

[Docket No. 990304063-9063-01; I.D. 070999A]

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Ocean Perch in the Eastern Aleutian District of the Bering Sea and Aleutian Islands

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS is prohibiting directed fishing for Pacific ocean perch in the Eastern Aleutian District of the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the 1999 total allowable catch (TAC) of Pacific ocean perch in this area.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), July 10, 1999, through 2400 hrs, A.l.t., December 31, 1999.

FOR FURTHER INFORMATION CONTACT: Mary Furuness, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI exclusive economic zone according to the Fishery Management Plan for the Groundfish Fishery of the BSAI (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and CFR part 679.

Table 2 of the Final 1999 Harvest Specifications of Groundfish for the BSAI (64 FR 12103, March 11, 1999) established the 1999 Initial TAC of Pacific ocean perch for the Eastern Aleutian District as 3,173 metric tons (mt). See § 679.20(c)(3)(iii).

In accordance with § 679.20(d)(1)(i), the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that the 1999 TAC of Pacific ocean perch in the Eastern Aleutian District will be reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 2,973 mt, and is setting aside the remaining 200 mt as bycatch to support other anticipated groundfish fisheries. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for Pacific ocean perch in the Eastern Aleutian District of the BSAI.

Maximum retainable bycatch amounts may be found in the regulations at § 679.20(e) and (f).
