

for the purposes of 40 CFR 61.05. This information is being collected to assure compliance with 40 CFR part 61, subpart N. The EPA is charged under section 112 of the Clean Air Act, as amended, to establish standards of performance for each category or subcategory of major sources and area sources of hazardous air pollutants. These standards are applicable to new or existing sources of hazardous air pollutants and shall require the maximum degree of emission reduction. Owners or operators of the affected facilities described are subject to the recordkeeping and reporting requirements in the NESHAP general provisions and the requirements of 40 CFR part 61, subpart N. The regulation requires initial notifications including construction, modifications, CMS demonstration, and performance testing. Owners or operators are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. Monitoring requirements specific to NESHAP subpart N, National Emission Standard for Inorganic Arsenic Emissions from Glass Manufacturing Plants provide information on the operation of the missions control device and compliance with the emission limit. Records and reports of approved control device bypass are required. Arsenic emission estimates and semiannual reports of uncontrolled Arsenic emission rates are required. These notifications, reports, and records are essential in determining compliance. All requirements are mandatory under 40 CFR part 61, subpart N. Any owner or operator subject to the provisions of this part shall maintain a file of these measurements, and retain the file for at least 2 years following the date of such measurements, reports, and records.

Approximately 47 sources are currently subject to the standard. There continues to be on growth in this industry, and it is estimated that no new sources will become subject to the standard in the next three years. All reports are sent to the delegated State or Local authority. In the event that there is no such delegated authority, the reports are sent directly to the EPA Regional Office.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Chapter 15. The **Federal Register** document required under 5 CFR 1320.8(d),

soliciting comments on this collection of information was published on 01/05/99 (64 FR 499); no comments were received.

**Burden Statement:** The annual public reporting and recordkeeping burden for this collection of information is estimated to average 157 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintain information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

**Respondents/Affected Entities:** Owners and Operators of Glass Manufacturing Plants.

**Estimated Number of Respondents:** 47.

**Frequency of Response:** Initial and semiannual.

**Estimate Total Annual Hour Burden:** 6,769 hours.

**Estimated Total Annualized Capital, O&M Cost Burden:** \$164,500.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the following addresses. Please refer to EPA ICR No. 1081.06 and OMB Control No. 2060-0043 in any correspondence.

Ms. Sandy Farmer, U.S. Environmental Protection Agency, Office of Policy, Regulatory Information Division (2137), 401 M Street, SW, Washington, DC 20460;

and

Office of Information and Regulatory Affairs, Office of Management and Budget, Attention: Desk Officer for EPA, 725 17th Street, NW, Washington, DC 20503.

Dated: July 14, 1999.

### Sun Laboratories Superfund Site/ Atlanta, Georgia; Notice of Proposed Settlement

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice of proposed settlement.

**SUMMARY:** Under section 122(h)(1) of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), the Environmental Protection Agency (EPA) has proposed to settle claims for response costs at the Sun Laboratories Site (Site) located in Atlanta, Georgia, with Nasaro Incorporated. EPA will consider public comments on the proposed settlement for thirty days. EPA may withdraw from or modify the proposed settlement should such comments disclose facts or considerations which indicate the proposed settlement is inappropriate, improper, or inadequate. Copies of the proposed settlement are available from: Ms. Paula V. Batchelor, U.S. Environmental Protection Agency, Region IV, Program Services Branch, Waste Management Division, 61 Forsyth Street, S.W., Atlanta, Georgia 30303, (404) 562-8887.

Written comment may be submitted to Mr. Greg Armstrong at the above address within 30 days of the date of publication.

Dated: July 6, 1999.

**Franklin E. Hill,**

*Chief, Program Services Branch.*

## ENVIRONMENTAL PROTECTION AGENCY

[FRL-6400-7]

### Proposed Cost Recovery Settlement Under Section 122(h)(1) of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA), as Amended, 42 U.S.C. 9622(h)(1), Williams Gas Pipelines Central, Inc. Compressor Station Sites

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of proposed cost recovery settlement under section 122(h)(1) of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA), as amended, 42 U.S.C. 9622(h)(1), Williams Gas Pipelines Central, Inc.

Compressor Station Sites, Americus, Corwin, Grabham, Matfield Green, Stafford, Tonganoxie and Welda, Kansas and Peculiar and Pierce City, Missouri.

