BILLING CODE 6210-01-F

GENERAL SERVICES ADMINISTRATION

Public Buildings Service; Region 10

Notice of Intent To Prepare an Environmental Impact Statement

AGENCY: General Service Administration (GSA).

ACTION: The U.S. General Service Administration (GSA) hereby gives notice that it intends to prepare an Environmental Impact Statement (EIS) pursuant to the requirements of the National Environmental Policy Act (NEPA) of 1969, and the President's Council on Environmental Quality Regulations (40 CFR parts 1500-1508), for the construction of a new Port of Entry facility at Peace Arch in Blaine, Whatcom County, Washington.

PROCEDURES: This project is at the feasibility stage and has not been approved by Congress. The scoping meeting is being held at this time to ensure that all significant environmental issues are identified and thoroughly studied as part of the environmental analysis. When the prospectus for the project is submitted to Congress for approval and funding, it will take into consideration these significant issues. When the project is approved by Congress, the EIS will be prepared based upon the scoping report. The EIS will evaluate the proposed project, including all reasonable alternatives identified through the scoping process and a no-action alternative. Scoping will be accomplished through direct mailing correspondence to interested persons, agencies, and organizations and through a Public Scoping Meeting. The public

scoping meeting will be held on August 11th, 1999 at the Peace Arch State Park, Kitchen Shelter meeting room, Blaine, WA, (tel. 360-332-8221) at 6:30 p.m. following an open house beginning at 6:00 p.m. GSA will publish a public notice of the meeting in Blaine newspapers approximately two weeks prior to the events.

Public meetings will be held after the release of the Draft Environmental Impact Statement and GSA will respond to all relevant comments received during the 45-day public comment period in the Final Environmental Impact Statement. After a minimum 30-day period following publication of the Final Environmental Impact Statement GSA will issue a Record of Decision that will identify the alternative selected.

SUPPLEMENTARY INFORMATION: GSA, assisted by Herrera Environmental Consultants, will prepare the Environmental Impact Statement to acquire land, design, and construct a new Peace Arch Port of Entry Facility. GSA will serve as the lead agency and scoping will be conducted consistent with NEPA regulations and guidelines. GSA invites interested individuals, organizations, and federal, state, and local agencies to participate in defining and identifying any significant impacts and issues to be studied in the EIS, including social, economic, or environmental concerns. Scoping will be limited to identifying significant issues to be analyzed in the environmental document and commenting on alternatives and the merit of the proposal.

Project Purpose, Historical Background, and Description

The US Customs, Immigration and Naturalization Service, and Dept. of Agriculture are currently located in the existing Peace Arch Port of Entry facility. The existing facility does not currently meet the tenant agencies space requirement due to the present configuration of the site. The existing facility cannot be adapted to accommodate the required space needs of the agency tenants.

Alternatives

The EIS will examine the short- and long-term impacts on the natural and physical environment. The impact assessment will include but not be limited to impacts such as social environment, changes in land use, aesthetics, changes in traffic and parking patterns, economic impacts, and consideration of city planning and zoning requirements.

The EIS will examine measures to mitigate significant adverse impacts

resulting from the proposed action. Concurrent with NEPA implementation, GSA will also implement its consultation responsibilities under section 106 of the National Historical Preservation Act to identify potential impacts to existing historic or cultural resources.

The EIS will consider a no-action alternative and action alternatives. The no-action alternative would continue the occupancy in the existing Peace Arch Port of Entry facility in Blaine. The action alternatives will consist of three different configurations for construction of a new port of entry facility.

ADDRESSES: In addition to the public scoping process, you may send written comments on the scope of alternatives and potential impacts to the following address: Michael D. Levine, Regional Environmental Program Manager, 10PCB, General Service Administration, 400 15th Street SW, Auburn, WA, 98001, or fax: Michael D. Levine at 253-931-7308, or e-mail at Michael.Levine@GSA.GOV. Written comments should be received no later than September 10, 1999.

FOR FURTHER INFORMATION CONTACT:

Peter Sparhawk at Herrera Environmental Consultants, 2200 Sixth Ave., Suite 601, Seattle, Washington, 98121 or call 206-441-9080; or Michael D. Levine, GSA (253) 931-7263.

MAILING LIST: If you wish to be placed on the project mailing list to receive further information at the EIS process develops, contact Peter Sparhawk at the address noted above.

Dated: July 13, 1999.

William Dubray,

Executive Director.

Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the

proposed projects or to obtain a copy of the data collection plans and instruments, call the CDC Reports Clearance Officer on (404) 639-7090.

Comments are Invited on

(a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques for other forms of information technology. Send comments to Seleda Perryman, CDC Assistant Reports Clearance Officer, 1600 Clifton Road, MS-D24, Atlanta, GA 30333. Written comments

should be received within 60 days of this notice.

1. Proposed Project

Psychometric Study of the Youth Risk Behavior Survey (YRBS)—New—The National Center for Chronic Disease and Health Promotion, Division of Adolescent and School Health. The purpose of this study (1) the test-retest reliability of the questions contained on the YRBS questionnaire and (2) the validity of selected YRBS items. The YRBS is a biennial survey administered to students attending public and private schools in grades 9-12 nationwide. The questionnaire measures priority health risk behaviors related to the major preventable causes of mortality, morbidity, and social problems among both youth and adults in the U.S. OMB clearance to conduct the national YRBS will expire in January, 2000 (OMB No. 0920-0258, expiration 1/00). Data on the health risk of adolescents is the focus of at least 26 national health

objectives in Healthy People 2000: Midcourse Review and 1995 Revisions. The YRBS is providing end-of-decade data to help measure these objectives as well as baseline data to measure many new national health objectives for 2010. A study of the test-retest reliability of the original YRBS questionnaire was conducted several years ago. In 1997-1998 an extensive review of the YRBS was undertaken and then a modified YRBS questionnaire was fielded nationally in 1999. This psychometric study will provide data on the test-retest reliability of the new modified questionnaire and provide data on the validity of selected questions (such as self-reported height and weight). The results will be used to improve the widely-used YRBS questionnaire. The total estimated cost to respondents is \$43,048 assuming a minimum wage of \$5.25 per hour for students and \$34.00 per hour for administrators during the 1999-2000 school year.

Respondents	No. of respondents	No. of responses/respondent	Avg. burden per response (in hrs.)	Total burden (in hrs.)
students—time 1 survey	5,280	1	0.75	3,960
students—height and weight measurement	5,280	1	0.05	264
students—time 2 survey	4,800	1	0.75	3,600
school administrators	116	1	0.50	58

Dated: July 21, 1999.

Nancy Cheal,

Acting Associate Director for Policy, Planning and Evaluation, Centers for Disease Control and Prevention (CDC).

Advisory Committee to the Director, National Center for Environmental Health (NCEH): Teleconference

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention (CDC) announces the following teleconference.

Name: Advisory Committee to the Director, NCEH.

Time and Date: 10:30 a.m.-11:30 a.m. (EST), August 12, 1999.

Place: The teleconference will originate at the Centers for Disease Control and Prevention in Atlanta, Georgia. Please see "Supplementary

Information" for details on accessing the teleconference.

Status: Open to the public, teleconference access limited only by availability of telephone ports.

Purpose: The Secretary, the Assistant Secretary for Health, and by delegation, the Director, Centers for Disease Control and Prevention, are authorized under Section 301 (42 U.S.C. 241) and Section 311 (42 U.S.C. 243) of the Public Health Service Act, as amended, to (1) conduct, encourage, cooperate with, and assist other appropriate public authorities, scientific institutions, and scientists in the conduct of research, investigations, experiments, demonstrations, and studies relating to the causes, diagnosis, treatment, control, and prevention of physical and mental diseases, and other impairments; (2) assist States and their political subdivisions in the prevention of infectious diseases and other preventable conditions, and in the promotion of health and well being; and (3) train State and local personnel in health work.

Matters to be Discussed: The teleconference will consist of discussing the agenda for the November 22-23, 1999, Advisory Committee Meeting.

Agenda items will include communication, research agenda, update on bioterrorism, and committee issues (i.e., Charter, increasing membership, subcommittees, etc.)

SUPPLEMENTARY INFORMATION: This teleconference is scheduled to begin at 10:30 am (EST). To participate in the teleconference, please dial 1-800-311-3437 and enter code 116484. You will then be automatically connected to the call.

CONTACT PERSON FOR MORE INFORMATION: Marilyn R. DiSirio, Designated Federal Official, CDC, 4770 Buford Highway, NE, M/S F-29, Atlanta, Georgia 30341-3724, telephone 770/488-7020, fax 770/488-7024, e-mail: mrd2@cdc.gov.

The Director, Management Analysis and Services Office has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities for both the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry.
