

CFR part 150, § 150.33. The primary considerations in the evaluation process are whether the proposed measures may reduce the level of aviation safety, create an undue burden in interstate or foreign commerce, or be reasonably consistent with obtaining the goal of reducing existing noncompatible land uses and preventing the introduction of additional noncompatible land uses.

Interested persons are invited to comment on the purposed program with specific reference to these factors. All comments, other than those properly addressed to local land use authorities, will be considered by the FAA to the extent practicable. Copies of the noise exposure maps, the FAA's evaluation of the maps, and the proposed noise compatibility program are available for examination at the following locations:

Federal Aviation Administration, 800 Independence Avenue, SW., Room 617, Washington, DC 20591
Federal Aviation Administration, Alaskan Region, Airports Division, AAL-600, 222 West 7th Avenue, #14, Anchorage, Alaska 99513
Maryellen Tuttle, Noise Program Manager, Anchorage International Airport, P.O. Box 196960, Anchorage, Alaska 99519-6960.

Questions may be directed to the individual named above under the heading **FOR FURTHER INFORMATION CONTACT**.

Issued in Anchorage, Alaska on July 9, 1999.

Ronnie V. Simpson,

Manager, Airports Division, AAL-600, Alaskan Region.

the land use measures. The FAA will be accepting comments on the document on or before August 16, 1999.

POINT OF CONTACT: Mr. George M. Bebbie, Environmental Specialist, AGL-520.E, FAA Great Lakes Region, Air Traffic Division, 2300 East Devon Avenue, Des Plaines, IL 60018, Telephone (847) 294-7832.

SUPPLEMENTARY INFORMATION: A Final Supplemental Environmental Impact Statement (FSEIS) will be available for public review at the following locations.

- (1) Federal Aviation Administration, Air Traffic Division Office, 2300 East Devon Avenue, Des Plaines, IL 60018,
- (2) Indianapolis Airport Authority, South High School Road, Indianapolis International Airport, Indianapolis, IN,
- (3) Decatur Township Branch Library, 5301 Kentucky Avenue, Indianapolis, IN 46241,
- (4) Marion County Public Library, 40 East St. Clair, Indianapolis, IN 46204,
- (5) Mooresville Public Library, 220 W. Harrison Street, Mooresville, In 46158,
- (6) Plainfield Public Library, 1120 Stafford Road, Plainfield, In 46208,
- (7) Wayne Township Branch Library, 198 South Girls School Road, Indianapolis, IN 46214.

Written comments may be addressed to Mr. George M. Bebbie, Environmental Specialist, AGL-520.E, FAA Great Lakes Region, Air Traffic Division, 2300 East Devon Avenue, Des Plaines, IL 60018.

Issued in Des Plaines, Ill., at the above address on July 8, 1999.

David B. Johnson,

Assistant Manager, Air Traffic Division.

RTCA Special Committee 172, Future Air-Ground Communications in the VHF Aeronautical Data Band (118-137 MHz)

Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463, 5 U.S.C., Appendix 2), notice is hereby given for Special Committee 172 meeting to be held August 10-13, 1999, starting at 9 a.m. The meeting will be held at RTCA, 1140 Connecticut Avenue, NW., Suite 1020, Washington, DC 20036.

The agenda will be as follows:
Tuesday, August 10:

(1) Plenary Convened at 9 a.m. for 30 minutes: (2) Introductory Remarks; (3) Review and Approval of the Agenda. (9:30 a.m.) (4) Working Group (WG)-2, VHF Data Radio Signal-in-Space Minimum Aviation System Performance Standards, continue work on VDL Mode 3. Wednesday, August 11: (a.m.) (5) WG-2 continues work on VDL Mode 3; (p.m.) (6) WG-3, Review of VHF Digital Radio Minimum Operational Performance Standards Document progress and furtherance of work. Thursday, August 12: Plenary Reconvenes at 9 a.m.: (7) Review Summary Minutes of Previous Plenary of SC-172; (8) Reports from WG-2 and WG-3 on Activities; (9) Report on ICAO Aeronautical Mobile Communications

Availability of Final Supplemental Environmental Impact Statement

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of Availability of Final Supplemental Environmental Impact Statement.

SUMMARY: The Federal Aviation Administration (FAA) is issuing this notice to advise the public of the availability of the Final Supplemental Environmental Impact Statement (FSEIS) for Indianapolis International Airport. This FSEIS concerns the environmental impact of implementing the Air Traffic Noise Abatement Measures described within the FSEIS and the federal funding associated with

RTCA Joint RTCA Special Committee 181/Eurocae Working Group 13, Standards of Navigation Performance

Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463, 5 U.S.C., Appendix 2), notice is hereby given for a joint Special Committee 181/EUROCAE Working Group 13 meeting to be held July 26-30, 1999, starting at 9 a.m. The meeting will be held at the Transport Canada Place de Ville, Tower C, 330 Sparks Street, Ottawa, Ontario K1A 0N8, Canada. The host, Mr. Jim Gregory, may be reached at (613) 991-9923 (phone), (613) 998-7416 (fax).