**SUMMARY:** The United States Environmental Protection Agency (EPA) is proposing to enter into a cost recovery administrative settlement to resolve claims under the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA), as amended, 42 U.S.C. 9622(h)(1). This settlement is intended to resolve the liability of Williams Gas Pipelines Central, Inc. (WGPC) for response costs incurred by the EPA in connection with removal actions conducted by WGPC at nine compressor stations located in Kansas and Missouri. The compressor stations addressed in the proposed settlement are (1) Americus Compressor Station, Americus, Lyon County, Kansas; (2) Corwin Compressor Station, Corwin, Harper County, Kansas; (3) Grabham Compressor Station, Grabham, Montgomery County, Kansas; (4) Matfield Green Compressor Station, Matfield Green, Chase County, Kansas; (5) Peculiar Compressor Station, Peculiar, Cass County, Missouri; (6) Pierce City Compressor Station, Lawrence County, Missouri; (7) Stafford Compressor Station, Stafford, Stafford County, Kansas; (8) Tonganoxie Compressor Station, Tonganoxie, Leavenworth County, Kansas; and (9) Welda Compressor Station, Welda, Anderson County, Kansas. The proposed settlement agreement was signed by the Environmental Protection Agency (EPA) on May 20, 1999. Because EPA's total response costs did not exceed \$500,000, the Attorney General's concurrence is not required for this settlement.

**DATES:** Written comments must be provided on or before August 19, 1999.

**ADDRESSES:** Comments should be addressed to Daniel J. Shiel, Office of Regional Counsel, United States Environmental Protection Agency, Region VII, 726 Minnesota Avenue, Kansas City, Kansas 66101 and should refer to: *In the matter of Williams Gas Pipeline Central, Inc. Compressor Station Sites*, EPA Docket Nos. CERCLA-7-99-0018, CERCLA-7-99-0019, CERCLA-7-0020, CERCLA-7-99-0021, CERCLA-7-99-0022, CERCLA-7-99-0023, CERCLA-7-99-0024, CERCLA-7-99-0025, and CERCLA-7-99-0026.

The proposed administrative settlement may be examined in person at the United States Environmental Protection Agency, Region VII, 726 Minnesota Avenue, Kansas City, Kansas 66101. To request a copy by mail please

refer to the matter name and the docket numbers set forth above and enclose a check in the amount of \$3.50 (25 cents per page for reproduction costs), payable to the United States Environmental Protection Agency.

**SUPPLEMENTARY INFORMATION:** The proposed administrative settlement concerns the nine compressor station sites listed above. Williams Gas Pipelines Central, Inc., formerly Williams Natural Gas Company, conducted removal actions at each of these sites pursuant to CERCLA section 160 administrative consent orders issued by EPA Region VII. Each of these consent orders required WGPC to reimburse EPA's oversight costs beginning on the effective date of each consent order, respectively. WGPC has reimbursed EPA's oversight costs as provided in the orders. However, in connection with each of the above WGPC Compressor Stations, EPA incurred response costs prior to the effective date of the consent order which have not been reimbursed by WGPC. EPA's unreimbursed response costs for the each of these WGPC Compressor Station Sites is as follows: (1) Americus Compressor Station, Site/Spill ID number 07GR, \$39,537.27; (2) Corwin Compressor Station, Site/Spill ID number 07GZ, \$4,006.24; (3) Grabham Compressor Station, Site/Spill ID number 07GT, \$9,126.45; (4) Matfield Green Compressor Station Site/Spill ID number 07GP, \$14,383.28; (5) Peculiar Compressor Station Site/Spill ID number 07TD, \$1,670.60; (6) Pierce City Compressor Station Site/Spill ID number 07NT, \$2,375.44; (7) Stafford Compressor Station Site/Spill ID number 07GQ, \$19,168.57; (8) Tonganoxie Compressor Station Site/Spill ID number 07GS, \$15,529.07; and (9) Welda Compressor Station Site/Spill ID number 07NW, \$1,039.15. The total of these unreimbursed site costs is \$106,836.07.

In the proposed settlement agreement, WGPC has agreed to reimburse EPA for \$106,836.07, which is the full amount of these costs.

Dated: June 9, 1999.

**U. Gale Hutton,**

*Acting Regional Administrator, Region 7.*

## FEDERAL COMMUNICATIONS COMMISSION

### Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission for Extension Under Delegated Authority, Comments Requested

July 14 1999.

**SUMMARY:** The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

**DATES:** Written comments should be submitted on or before September 20, 1999. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

**ADDRESSES:** Direct all comments to Les Smith, Federal Communications Commissions, Room 1 A-804, 445 Twelfth Street, S.W., Washington, DC 20554 or via the Internet to lesmith@fcc.gov.

**FOR FURTHER INFORMATION CONTACT:** For additional information or copies of the information collections contact Les Smith at (202) 418-0217 or via the Internet at lesmith@fcc.gov.

#### SUPPLEMENTARY INFORMATION:

*OMB Approval Number:* 3060-0311.

*Title:* Section 76.54 Significantly viewed signals; method for special showing.

*Form Number:* None.
