

Conclusion

After careful review of the additional facts obtained on reopening, I conclude that increased imports of articles like or directly competitive with liner board contributed importantly to the declines in sales or production and to the total or partial separation of workers of International Paper Company, Containerboard Division, Gardiner, Oregon. In accordance with the provisions of the Act, I make the following certification:

"All workers of International Paper Corporation, Containerboard Division, Gardiner, Oregon who became totally or partially separated from employment on or after November 23, 1997 through two years from the date of this certification are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974."

Signed in Washington, DC, this 8th day of July, 1999.

Grant D. Beale,

Program Manager, Office of Trade Adjustment Assistance.