The agenda will be as follows:
Monday, July 26-Tuesday, July 27, 9 a.m.-5 p.m. (1) Working Groups 1 and

Panel 6; (10) EUROCAE WG-47 Report and discuss schedule for further work with WG-3; (11) Review Issues List and Address Future Work; (12) Other Business; (13) Dates and Places of Future Meetings; (p.m.) (14) WG-3 continues. Friday, August 13: (15) Working Group's Continue as Required.

Attendance is open to the interested public but limited to space availability. With the approval of the chairman, members of the public may present oral statements at the meeting. Persons wishing to present statements or obtain information should contact the RTCA Secretariat, 1140 Connecticut Avenue, NW., Suite 1020, Washington, DC 20036; (202) 833-9339 (phone); (202) 833-9434 (fax); or <http://www.rtca.org> (web site). Members of the public may present a written statement to the committee at any time.

Issued in Washington, DC, on July 9, 1999.

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Environmental Impact Statement: District of Columbia, Prince George's County, Maryland and City of Alexandria and Fairfax County, VA

AGENCY: Federal Highway
Administration (FHWA), DOT.

ACTION: Notice of intent.

SUMMARY: The FHWA is issuing this notice to advise the public that a supplement to a final environmental impact statement will be prepared for a proposed bridge project in the District of Columbia, Prince George's County, Maryland and the City of Alexandria and Fairfax County, Virginia.

FOR FURTHER INFORMATION CONTACT: Mr. John Gerner, Project Manager, Woodrow Wilson Bridge Center, 1800 Duke Street, Suite 200, Alexandria, Virginia 22314, Telephone: (703) 519-9800.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the District of Columbia Department of Public Works, Virginia Department of Transportation, and Maryland State Highway Administration, will prepare a supplement to the final environmental impact statement (FEIS) for a proposal to enhance mobility while addressing community and environmental concerns along I-95/I-495 (Capital Beltway) from west of Telegraph Road to east of MD 210 in the vicinity of the Woodrow Wilson Bridge. The original FEIS for the improvements (FHWA-MD-VA-DC-EIS-91-01-F) was approved on September 2, 1997 and a Record of Decision (ROD) was issued on November 25, 1997. The proposed improvements documented in that FEIS provide for replacing the existing bridge with a new bridge crossing consisting of two new parallel drawbridges, one for eastbound traffic and the other for westbound traffic, constructed approximately thirty feet south of and twenty feet higher than the existing bridge. Each span would have five

general purpose traffic lanes (separated into two express and three local lanes), and one lane reserved for future use by public transit or high occupancy vehicle use. Thus, the new bridge would have a total ten general purpose traffic lanes and two lanes reserved for limited future use. Four interchanges adjacent to the bridge, two in Maryland and two in Virginia, will also be reconstructed to provide for roadway widening associated with the larger bridge, smoother traffic flow, and improved access to the bridge.

The location and preliminary design of the project have been approved. However, a U.S. District Court ruling, *City of Alexandria v. Slater*, 1999 U.S. DIST. LEXIS 5254 (D. DC April 14, 1999), found that the FEIS was inadequate because a ten lane alternative had not been fully considered, the presentation of construction impacts associated with the project was not detailed enough, and the impact on cultural resources in yet to be selected mitigation sites and possible sites in the construction area were not described (on the last point, the Court also found that the National Historic Preservation Act had been violated). The Federal Government is appealing the Court's decision. The Federal Government is not appealing other portions of the decision dealing with the Clean Air Act.

Although the Federal Highway Administration is appealing this decision, in recognition of the need for timely action on this bridge replacement project, the Federal Highway Administration has decided to begin processing a supplemental environmental impact statement (SEIS) to address the issues raised by the Court and to present information on changes to the project which were not evaluated in the FEIS, even while the appeal of the Court decision is pending. In addition, and since the publication of the FEIS in 1997, the development of the final design has led to a number of changes in the project, resulting in some changes in the boundaries of the project, the configuration of the interchanges, the amount of dredging in the Potomac River, and other relatively limited changes. These changes are best addressed in an SEIS, irrespective of the District Court decision.

This "Alternatives SEIS" is being undertaken to: (1) Do preliminary engineering and design work necessary to develop 10 lane alternative designs, (2) consider these 10 lane alternatives along with the current 12 lane design, (3) address construction impacts and effects upon cultural resources and historic sites in the area, and (4) address
