

ordinance, that is consistent with the provisions specified in the easement required in 2.b. above.

b. Agree to declare and report any violations of this ordinance to FEMA so that under § 1316 of the National Flood Insurance Act of 1968, as amended, it can deny flood insurance to the building; and

c. Agree to maintain as deed-restricted, for purposes compatible with open space or agricultural or recreational use only, any affected property the community acquires an interest in. These deed restrictions must be consistent with the provisions of 2.b. above except that even if a certified project protects the property, the land use restrictions continue to apply if the property was acquired under the Hazard Mitigation Grant Program or the Flood Mitigation Assistance Program. If a non-profit land trust organization receives the property as a donation, that organization must maintain the property as deed-restricted, consistent with the provisions of 2.b. above.

6. Prior to the approval of your claim, the affected State must take all action set forth in FEMA's "Policy Guidance for Closed Basin Lakes."

7. You must have NFIP flood insurance coverage continuously in effect from a date established by FEMA until you file a claim under this endorsement. If a subsequent owner buys NFIP insurance that goes into effect within 60 days of the date of transfer of title, any gap in coverage during that 60-day period will not be a violation of this continuous coverage requirement.

8. This endorsement will be in effect for a community when the FEMA

Regional Director for the affected region gives the community, in writing, the following:

a. Confirmation that the community and the State are in compliance with the conditions in numbers 5 and 6 above, and

b. The date by which you must have flood insurance in effect.
