FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Submitted to OMB for Review and Approval

July 23, 1999.

An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written comments should be submitted on or before August 30, 1999. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0854.

Title: Truth-in-Billing Format—CC Docket No. 98-170.

Form Number: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit.

Number of Respondents: 3,099.

Estimated Time Per Response: 1 to 80 hours.

Frequency of Response: On occasion reporting requirement, third party disclosure requirement.

Total Annual Burden: 194,388 hours.

Total Annual Cost: \$1,800,000-\$9,000,000.

Needs and Uses: This is a resubmission of the information collection requirements contained in CC Docket 98-170, Truth-in-Billing and Billing Format Order. On July 2, 1999, the Office of Management and Budget (OMB) disapproved both the collection itself and the Commission's request for emergency approval. The Commission has addressed the concerns expressed by OMB in a separate cover letter accompanying the request for OMB approval.

Increasingly, consumers are concerned about telephone bills that do not provide sufficient information in a user-friendly format to enable them to understand the services being provided and the charges assessed, and to identify the entities providing those services. Lack of clarity in telephone bills has been a significant contributing factor in the growth of telecommunications-related fraud such as slamming (unauthorized changes in a consumer's telecommunications carrier) and cramming (unauthorized charges appearing on a consumer's telephone bill).

In the attached First Report and Order (Order), the Commission is effecting the following collections of information to ensure that telephone bills contain the information necessary for consumers to determine the validity of charges assessed on the bills and to combat telecommunications fraud. They are as follows: (a) Clear identification of service providers; (b) separation of charges by service provider and highlighting new service provider information; (c) full and non-misleading billed charges; and (d) clear and conspicuous disclosure of inquiry contacts.

The information will be used by consumers to help them understand their telephone bills.

Consumers need this information to protect themselves against fraud and to resolve billing disputes on their own.

Federal Communications Commission.

Deputy Secretary.
